**2011/12
Third Quarter Report**

SUMMARY OF MAJOR CHANGES

The district has completed its financial analysis through the third quarter of operation (July 1, 2011-March 31, 2012). Enclosed in this document is a reporting for all of the funds the district maintains as authorized by the California Education Code. The short description and analysis at the beginning of each fund report explains the purpose of the fund and recent financial trends that may have changed from the adopted budget. Also included in this report is a supplemental information section that contains the State Quarterly Report (311Q). The analysis of the General Purpose Fund follows.

GENERAL PURPOSE FUND REVENUE

Revenue, Productivity and Enrollment Assumptions

Resident Enrollment

Our revenue assumptions at second quarter-end assumed that we would serve a total of 33,721 resident and non-resident FTES. For resident FTES, this number reflected an additional state-imposed mid-year Tier 2 workload reduction of 1.5%, or 437 FTES (down from 30,196 resident FTES budgeted at Adopted), as well as a continued assumption of full restoration of FTES lost in fiscal year 2010/11 (4.4%, or 1,406 FTES) (see Table 3). The second quarter report also included an adjustment for a one-time state-imposed Tier 1 adjustment, or increase, to the deficit factor of \$830,000. At third quarter-end, as reported to the state at P-2, our district is projecting lower-than-budgeted FTES (28,765 resident FTES, or 985 FTES below our funded base of 29,750), therefore, we have adjusted our revenue projections down by approximately \$4.4 million to reflect the loss of apportionment revenue for fiscal year 2011/12.

The campus enrollment management teams are carefully monitoring student enrollment and course offerings to maximize access for students and to recover lost FTES from prior quarters. An early summer schedule of courses will be offered at Foothill College to provide services to students and to restore lost FTES. Failure to reach our FTES base of 29,750 will erode our base funding on an ongoing basis and we would need to further adjust our fiscal year 12/13 goals to meet that challenge. We will update the Board of Trustees on our FTES trends as the year progresses.

Additional Mid-Year Cuts

As indicated in the second quarter report, in addition to the Tier 1 and Tier 2 reductions, we are anticipating further erosion to our apportionment funding due to insufficient revenues collected from student fees. At Adopted Budget, the Department of Finance projected that student enrollment fee collections will not adequately account for the growth in the numbers of waivers granted to students. This will contribute to an increase in the deficit factor, in addition to a potential shortfall in state general fund apportionment and property taxes. In the adopted budget, \$1.5 million, or 1%, in state revenue reductions due to the deficit factor was budgeted for and approximately \$750,000 was projected as a potential shortfall in student enrollment fees. We have since learned that the student fee shortfall and resulting deficit factor may more than triple. We have reduced our revenue projections by approximately \$2.6 million to account for an increased deficit factor due to the student enrollment fee shortfall. As indicated at Adopted Budget, we plan on utilizing our one-time Stability Fund to cover these reductions in fiscal year 2011/12.

There is a preliminary indication from the system office that, due to at least one district switching to “basic aid” status, this year’s deficit factor may be decreased as state apportionment funds would not be needed to support these districts and could be diverted elsewhere. As positive as this information is, in light of negative news from the state on revenue collections, we are cautiously optimistic that these funds could be used to offset this year’s state deficit. If we are fortunate enough to benefit from a reduction in the deficit factor, we might be able to add as much as \$1.4 million to our one-time ending fund balance, which would be much-needed revenue that could help to offset a deficit in fiscal year 2012/13 while we work on and implement permanent budget-balancing solutions.

We have been keeping a close watch on the Department of Finance’s budget proposal to reduce community college funding in the current year by \$116 million, with the expectation that this \$116 million will be “made up” by a like amount of property taxes from the dissolution of Redevelopment Agencies (RDAs), effective February 1, 2012. The Legislature did NOT take early action on this proposal; however, the administration and legislative budget consultants still consider this proposal to be “in the mix” for the current year. The community college constituent groups strongly oppose this proposal, especially given the state’s lagging revenue numbers and the fact that state spending is exceeding expectations by billions. Since this is still a proposal, we have not made any adjustments to our revenue projections at this time. If this proposal were to pass and none of the redirected property taxes materialized, the deficit factor for Foothill-De Anza in fiscal year 2011/12 would increase by approximately \$3 to \$4 million.

