

Board of Trustees Agenda Item

Board Meeting Date: July 12, 2010

Title of Item: International Travel Approval

Background and Analysis:

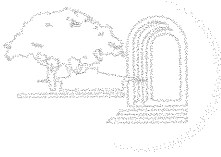

In conjunction with District Board Policy 4176, board approval is requested for international travel on behalf of two De Anza College faculty members.

Jacquelyn V. Reza has requested travel to Vancouver, Canada from October 27 – 29, 2010 to attend the North American Council for Staff, Program and Organizational Development Annual Conference (NCSPOD). She plans to develop programming to implement at De Anza College for staff, faculty and/or administrators.

Karl Schaffer has requested travel to Pecs, Hungary from July 24-28 to attend and present at the Bridges 2010 Conference, and August 16-20 to attend the Constructionism Conference in Paris, France. These conferences bring mathematicians, scientists, artists, educators, musicians, writers, and dancers to hands-on workshops and working sessions that bridge these disciplines and cross mathematics-arts boundaries.

Description	<p>The NCSPOD conference is always a mix of stimulating presentations and engaging activities which facilitate individual problem-solving and networking. A variety of session formats will be available within the conference's broad themes of Inclusiveness/ Diversity, Leadership, Sustainability and Technology and with the following categories in mind: staff development, faculty and instructional development, and program and organizational development. Additionally, some sessions will be specifically tailored for new practitioners in professional development within higher education and related fields. Our keynote speaker, Angaangaq Angakkorsuaq is an Eskimo-Kalaallit Elder whose family belongs to the traditional healers of Greenland. Uncle, as he is frequently called, bridges the boundaries of cultures and faiths in people young and old. His work is acclaimed in promoting interracial and intercultural harmony and his presentation is sure to infuse a unique energy into the conference.</p>					
	<p>Stanley Park in downtown Vancouver Vancouver is a popular destination and easy to access from anywhere in the world. One of the world's most spectacular cities, it is also the site of the 2010 Olympic and Para-Olympic Winter Games. This sea-level port city is known for its temperate climate as well as the surrounding snow-covered slopes with breathtaking views of the city twinkling below. Vancouver is one of the few places in the world where it's possible to ski in the morning and sail in the afternoon. A special Thursday afternoon and evening conference excursion will highlight the history and beauty of the city and surrounding mountains.</p>					
	<p>We recognized that conference attendance is a sacrifice not only financially but also in your time commitment. We are committed to planning a conference where these sacrifices result in a significant return – that is, you will gain immediate ideas and resources to put into use -- saving you time and money in the development of your professional development programs. If you can only attend one conference this year, we hope that it will be this one.</p>
