

In keeping with the role of De Anza and Foothill Colleges as market places of ideas which contribute to the factual information of the student and the development of his/her critical thinking and his/her taste for good literature, the Board approves the student bookstore sale of books which contain representative viewpoints, even if controversial, so long as these books do not violate accepted standards of decency.

Merchandise in the student store will be restricted generally to books, educational material and supplies desired by students, computer equipment and software, and novelty items which are related to the College.

See Board Policy 6140
