

Board of Trustees Agenda Item

Board Meeting Date: June 20, 2011

Title of Item: Approval of 2011-12 Instructional Materials and Use Fees - DA

Background and Analysis:

Education Code section 76365, and the Title 5 implementing regulations (59400-59408), allow districts to require students to provide various types of instructional materials and enables districts to sell such materials to students who wish to purchase the required materials from the district. Generally speaking, there are strict limitations on charging a required "instructional materials fee."

The law provides that students can only be required to provide materials, which are of continuing value to the student outside of the classroom setting.

The State Chancellor's Office has determined that such materials include, but are not limited to textbooks, tools, equipment, clothing, and those materials which are necessary for a student's vocational training and employment.

The regulations further provide that "instructional and other materials" means tangible personal property that is owned or primarily controlled by the student and has been expanded to include electronic data that the student may access during the class and store for personal use after the class in a manner comparable to the use available during the class.

Recommendation:

De Anza President Brian Murphy recommends approval of the fees associated with the referenced listing of courses under the authority of Education Code Section 76365.
