Installing Java On Internet Explorer

Click the **Close** button after the Java upgrade has been completed

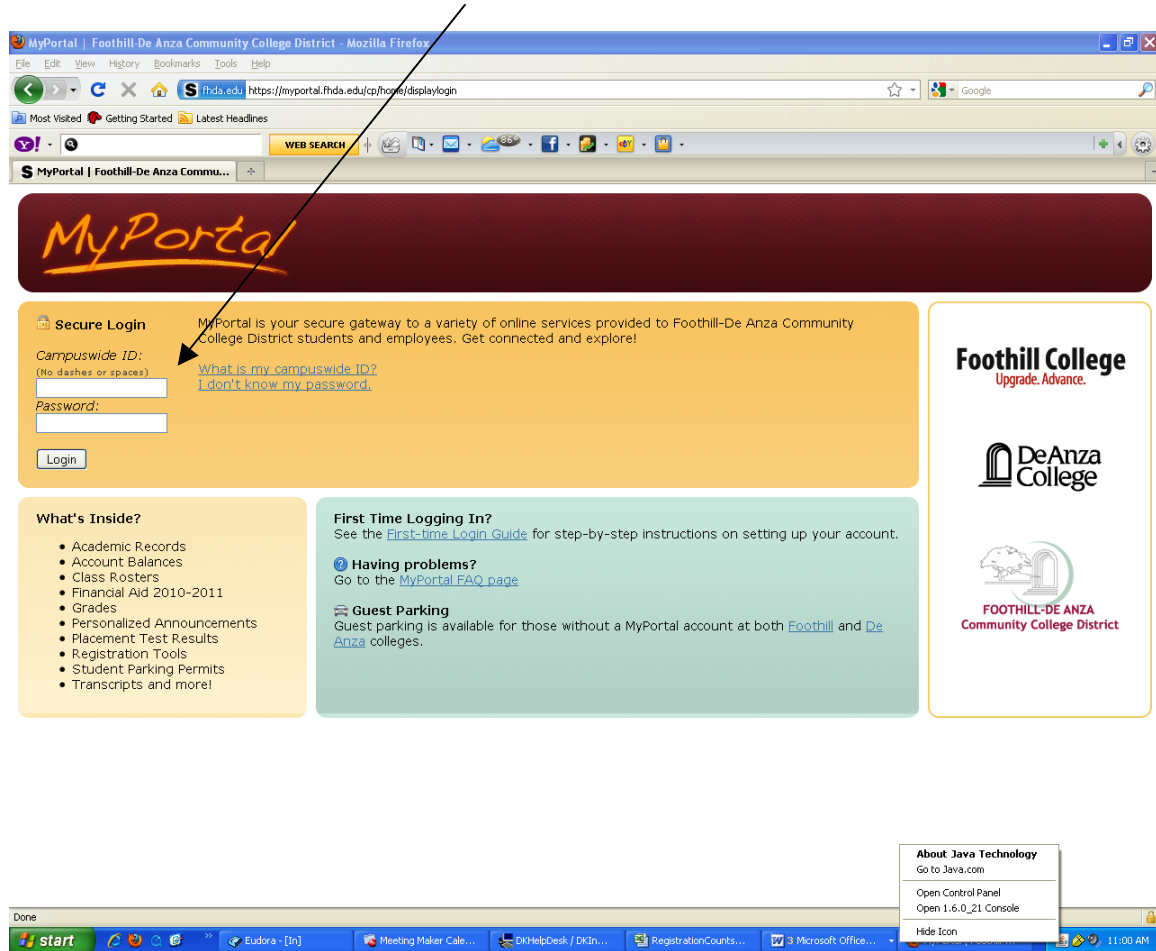

Installing Java On Internet Explorer

After you have successfully installed the Java upgrade, do the following

- Close web browser
- Restart the web browser

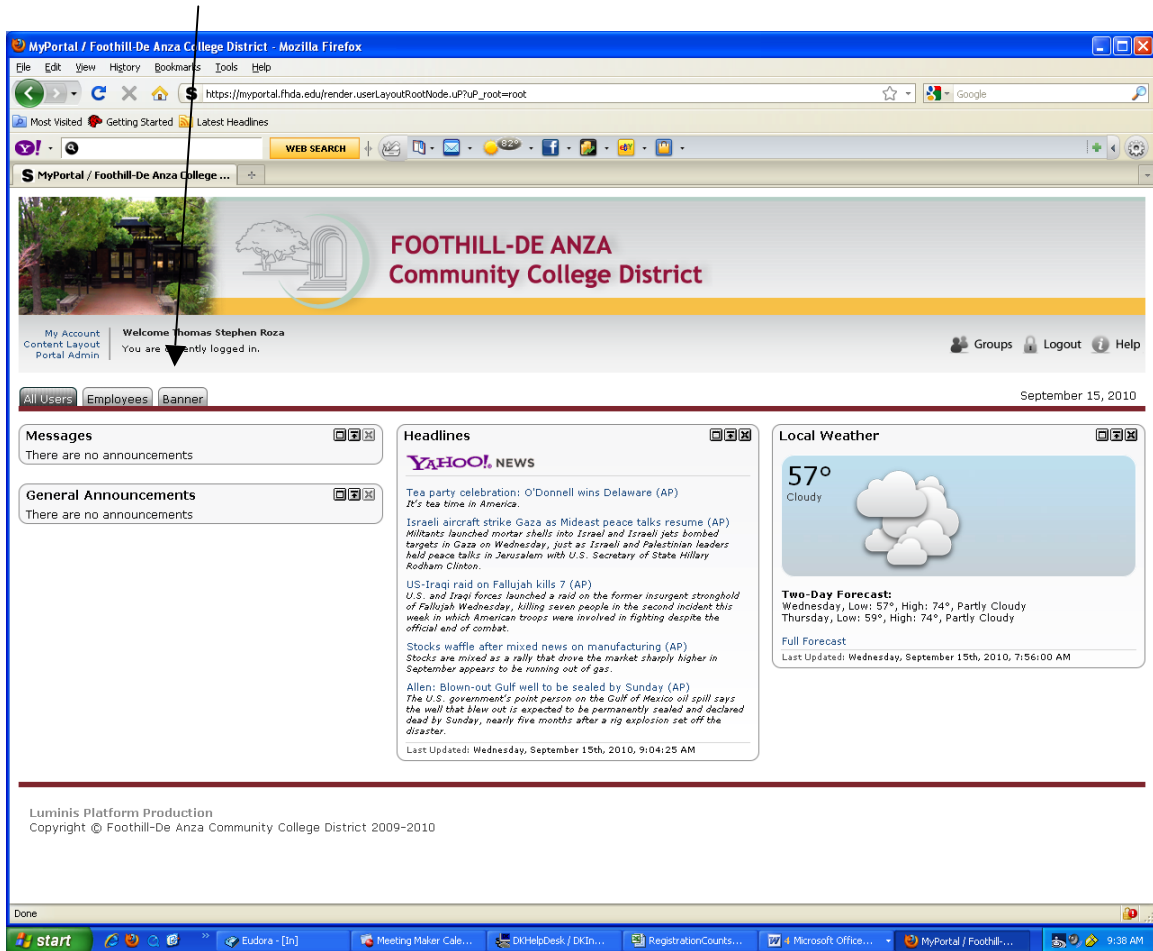

Access the URL <http://myportal.fhda.edu> to access MyPortal

Enter you CWID and current password and click the **Login** button

Installing Java On Internet Explorer

Click on the **Banner** tab

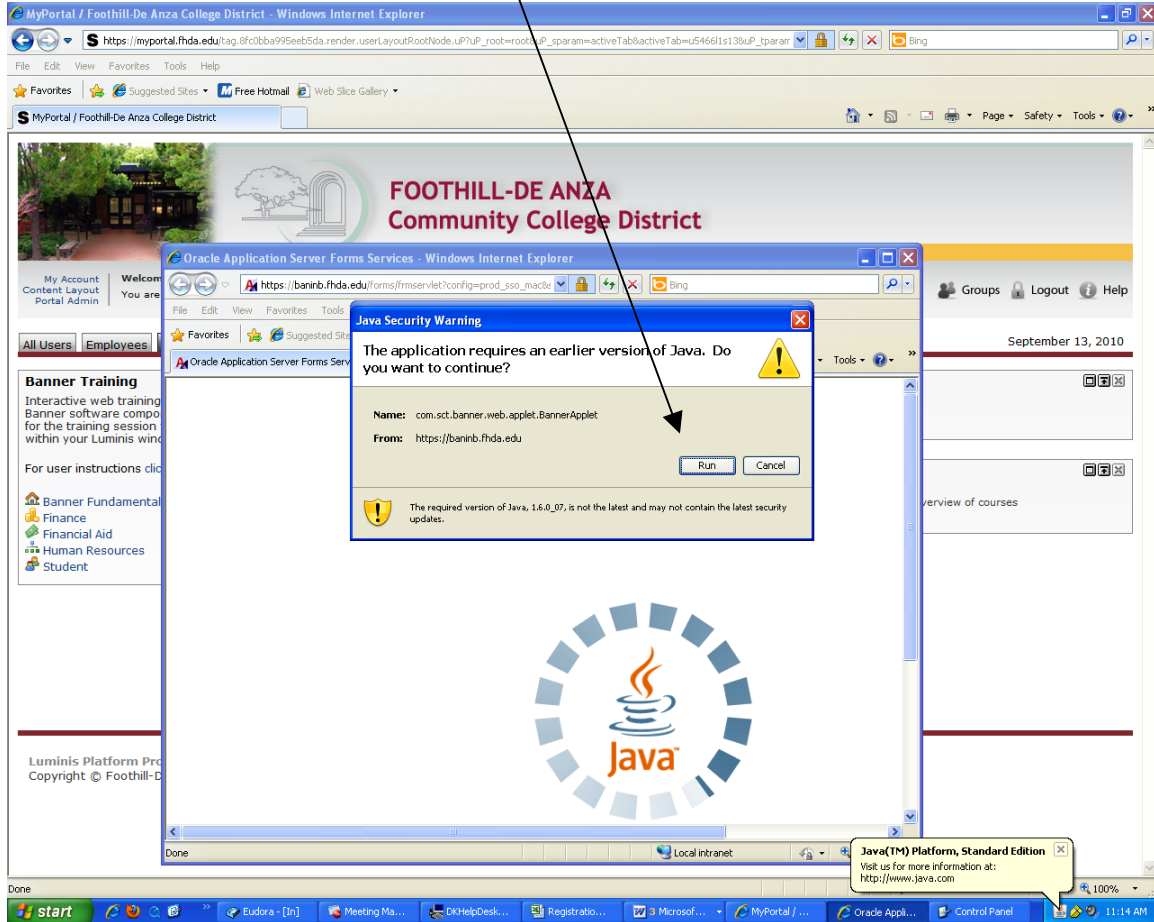

Installing Java On Internet Explorer

Click on the **Internet Native Banner** link

The screenshot shows the MyPortal website for Foothill-De Anza College District. The browser is Mozilla Firefox. The page features a header with the college logo and name, a user login area for Thomas Stephen Reza, and a navigation menu with 'All Users', 'Employees', and 'Banner'. The main content area is divided into several sections: 'Banner Training', 'Single Sign-On', 'Finance Services', 'Course Monitoring', 'Banner Reports', and 'Bookmarks Plus'. The 'Single Sign-On' section contains three links: 'Internet Native Banner' (with a database icon), 'Banner Self-Service' (with a document icon), and 'Banner Reports (GJAPCTL)' (with a report icon). The 'Internet Native Banner' link is highlighted with a black arrow pointing to it from the text above. The footer includes 'Luminis Platform Production' and 'Copyright © Foothill-De Anza Community College District 2009-2010'. The taskbar at the bottom shows various open applications and the system clock at 9:38 AM.

Installing Java On Internet Explorer

Click on the **Run** button in the dialog box

Installing Java On Internet Explorer

You are ready to use Banner/INB functions