Prior Year Adjustments

As indicated in the second quarter report, when our budget was adopted for fiscal year 2011/12, we reported that we might have to make some adjustments to our final 2010/11 revenue. As the state finalized prior year apportionment revenue in February, we were able to confirm that, as a result of a recalculation for 2010/11, the final deficit factor was reduced, resulting in a one-time increase to our fund balance of \$375,000. This prior year adjustment was further increased by \$150,000 in lottery funds received in excess of revenue booked at year-end. The net result of these two adjustments is approximately \$525,000.

Non-Resident Revenue

In the second quarter report, we reported that our non-resident revenue is forecast to exceed budget by approximately \$1 million. We are now increasing our projection to \$1.1 million. There are additional recruiting expenses associated with this growth, which will offset some of this revenue. We expect approximately \$200,000 in additional recruitment costs for this fiscal year, and therefore we are projecting a net increase of \$900,000 to our fund balance.

Other Revenue Adjustments

As indicated in the second quarter report, we have received an update on the lottery rates for this fiscal year. The per-FTES rate projection increased by \$6, resulting in an adjustment to our revenue at second quarter of approximately \$136,000. For third quarter, we have reduced this projection down to only \$8,800 due to the decline in FTES. The final rate will fluctuate and will not be known until state revenues are recalculated in January 2013, at which time we will incorporate adjustments, if any, to our revenue.

Productivity

We have not modified our productivity estimates since the adopted budget. For fiscal year 2011/12, we have budgeted productivity at 546 (WSCH/FTEF). The campus enrollment management teams are carefully monitoring student enrollment and course offerings to maximize access for students, while also adjusting for the mid-year Tier 2 workload reduction of 1.5% and attempting to recover lost FTES from the prior year. We expect to come much closer, if not slightly below, our budgeted

productivity this year as a result of working to recoup lost FTES and to restore our base FTES in fiscal year 2011/12.

GENERAL PURPOSE FUND EXPENSE

Certificated Salaries

We are currently projecting approximately \$1.4 million in one-time savings in this category. Approximately \$1.2 million is due to savings in 1320 (part-time faculty costs), and approximately \$170,000 is due to float from vacant non-teaching positions and unspent funds in the personnel contingency account. As addressed above in the resident enrollment section, the state reduced our resident FTES base by 437 FTES due to the Tier 2 cuts. In addition, we have not been able to fully restore all FTES lost in the prior fiscal year. This reduction in FTES served resulted in the majority of savings in this category.

As in prior years, any float from vacant faculty positions will be used to hire part-time faculty and the remainder of unused funds, if any, will revert to the unrestricted fund balance.

Classified Salaries

We are currently projecting approximately \$1.9 million in one-time savings in this category due to positions held vacant throughout the year. This amount represents float distributed from vacant positions and 'B' budget unspent at year-end. As we have done in the past few years, any residual float generated from unfilled classified positions will be distributed to the colleges as one-time 'B' budget monies and will be carried over to the next year (see Operating Expenses).

Benefits

Although we have not modified our self-insured medical benefits projections in the General Purpose Fund, the first quarter experience report from our brokers indicated that our expenses would exceed budget by approximately \$1 million. We have not yet received a second quarter update; hence, we are not changing our projections at this time. This projected excess will be covered on a one-time basis from the Rate Stabilization Fund set aside in the Internal Service Fund (Fund 600) where all medical benefits costs are accounted for. We have adjusted projections in the Internal Service Fund to reflect the use of \$1 million from the Rate Stabilization Fund. This will leave approximately \$8.7 million in the Rate Stabilization Fund to offset future benefits increases. (See the Internal Service Fund section of this report for fund balances and an update on changes to the medical benefits plan for fiscal year 2012/13.)

Supplies and Capital Outlay

At this time we are not estimating any changes in these expense categories.

Operating Expenses

We are currently projecting that there will be approximately \$10.4 million unspent in this category, mostly from 10/11 carryover funds. Due to our growing deficit and the uncertain fiscal situation at the state level, spending has been slowed down in order to generate savings. We are anticipating a projected carryover, as of June 30, 2012, of approximately \$8.8 million in restricted 'B' budget funds for the colleges and Central Services. *These funds, in addition to float from vacant classified managerial and staff positions of \$1.9 million (see above), will provide a total of \$10.7 million in projected carryover.* Both colleges and Central Services continue to develop a strategic plan to use these funds, as well as the district Stability Fund, to buffer state cuts to the General Purpose Fund

and categorical programs (see Tables 1 and 2) and to close the operating deficit on one-time basis in fiscal year 2012/13.

