

Disabled Students/Special Education Program

5075

The Board of Trustees supports the provision of specialized services and/or educational programs for students with disabilities enrolled at Foothill or De Anza College, who, because of a verified disability, cannot fully benefit from programs, activities, and services without additional specialized assistance.

Specialized services and/or educational programs for students with disabilities shall be provided through the Special Education programs at each college. Participation in these programs is strictly voluntary and shall not preclude the student from participating in mainstream programs, activities or services.

The Special Education Program shall be available to students who meet the eligibility criteria pursuant to Title 5 Regulations, Sections 56000-56076 et. seq. These special services and/or educational programs shall be administered pursuant to Education Code 66701; 67310-12 and 84850.
