

**De Anza College's Sexual Assault, including Rape,
Educational Program(s)**

AP 4630C

-
- I. With prevention as the main emphasis, De Anza College will develop and implement a variety of programs designed to educate the college community about sexual assault including rape. These programs will inform, promote discussion and encourage reporting. Programs will be made available utilizing the following methods: classroom presentations, workshops, seminars, campaigns, plays, skits and written materials. These programs will include:
 - A. the seriousness of the offenses of rape and other types of sexual assault;
 - B. factual information regarding the prevalence of stranger and acquaintance rape, how and where it occurs, its impact, and the relationship of alcohol and drug use to sexual assault
 - C. prevention techniques; and
 - D. referral sources on- and off-campus.

 - II. The materials to be purchased and/or developed will be culturally sensitive and will be distributed throughout campus, including: Campus Center activities, classrooms, displays, student newspaper, college television station, and special events and workshops. These materials will include: flyers, pamphlets, bookmarks, audio visuals, posters, etc. These materials on rape and other types of sexual assault will be made available to the campus community through Campus Security, Counseling Department, Health Services, Information Booth, and Student Activities. These materials will be made available for all new student orientations and for any college program our students are required to attend.

 - III. Special seminars/workshops will be given for the following groups:
 - A. All athletic coaches and administrators,
 - B. All athletic teams,
 - C. All officers or representatives of recognized student organizations and their advisors.

 - IV. Annual seminars/workshops will be given to the following:
 - A. Student Services staff,
 - B. Student Activities staff,
 - C. Campus Security staff.

 - V. An annual report of all of the college's activities including the number of on-campus sexual assaults and where they occur will be given to the College President.