In addition, the following district-wide restricted funds will be carried over:

- \$1 million for EIS backfill
- \$347,000 for election costs expected to be incurred in 2012/13
- \$200,000 for expenses related to union negotiated items unspent in 2011/12

Contingency

This quarterly report reflects actions as of March 31, 2012. In the fourth quarter of 11/12, we will make a \$250,000 contribution to the unfunded post-employment medical liability as projected at Adopted Budget.

Fund Balance

The net change to fund balance is the result of the combination of increases and decreases to revenue and expenses as explained in each line item noted above.

Based on all assumptions for revenue and expenses, the 11/12 ongoing budget is forecast to be structurally balanced with the strategic use of one-time funds (see Tables 1 and 2).

After closing the one-time deficit and accounting for mid-year cuts, the district projections include:

- \$ 936,000 in the 11/12 Stability Fund (this amount may be increased or reduced pending final FTES numbers and any other state adjustments)
- \$ 4 million in the 12/13 Stability Fund
- \$10 million for 5% mandatory reserves

Additionally,

- the colleges and Central Services will carry over approximately \$10.7 million of their designated carryover into fiscal year 2012/13 to fund critical expenditures and programs that are currently not sufficiently funded in our ongoing budget. Although the colleges and Central Services are committed to deferring cuts to positions and operating budgets in fiscal year 2012/13 with the use of one-time 'B' budget carryover, not all funds will be available for that purpose. Approximately one-third of that amount will need to be restricted in order to sustain college and Central Services' operations in fiscal year 2012/13 as ongoing 'B' budget has been reduced through the years; and
- the district will also carry over restricted funds for union-negotiated items (est. \$200,000 for conference and travel, educational assistance, training/retraining, etc.), election costs (est. \$347,000) and EIS backfill (est. \$1 million).

Given the state's current economic outlook, there is little doubt that the state will continue to struggle to balance the budget in 2012/13. Even if the November election brings welcome news of no further cuts to the community college system, our district will face the challenge of closing an operating deficit of approximately \$11 million (estimates as of April 2012). Our current strategy is to protect as much of our fund balance as possible in order to postpone reductions to the operating budget. While the use of these funds will help to offset some decreases to our funding in the coming year, it will not be a permanent solution. We are currently working on a plan to incorporate structural solutions into our operating budget based on the governor's proposed budget for 2012/13 and to prepare potential solutions should the November tax initiative fail. We will keep the Board informed of important developments affecting reserves as the year progresses.

**EXPLANATION OF THE MAJOR VARIANCES
FROM THE ADOPTED AND REVISED BUDGET TO PROJECTED
AT THIRD QUARTER-END**

Revenue

	(2,038,246)	Tier 2 mandatory workload reduction
	(4,428,639)	Reduction in apportionment due to not meeting FTES target
	(830,000)	Tier 1 mandatory workload reduction
	(2,635,864)	Increase in deficit factor due to decline in state-wide fee collection
	900,000	Increase in non-resident revenue (net of increase in operating expenses)
	8,811	Increase in lottery funds due to rate adjustment (from \$111.75 to \$117.75 per FTES) offset by the decline in FTES (net)
	375,344	Prior year deficit factor adjustment on apportionment funds (reduction to deficit factor)
	149,813	Prior year lottery adjustment
	123,471	Other
	(8,375,311)	

Expenses

Certificated:	1,266,740	Full-time faculty and part-time faculty unused funds due to workload reduction and FTES decline
	100,000	Unspent personnel contingency
	70,373	Float, other
	<u>1,437,113</u>	
Classified:	1,854,479	Float from non-teaching positions kept vacant – distributed as "B" budget to colleges (see Operating Expense category)
Operating:	200,000	Union-negotiated items unspent
	1,000,000	EIS backfill
	8,845,521	Campuses and Central Services projected carryover (before \$1.8M float distribution – see above)
	347,200	Election costs
	<u>10,392,721</u>	

**Transfers
In/Out (net)**

	(300,000)	Reduction in transfer out to the Special Education fund due to vacancies
	1,812	Other
	<u>(298,188)</u>	

Total 5,607,190

Fund 114 to 115: 28,021 to backfill Apprenticeship for prior year benefits costs

Intra-Fund Transfers (Between Restricted General Funds):

ALL FUNDS CHART

SELF-SUSTAINING FUND**Fund 115**

Self-Sustaining funds, as the name implies, counterbalance operating expenditures against the revenues generated from various instructional arrangements. Not all related costs are allocated to these programs but, for those expenses that are charged, the programs are expected to generate income or use accumulated balances to cover them. Although budgets are used as a means to forecast and control revenue and expenditure activity, spending is solely dependent upon their ability to generate sufficient revenue to adequately support such operations.

