

Board of Trustees Agenda Item

Board Meeting Date: April 5, 2010

Title of Item:

Approval of Stand Alone Courses

Background and Analysis:

Foothill seeks board approval for the Stand Alone Courses. Per Title 5 direction, every course that is not part of a State approved degree or certificate or is not part of the Foothill General Education requirements is required to have completed an application to substantiate it's appropriateness to our mission, prove that it has met Foothill's curriculum standards and that it is compliant with regard to enrollment restrictions and accreditation standards.

These courses have completed Curriculum Committee applications and have been approved through the established Foothill curriculum process.

Recommendation: (specify if information only)

Foothill administration recommends approval of these additional courses.

Re: Notification of the addition of Stand Alone Courses to the 2009-10 Inventory

The following list is courses have completed College Curriculum Committee applications and have been approved through the established Foothill curriculum process to be taught as Stand Alone Courses beginning Spring 2010 quarter. Per Title 5 mandate, every course that is not part of a State approved degree or certificate or is not part of the Foothill General Education requirements is required to have completed an application to substantiate it's appropriateness to our mission, prove that it has met Foothill's curriculum standards and that it is compliant with regard to enrollment restrictions and accreditation standards.

These applications must also be approved by the Governing Board of each District prior to their being taught. Should you have any questions, please contact me at 7209 or Carolyn Holcroft, College Curriculum Committee Co-Chair at 7492 or Cori Nuñez, Curriculum Coordinator at 7439.

The ENGR 600 course is an experimental course that, if it is determined that it be continued, will be renumbered appropriately. This course has been approved through the established Foothill curriculum process.

APEL 129A	ELECTRICAL SYSTEMS
APEL 129B	BASIC ESTIMATING/TAKE-OFF & ELECTRICAL SAFETY-RELATED WORK PRACTICES
ART 45BX	STUDIO ART SEMINAR: CERAMICS WHEEL THROWING
