

Contacting Students

5055

Students will not be contacted in classes or the library except in cases of emergencies* and then only by a member of the College Safety/Security Office or an administrator.

- * Emergencies are defined as disaster situation (injury of a parent, child) or some other compelling situation which, in the judgment of a counselor or administrator, merits contacting a student. College Safety/Security Office shall initiate contacts with students in classes in a manner consistent with Education Code 76243.

California Education Code 76243

Approved 4/6/64