Most accounts within this group have residual funds, and excess revenues over expenditures are available for use at the respective college's discretion. The residual funds are regarded as designated funds, which mean that, although the district regards them as restricted, they are actually unrestricted and are reported to the state as such. The Board of Trustees has the discretion to use the funds for any lawful purpose.

Current Status:

As of third quarter, projections to the Self-Sustaining Fund include increases in local revenue and corresponding expenses for International Student Insurance (\$810,000), for the De Anza Extended Year Program (\$775,000), and for reimbursement for use of facilities by Palo Alto University (\$142,280). In the third quarter, \$19,637 was distributed to Foothill and De Anza Food Services for vending commissions received from Pepsi. A budget revision for this projection will be reflected in the fourth of quarter of this fiscal year. In addition, we are projecting a decrease of \$775,000 in the materials and supplies category due to reduced spending in various programs and also to chargebacks received by Reprographics for in-house printing services at De Anza. The Self-Sustaining Fund is projecting to end the fiscal year with a net change in fund balance of \$1.3 million.

RESTRICTED and CATEGORICAL FUND**Fund 121/131**

Restricted and Categorical Funds are those resources that come from federal, state or local agencies. In general, money received from these programs is restricted for a specific purpose. The principal programs in the Restricted and Categorical fund are as follows:

Instructional Equipment, Library Materials, and Technology (Block Grant): For 11/12, we are planning no new revenues for instructional equipment or library materials; however, we plan to spend approximately \$500,000 for instructional equipment, utilizing 10/11 carryover funds.

Perkins Career and Technical Education Act (CTEA): CTEA funds are federal funds administered by the state for technical education and improvement of career and technical programs.

High Tech Center Training Unit: This grant is funded by the state and provides support for training of instructors of disabled students at community colleges in the state. At Adopted Budget, we projected \$1 million in revenue and related expenses for the High Tech Center Training Unit grant.

Matriculation, Staff Development, Staff Diversity, Extended Opportunity Programs and Services (EOPS), Cooperative Agencies Resources for Education (CARE), and CalWorks: These programs target specific populations or services funded by the state. There are no changes in the funding levels since the adopted budget, and the first quarter budget reflects the same level of funding as in the prior year.

Health Services Fees and Mandated Cost Reimbursement: Health Services fees are fees collected from the students and restricted for the provision of health services for students. Because the fee level is set by the state and we are mandated to provide a fixed level of services, the state provides reimbursement, known as “mandated cost reimbursement,” for the cost of providing these services over and above what we collect. The mandated cost reimbursement is recorded in the General Purpose Fund. Changing the level of services we provide – either more or less – will jeopardize the mandated cost reimbursement.

The Board of Trustees on September 12, 2011 approved an increase to the health services fee to \$15 per student per quarter. We project that this \$1 increase will produce an additional \$75,000 in revenue. For the second quarter, we anticipate approximately \$1.95 million in income and related expenses for the Health Services program.

Economic Development: State funding provided for the operation of Foothill's Center for Applied Competitive Technologies and other projects for improving career development services locally and regionally.

National Science Foundation: Federal funding for curriculum development in science programs.

Current Status:

There are no changes to projections for the Restricted and Categorical Fund.

SPECIAL EDUCATION FUND**Fund 122**

Special Education is a program mandated by *Title V* and funded primarily by the state. It provides services for physically, developmentally, or learning disabled students. Services include special classes, interpreters, on-campus assistance, test-taking assistance, computer-aided labs, and priority registration.

Current Status:

For the third quarter, we are projecting an increase to state revenue of \$345,547 and an increase to local materials fee revenue of approximately \$1,600. We are anticipating a reduction of \$125,000 in instructional and administrative salaries and benefits, as well as a reduction of \$27,853 in operating expenses; in addition, there will be a reduction to the mandatory transfer in from the General Purpose Fund of \$300,000, mainly due to increased revenue and savings in vacant positions. The Special Education Fund is projecting to end the fiscal year with a net ending fund balance of approximately \$200,000.

FEDERAL WORK STUDY FUND**Fund 123**

Federal Work-Study is a federal program providing financial aid to students in the form of compensation for work performed for on-campus and off-campus work. The district is required to contribute 25% of the total funds compensated to work study employees. Beginning with the 2000/01 year, institutions were required to spend at least 7% of the Work-Study allocation to pay students performing Community Service work.

