

Board of Trustees Agenda Item

Board Meeting Date: March 1, 2010

Title of Item:

Recommendation to Authorize a Pre-Qualification Procedure for Electrical Subcontractors for Project #135, Utility Infrastructure Phase 1 (Measure C)

Background and Analysis:

Public Contract Code section 20101 allows community college districts to require licensed subcontractors to “pre-qualify” for the right to bid on public works projects. The purpose of pre-qualification is to ensure that all prospective bidders have the appropriate construction experience and financial capacity to perform the work. The laws require that community college districts: (1) use a standardized questionnaire and financial statement, (2) adopt and apply a uniform system of rating bidders based on objective criteria, and (3) establish a process that allows prospective bidders to dispute their proposed prequalification rating prior to the closing time for receipt of bids.

The Utility Infrastructure project at Foothill College has a construction budget of \$5.4 million. The electrical subcontractor will perform approximately \$2-\$3 million of the work. Therefore, Foothill College Construction Management team has concluded that the electrical subcontractor on the Measure C project should be pre-qualified.

A draft of the pre-qualification document is attached. The Purchasing Department will report the pre-qualification results to the Board of Trustees at a future meeting. At that time, the Board can choose to either:

1. Accept the list of Electrical Subcontractors who met all of the pre-qualification requirements as the only contractors who are “pre-qualified” to bid as electrical subcontractors on the listed projects, OR
2. Cancel the pre-qualification procedure for Electrical Subcontractors for the listed project.

This pre-qualification of subcontractors shall be valid for one year if accepted by the Board of Trustees.

Recommendation:

Purchasing Services Director Carmen Redmond recommends that the Board of Trustees authorize a pre-qualification procedure for Electrical Subcontractors for Project #135, Utility Infrastructure Phase 1 in accordance with Public Contract Code, Section 20101.

NOTICE TO ELECTRICAL CONTRACTORS FOR PRE-QUALIFICATION

PROJECT NOTICE

The Foothill De Anza Community College District (hereinafter called District), intends to award a Lump Sum contract by competitive bidding for the following project:

CAMPUS	PROJECT NAME	APPROX. BID DATE	TYPE	CONST. ESTIMATE
Foothill College	Project 135: Utility Infrastructure Phase 1	Summer 2010	Renovation	\$5.4 Million

The above bid dates and construction estimates are approximate. Exact dates, times, and location will be set forth in a NOTICE TO PRE-QUALIFIED GENERAL CONTRATORS for the listed project/s.

Pre-qualification requirements for subcontractors are noted below. Pre-qualified subcontractors will be required to have the following California Contractor's license classification: **C10 - ELECTRICAL CONTRACTOR** to participate in the bidding process with a pre-qualified General Contractor.

Subcontractors must agree to sign and be bound by the terms and conditions of the Project Stabilization Agreement agreed between the Foothill-De Anza Community College District and the Santa Clara & San Benito Counties Building & Construction Trades Council in order to pre-qualify for the listed project.

GENERAL DESCRIPTION OF WORK

Foothill College, located in Los Altos Hills, CA, is increasing the capacity of the campus electrical and mechanical utility infrastructure to meet the future demands of the new construction and renovation projects scheduled under the Measure C Bond Program. The scope of work includes: removal and replacement of the campus main electrical switchboard and 15kV feeders from PG&E, installation of a temporary main campus switchboard and feeders from PG&E, removal and replacement of other 15kV feeders and distribution equipment and switchboards, removal and replacement of an air cooler chiller for off peak campus loads, removal of existing campus heating water piping and installation of larger HHW distribution piping, and installation of two telecommunications duct banks.

PRE-QUALIFICATION PROCESS

The District has determined that subcontractors, C10 Licensed Electrical Contractors, who submit bids for the project listed above, must be pre-qualified. Only subcontractors who have been pre-qualified will be allowed to participate in the bidding process with pre-qualified General Contractors for this project. The District reserves the right to remove the pre-qualification requirement at any time.

Pre-qualification documents consisting of this NOTICE TO ELECTRICAL SUBCONTRACTORS FOR PRE-QUALIFICATION together with the PRE-QUALIFICATION QUESTIONNAIRE, will be available to intending bidders beginning at **10 AM on March 12, 2010** at the office of Purchasing Services, Foothill De Anza Community College District, 12345 El Monte Rd., Building D170, Los Altos Hills, CA 94022, (650) 949-6193 phone, (650) 948-5194 fax.

