

Board of Trustees Agenda Item

Board Meeting Date: January 5, 2010

Title of Item:

Approval of Stand Alone Courses

Background and Analysis:

Foothill seeks board approval for Stand Alone Courses. Per Title 5 direction, every course that is not part of a State approved degree or certificate or is not part of the Foothill General Education requirements is required to have completed an application to substantiate its appropriateness to our mission, prove that it has met Foothill's curriculum standards and that it is compliant with regard to enrollment restrictions and accreditation standards.

These courses have completed Curriculum Committee applications and have been approved through the established Foothill curriculum process.

Recommendation: (specify if information only)

Foothill administration recommends approval of these additional courses.