Current Status:

PARKING FUND**Fund 125**

This fund collects all revenues and expenses associated with providing parking services at both campuses. Revenues are derived from sales of parking decals, daily permits, and fees from special events. Expenditures are restricted by state law to road and parking lot maintenance, parking security costs, related operating overhead and public transportation for students and staff.

Revenue from parking permits is limited by student enrollment and by the state statute that limits parking fees to \$100 per year. We are projecting an excess of operating expenses over revenue of \$411,567, which will be covered, as in prior years, by a transfer in from the General Purpose Fund to allow them to break even for the year.

There is no fund balance in the Parking fund at this moment. Unlike the health fee, which rises automatically with the Consumer Price Index, the parking fee does not. This results in continued reductions to security services for parking and virtually no dollars available for parking lot maintenance.

Current Status:

No change from Adopted Budget.

CAMPUS CENTER USE FEES FUND**Fund 128**

Revenues are generated by collecting a mandatory fee for use of the campus centers at each institution. The proceeds are isolated by campus and are restricted for the following purposes in order of priority: 1) retirement of Certificates of Participation financing the campus center expansion projects, 2) repair and replacement of existing student campus center facilities, and 3) personnel support of campus center operations.

In November 2006, the district issued a Certificate of Participation for \$11.33 million, which paid for a portion of the new Foothill Campus Center building and a portion of the renovation of the De Anza Campus Center building. This debt service will be repaid from campus center student fees collected at both campuses that were approved in prior years.

In July 2011, The Board of Trustees approved an increase in campus center use fees at both Foothill and De Anza Colleges for the 2011/12 academic-year. The increase in student fees was considered necessary to be able to meet the existing financial obligations of the two campus centers due to the decrease in student enrollment. The Foothill campus center use fee increased from \$16 to \$20 per quarter for on-campus students and from \$8 to \$10 per quarter for off-campus students. The De Anza campus center use fee increased from \$16 to \$17.50 per quarter.

Current Status:

As of the third quarter, we have increased the revenue projection for the Campus Center Use Fee Fund by approximately \$177,500. This increase is due mainly to higher fees earned as a result of the fee increases at both colleges. We are currently projecting to end the fiscal year with a net ending fund balance of \$426,484. Some of these carryover funds will be expended for various capital projects in fiscal year 2012/13.

ENTERPRISE FUND
FOOTHILL and DE ANZA CAMPUS CENTERS
FLINT CENTER

The Enterprise Fund is accounted for in a manner whereby the total costs of providing goods and services are financed or recovered primarily through user charges. Enterprise operations comprise the Foothill and De Anza College Campus Centers and Flint Center for the Performing Arts. The Campus Centers include the two Bookstores and De Anza Dining Services. Financial activity in the Enterprise Fund is measured by gross margins and net profit rather than by the governmental budget to actual measurement.

Current Status:

Foothill Enterprise Fund

Bookstore

Sales have continued to drop, with the \$345,600 decrease through December widening to \$475,400 through March. Textbook sales account for over 55% of this decline. Computer sales are down 40% from last year, mainly the result of no sales to District Purchasing this year.

Textbook sales were affected by a change in the academic calendar, with spring quarter starting one week later in April. In addition, some of the decline can be attributed to a significant expansion of rental textbooks made possible by a new program through MBS. Textbook rental income has increased by 76%, with the estimated net profit from this program increasing by roughly 67%.

Despite being able to keep the increase in total expenses to within less than 1% of last year, the tremendous drop in sales and other revenue has caused an increase in the net loss from last year. The \$84,200 loss through March last year has increased to \$152,350 this year. A loss of \$60,800 is being projected for fiscal year 2011/12.

De Anza Enterprise Fund

Bookstore

Textbooks lost \$131,800 in sales this past quarter from last year, for a total decrease of almost \$343,000 for the year. Helped by slight gains in computer and general merchandise sales, the percentage drop in total sales through March has remained virtually unchanged, going from 6.5% as of December to 6.4%.

The start of spring quarter going from the first week to the second week in April this year did have an effect on sales. Also, a new program started in December helped to increase textbook rental income by 29% and undoubtedly impacted textbook sales.

The net loss has increased to \$155,635 this year from \$100,500 last March, even with total expenses being down less than 1% from last year. A loss of \$110,000 is being projected for fiscal year 2011/12.