Any questions or requests for clarifications to the Pre-qualification Documents must be submitted in writing to the Purchasing Department, ATTN: **Dawn Allshouse**, by fax to (650) 948-5194 or to Linda Mahi at the above address by close of business, **12 PM, March 24, 2010**. Questions received after the above-noted deadline may be answered at the discretion of the District. Addenda will be faxed or sent by messenger service by **March 31, 2010** to all who are known by the issuing office to have received a complete set of Pre-qualification Documents and who have provided a FAX number or a street address for receipt of Addenda.

Prospective subcontractors shall submit three (3) sets of the completed pre-qualification questionnaire and required attachments **in a sealed envelope identified as “ELECTRICAL SUBCONTRACTOR PRE-QUALIFICATION QUESTIONNAIRE – Measure C Projects #135”** with the Bidder's name and address to the office of Purchasing Services, 12345 El Monte Rd., Los Altos Hills, CA 94022 by **4:00 PM April 7, 2010**.

No pre-qualification questionnaire will be accepted after **4:00 PM April 7, 2009**. However, the District reserves, at its sole discretion, the right to request, to receive, and to evaluate supplemental information after the above time and date.

Subcontractors will be notified by letter whether or not they met all of the pre-qualification requirements for the category of projects indicated.

EVALUATION FACTORS FOR PRE-QUALIFICATION

Pre-qualification of prospective subcontractors will be determined by the application of a pre-established rating system to the following information to be submitted by prospective subcontractors. Prospective subcontractors who meet the minimum requirements for pre-qualification and who receive a point score above a pre-determined level of 70% of the total points available on the pre-established rating system will be considered “responsible” and successfully pre-qualified. These pre-qualified subcontractors will be allowed to submit bids to pre-qualified General Contractors for this project. Point accumulation will be based upon the following:

1. Submission and completion of information required by the Pre-qualification Questionnaire and a properly signed Pre-qualification Declaration.
2. Information provided in the License and Business Information section, including possession of a valid California Contractor's License/Classification – C10 as of the date and time of the Pre-qualification Questionnaire submittal.
3. Construction Experience as described under Item 3 of the Pre-qualification Questionnaire.
4. Construction execution and reference checks.
5. Evaluation of Safety Program, OSHA Citations, Incidence Rate, Worker's Compensation Experience Modification Factor (EMF).
6. Bonding rate. Bonding capacity and using a Surety Company listed in the latest published State of California Department of Insurance List of “Insurers Admitted to Transact Surety Insurance In This State”.
7. Insurance companies listed by Best, **must have a rating of A- or better and a classification of VII or better for General Liability, Auto Liability, Excess Liability and Builders Risk.**
8. The completion of (A) the Declaration of Financial Condition and all financial requirements, or, when applicable, (B) the completion of the Declaration of Qualified Small Business Administration Entity and the Disclosure of Financial Condition for Small Business Administration Entities.

SEE THE PRE-QUALIFICATION QUESTIONNAIRE OF THIS PRE-QUALIFICATION DOCUMENT FOR DETAILS AND REQUIREMENTS WITHIN EACH CATEGORY NAMED ABOVE. It is advisable that each prospective bidder consider their responses to the questions as addressed in “bold” within the NOTES of each category before completing the application.

Minimum requirements have been established solely for the purpose of determining, in a timely manner, subcontractors who are deemed qualified for successful and timely performance of the type of work required. Any prospective subcontractor found not to be pre-qualified as a result of the subcontractor's answers to this Pre-qualification Questionnaire will receive a written response from the District explaining its decision. If the subcontractor can refute the basis upon which the decision was made, the subcontractor may appeal the decision. The appeal shall state the basis of the appeal and must be submitted in writing within 3 working days of receipt of notification and must request a hearing or a written response from the Director of Purchasing and Material Services, Ms. Carmen Redmond. The decision of the District is final and not appealable within the State of California.

The District reserves the right to reject any or all responses to pre-qualification questionnaires and any or all bids and to waive non-material irregularities in any response or bid received. If the District deems that there is not a sufficient pool of Electrical Subcontractors for competitive bidding, the District reserves the right to withdraw the pre-qualification requirements for this project. The District reserves the right to disqualify applicants and prequalified contractors at any time if responses to the Questionnaire are discovered to be untruthful or misleading.

All information submitted for pre-qualification evaluation will be considered official information acquired in confidence and the District will maintain its confidentiality to the extent permitted by law.

