

Academic Accommodations for Students with Disabilities

5077

In accordance with State and Federal law and 5 California Code of Regulations, Section 56027, the academic rules, policies and practices of the Foothill De-Anza Community College District may be modified as necessary in order to ensure that they do not discriminate, or have the effect of discriminating on the basis of handicap, against qualified students or persons with disabilities. Students with disabilities have the right to receive reasonable academic accommodations involving academic adjustments in order to create an educational environment where they have equal access to instruction and programs without altering the fundamental nature of any course, educational program or degree.

Each college has established procedures for requesting reasonable accommodations, procedures for resolving disputes, and has adopted policies and procedures governing the granting of substitutions and/or waivers of course requirements as described in Administrative Procedures AP 5077. Any suspension/termination of services shall proceed as described in the Administrative Procedures 5076.