Dining Services

The shift in the start of spring quarter actually helped Dining's sales in March. Operations are usually shuttered during the week between quarters. This year that turned out to be the first week in April instead of the last week in March. This added \$24,500 to March's sales, which unfortunately will also negatively impact April's sales.

Even with being open this extra week, sales for the quarter were \$31,900 below last year and \$82,634 down for the year. Cafeteria sales have decreased by 3.7%, or \$37,900. Not surprisingly, given everyone's budget constraints, catering sales are down \$44,700, or 34.6%.

The drop in personnel related costs from having open positions for most of the year continues to significantly impact net income. The \$75,100 savings from this category, along with the \$22,600 increase in commissions from the food vendors, are the main reasons for Dining being able to increase their net income from \$26,900 last year to \$83,040 this year. Dining is projecting a net profit of \$77,980 for the year.

Combined Bookstore & Dining Operations

The combined operations of the De Anza Enterprise Fund have a net loss of \$72,595 through March, compared to a net loss of \$73,600 last year:

- Bookstore – Loss \$155,635
- Dining Services – Profit \$83,040

Revised projections for fiscal year 2011/12 estimate a combined net loss for the De Anza Enterprise operations of \$32,020:

- Bookstore – Loss \$110,000
- Dining Services – Profit \$77,980

Flint Center Fund

Flint Center's revenue increased over \$179,000 in the third quarter due to several profitable events. The fourth quarter should be profitable as well due to many scheduled events, and we are projecting to reach our revenue target of \$606,500.

Our operational expenses in the third quarter are approximately 5% below budget. In addition, Flint Center's "Power and Electrical Upgrade" project will be delayed until fiscal year 12/13. This delay will reduce operating expenses for this fiscal year by \$200,000. Although Flint Center is projecting to end the fiscal year with a net operating loss of \$59,000, a profitable fourth quarter could offset these anticipated losses.

CHILD DEVELOPMENT FUND**Fund 300**

The Child Development Fund supports the costs associated with the district's Child Development Center located at De Anza College. The De Anza Child Development Center provides services to students from both Foothill College and De Anza College. Providing childcare to children between the ages of one and six years old, the center is also utilized as a facility for Early Childhood Education students to observe and train. In 1999/00, De Anza opened an infant-toddler center to support Foothill-De Anza students, including Cal Works students, and for use by the community.

STUDENT FINANCIAL AID FUND**Fund 700**

These funds are used for federal, state, and local financial aid programs. The federal programs are the Pell Grants, Supplemental Educational Opportunity Grants (SEOG), Perkins Loan Program and Americorps Community Service Initiative Grants. The state programs are EOPS grants and Cal Grants. Local programs include a variety of scholarships. The Perkins and SEOG programs both require a match.

Current Status:

No change in projections from Adopted Budget.

INTERNAL SERVICE FUND

Fund 600

The purpose of such a fund is to separately account for services provided on a district-wide basis. Costs associated with providing health benefits, workers' compensation, extended sick leave, and post-retirement benefits are to be accounted for in one fund, and an appropriate service rate is charged to each of the other funds.

In the past, this fund was used almost exclusively as an accounting convenience to charge benefits in one fund and then distribute them to all other funds. Any positive or negative ending balances were closed to the General Purpose Fund at year-end. Currently, any residual balances (savings/overspending) generated in any given year are closed out to the General Purpose Fund and the net balance is then transferred back to the Internal Service Fund. This has allowed for significant savings to accumulate over a period of several years.

We have included an exhibit on the next page that summarizes Internal Service fund balances. At Adopted Budget, we budgeted a transfer in of \$250,000 to this fund from the General Purpose Fund for 11/12, with corresponding outgo to the California Employees Retiree Benefit Trust (CERBT), sponsored by the California Public Employees Retirement System (CalPERS). We will bring an agenda item to the Board of Trustees authorizing the district to make this contribution during the fourth quarter of the fiscal year.

This year, as in the prior year, our medical benefit rates have been set based on a negotiated composite Per Employee Per Month (PEPM) rate of \$976 for Medical, Prescription, Dental and Vision for both active employees and retirees.

At Adopted Budget, our insurance brokers projected that our medical benefits costs for fiscal year 11/12 may exceed our operating budget by approximately \$2.8 million due to medical cost increases in fiscal year 11/12. Our latest update from our brokers indicated that our medical benefits costs for fiscal year 11/12 might exceed our operating by approximately \$1 million. If these estimates were to materialize, we will need to use \$1 million of our Rate Stabilization Fund (\$10.2 million) to offset these increases, which will reduce total fund availability for the future years.