BID PROCEDURES

When the Bidding Documents for the project become available, lump sum bids submitted directly to the District will be received ONLY from General Contractors who have been pre-qualified, unless the pre-qualification requirement has been withdrawn. Only bidders who have been pre-qualified shall be invited to participate in a competitive bid for this project. The list of pre-qualified C10 licensed Electrical Subcontractors will be made available to the General Contractors during the bidding process.

Pre-qualified Electrical Subcontractors will be issued one (1) complete set of bidding documents upon request to the District. Lump sum bid proposals from pre-qualified General Contractors will be evaluated based on the lowest responsible bid.

Each prospective subcontractor must have a California Contractor's License - C10 Electrical Contractor for the listed work, which is current, active and in good standing with the California Contractor's State License Board, on the date and time of the Pre-qualification Questionnaire submittal is due and must submit this Pre-qualification Questionnaire with all portions completed, including required attachments.

Each prospective subcontractor must answer all of the following questions and provide all requested information, where applicable.¹ Any prospective subcontractor failing to do so may be deemed to be not responsive and not responsible with respect to this pre-qualification at the sole discretion of the District.

All information submitted for pre-qualification evaluation will be considered official information acquired in confidence, and the District will maintain its confidentiality to the extent permitted by law.

It is critical that the prospective subcontractor fill out all information required accurately, completely, truthfully and to the best of their knowledge. Ambiguous or incomplete information may lead to an unfavorable rating and subsequent status as not pre-qualified. Non-pre-qualification criteria have been clearly identified.

NOTE: If the below is signed by other than the sole proprietor, a general partner or corporate officer, attach original notarized Power of Attorney or Corporate Resolution.

Failure to return a properly completed Declaration will result in the Contractor being determined to be not pre-qualified.

2. CONSTRUCTION EXPERIENCE

NOTE: If any question listed below in this Section of the Statement of Subcontractor's Qualifications (entitled "Construction Experience") is not answered by marking "Yes" in response to that question, the Pre Qualification for the Electrical Subcontractors may be deemed by the District to be non-responsive and rejected on that basis.

- A. Attach to the completed Pre-qualification Questionnaire, completed PROJECT DATA SHEETS, meeting the below requirements for each project. Provide all of the information requested in the Project Data Sheet. Optional project drawings, photographs or schedules or related information may be attached, limited to an 8-1/2 x 11" format.

Submit three (3) public works projects constructed by the applicant in the role of a C10 Licensed Electrical Contractor (each of which were awarded as a Public Works Contract and complied with applicable California Public Contract Code bidding requirements for "public entities²," with at least two (2) of those that had DSA oversight or the direct oversight of a Public Agency's inspection services). The three (3) projects should be similar to the General Description of Work listed on Page 2 (Removal and replacement of the campus main electrical switchboard and 15kV feeders from PG&E, installation of a temporary main campus switchboard and feeders from PG&E, removal and replacement of other 15kV feeders and distribution equipment and switchboards, removal and replacement of an air cooler chiller for off peak campus loads, removal of existing campus heating water piping and installation of larger HHW distribution piping, and installation of two telecommunications duct banks.):

- i. For which, each project submitted must **have been completed in the last three (3) years**. (One of the three projects submitted may be currently under construction.)
- ii. For which, each project submitted must have an original contract award amount of **least \$2 million** for the electrical portion of the work.
- iii. Subcontractor must list current contact information including names and telephone numbers of applicable contacts for each project. If the District is unable, after reasonable efforts, to confirm the past project information submitted by subcontractor, said project may not be accepted as a qualifying project.
- iv. The District will confirm the information provided on the required Project Data Sheets with the listed Owner for verification of all information and perform reference checks to rate the performance of the subcontractor. Points will also be given based upon reference checks with the Owner for the projects submitted. It should be noted that the established point rating system heavily favors prospective subcontractors with construction experience similar to the proposed project. Points will be allocated to submitted projects based on the prospective subcontractor's demonstrated ability to complete projects within quality, fiscal and timetable parameters.

- B. Is your organization in good standing with the California Contractor's State License Board?

☐ Yes ☐ No

- C. Has the site superintendent **and** project manager that your organization will employ for this project previously completed, in that same capacity, at least three projects involving the modernization of Higher Education facilities?

² A "public entity" as defined in PCC 1100 means the state, county, city, city and county, district, public authority, public agency, municipal corporation, or any other political subdivision or public corporation in the state.

___Yes
