Re: Notification of the addition of New Courses to the 2009-10 Inventory

The following list is courses that have been added to our electronic Catalog from July 2009 to December 2009. These are being reported as required by the Title 5 mandate that all new courses must be approved by the Governing Board of each District prior to the time maybe taught. Should you have any questions, please contact me at 7394 or Carolyn Holcroft, College Curriculum Committee Co-Chair at 7492 or Cori Nuñez, Curriculum Coordinator at 7439.

The four 600 series courses are experimental courses that, if it is determined that they be continued, will be renumbered appropriately. These courses have been approved through the established Foothill curriculum process.