Update of Benefits Changes for Fiscal Year 2012/13

Based on projections of rapidly increasing health benefits plan costs, the district has been actively seeking ways to curtail expenditures in this area and at the same time still provide a quality health

benefits plan for eligible employees and retirees. In March of fiscal year 2011/12, as a result of work and research by the Joint Labor Management Benefits Council, an alternative health benefits plan administered under CalPERS was identified as the most viable option. Several workshops were organized at both colleges to provide an overview of changes and options available to eligible employees and retirees, and this new plan will go into effect starting July 2012. We have adjusted our restricted ending balance by an additional \$500,000 for the newly negotiated/additional Post-97 Health Benefits Reserve fund, leaving an estimated \$8.8 million in unrestricted rate stabilization funds (see Internal Service Fund Balances). We will incorporate all other financial projections related to this new plan into our tentative and adopted budgets for fiscal year 2012/13.

INTERNAL SERVICE FUND BALANCES

Summary of Beginning Balance

Extended Sick Leave/Vacation Payout Reserve	\$	273,254
---	----	---------

OPEB transfers in from General Fund and Payments:

Unfunded Retiree Benefits Transfer In (04/05)	500,000
Unfunded Retiree Benefits Transfer In (05/06)	640,000
Unfunded Retiree Benefits Transfer In (06/07)	975,905
Unfunded Retiree Benefits Transfer In (07/08)	1,005,182
Unfunded Retiree Benefits Transfer In (08/09)	829,400
Unfunded Retiree Benefits Transfer In (09/10)	711,314
Unfunded Retiree Benefits Transfer In (10/11)	400,000
Transfer to JPA (04/05, 05/06, 06/07)	(2,115,905)
Transfer to JPA (07/08)	(1,005,182)
Transfer to JPA (08/09)	(829,400)
Transfer to CERBT (09/10)	(711,314)
Transfer to CERBT (10/11)	(400,000)
FY 05/06 expenditure (JPA membership fee)	(3,000)

Medical Benefits Savings:

Negotiated 05/06 Benefits Increase Transfer In (04/05)	500,000
04/05 Medical Savings (Retiree and Active)	3,890,883
05/06 Medical Savings (Retiree and Active)	2,266,477
06/07 Medical Savings (Retiree and Active)	1,510,225
07/08 Medical Savings (Retiree and Active)	2,406,980
07/08 Medical Savings (Retiree and Active)-retain in F114 to offset 08/09 operating deficit	(2,406,980)
08/09 Medical Savings (Retiree and Active)	2,774,465
Transfer Out to General Fund to Cover 08/09 Medical Benefits Cost Increases	(1,534,008)

Workers Comp Savings:

04/05 Workers Comp Savings	945,777
05/06 Workers Comp Savings	626,619
06/07 Workers Comp Savings	288,414
07/08 Workers Comp Add'tl Costs	(311,758)
07/08 Workers Comp Add'tl Costs-transfer to F114	311,758
08/09 Workers Comp Add'tl Savings	1,502,491

Total Beginning Balance 07/01/11:	\$	13,041,599
--	-----------	-------------------

Revenue	50,178,929
Expenses	(51,178,929)
Unfunded Retiree Benefits Transfer In (11/12)	250,000
Transfer to CERBT (11/12)	(250,000)

06/30/12 Projected Ending Balance:	\$	12,041,599
---	-----------	-------------------

Summary of 11/12 Projected Ending Balance

Extended Sick Leave/Vacation Payout Reserve	\$ 273,254
Reserve for Self-Insured Fund	2,000,000
2012 Negotiated Post-97 Health Benefits Reserve	500,000
FA Post-1997 Health Benefits Reserve	250,000
Classified Staff Post-1997 Health Benefits Reserve	250,000

Restricted Ending Balance:	\$	3,273,254
-----------------------------------	-----------	------------------

Unrestricted Fund Balance:	\$	8,768,345	See Note
-----------------------------------	-----------	------------------	-----------------

Total Projected 06/30/12 Ending Balance (restricted and unrestricted):	\$	12,041,599
---	-----------	-------------------

Note:

Our insurance brokers project that our medical benefit costs for fiscal year 11/12 may exceed our budget by approximately \$1 million due to higher-than-originally anticipated medical cost increases in fiscal year 11/12. We have included these projections in our estimates of ending fund balance.

