

Changes in Board Policy

2615

So that the Board may assure fair opportunities to be heard and may have the recommendations of its professional advisors, a request for a change in existing policy, for formulation of a new policy, or for a Board action of import must be presented in writing to the Chancellor sufficiently in advance of the time it is to be considered by the Board so that adequate time will be available for study.

The Chancellor will then institute a study of the request in a manner usual for the study of all questions of policy of proposed substantive action. Following this study, the Chancellor will place the matter on the agenda of a regularly scheduled meeting of the Board, at which time the organization making the original suggestion may present its views and the Chancellor will make a recommendation to the Board.