CAPITAL PROJECTS FUND**Fund 400**

Each account in this fund represents a specific capital project of sufficient importance to warrant separate accounting from the General Purpose Fund. All project budgets, budget transfers, and actual project expenditures are reviewed by the Audit and Finance subcommittee of the Board and then are approved by the Board of Trustees and, if appropriate, state agencies.

Budgets are reported on a project basis, whereas actual revenues and expenditures are accounted for on both a project and fiscal year basis. Funding may come from either outside sources such as state sources, General Obligation Bonds, borrowings or donations, or from transferring resources from internal funds that will receive the benefit from the assets being created. Plant Services assumes fiscal responsibility for most of these financial accounts and reconciles these accounts with the project cost accounting system. The district currently has a number of major capital outlay projects and scheduled maintenance projects either under construction or in various queues.

On June 6, 2006, voters in the district's service area approved by a 65.69% margin a \$490.8 million General Obligation bond (Measure C). In May 2007, the district issued Series A bonds of \$149.9 million and Series B bonds of \$99.9 million. In June 2011, the district issued Measure C, Series C bonds for \$184 million.

Current Status:**Measure E Projects**

At Foothill, the design phase was completed for the District Office Building renovation project, with contractor procurement and construction commencing in the first half of 2012/13. Design of the new Data Center "E" building was completed, but available funding fell short of the architect's estimate for the project scope as designed. A revised scope that fits the project budget has been identified, but ETS is exploring the feasibility of either constructing the data center on-site, collocating with a Data Center off-site or renovating the existing data center at De Anza. Design was completed for the Vehicle Fueling Stations and the project is planned to bid in fourth quarter.

At De Anza, design was completed for Combined Site Improvements Phase 2 and the Division of the State Architect (DSA) approved the project for construction. The bidding process will begin in April

2012 and will be completed for submission to the June 4th Board of Trustees Meeting to award the construction contract. Construction for Combined Site Improvements Phase 2 will occur under the Measure C bond program in summer 2012. Design documents neared completion this quarter for the Campus Wide Coax Replacement project, with bidding scheduled to begin in April 2012 and construction scheduled for August 2012, in coordination with the completion of construction of the Mediated Learning Center project currently underway under the Measure C bond program. The Stelling Parking Structure project design is still in the design phase and will complete in fourth quarter with construction planned for summer 2012.

Measure C Projects

The third quarter of fiscal year 2011/2012 at Foothill saw continued construction activities on the Physical Sciences and Engineering Center (PSEC), which includes Parking Lot 4. Concrete work was completed on all three buildings of the PSEC project; roofing, metal stud framing, and mechanical, electrical and plumbing (MEP) rough-in activities remain ongoing. The second phase of Lot 4 was completed and will be used by the contractor for the duration of the project for material storage and contractor parking. Minor closeout activities remain ongoing for the Utility and Technology Infrastructure Upgrades project and the Krause Center for Innovation (KCI) HVAC Upgrades project. Construction continues on the Smithwick Theater, which includes seismic retrofits to the building structure and a complete replacement of HVAC units and ductwork. Construction continues on the Press Box project that demolished the existing football stadium press box and will install a new press box on the west bleachers.

There was also a significant amount of design, permitting and procurement activities that took place during the quarter. Design continues on the Modernization of Learning Support Center and General Classrooms (Bldgs. 5400, 5600, 5800); Biology (Bldg. 5100); as well as the Library & ISC (3500 and 3600). Initial project programming started on the Fine Arts Scene Shop (formerly, the FAPPS Complex). The Division of the State Architect (DSA) approved two new projects for construction this quarter: Central Campus Site Improvements, and Parking and Circulation. Both projects will be in the bidding phase next quarter with construction anticipated to begin in the summer 2012. The Modernization of Building 5700 has progressed to the bidding phase with construction expected to start in fourth quarter.

At De Anza, efforts to achieve Division of the State Architect (DSA) closeout, LEED certification (Leadership in Energy and Environmental Design), and contract closure continue on the Baldwin

Winery & East Cottage “Historic Renovation” project. Both buildings are open and in active use by the college. Pursuit of Division of the State Architect (DSA) closeout on the S2-S6 Phase 2 - Utility Master Plan Phase I project continues and it is anticipated that the project will be DSA-approved and certified in the coming quarter. The Seminar Building & Multicultural Center project is complete and both DSA closeout and LEED Silver certification (Leadership in Energy and Environmental Design) have been achieved.

The Mediated Learning Center continues to be the highest volume of construction activity on campus. Building construction is 80% complete. Interior walls, floors and ceilings are nearly complete with finishes being installed, including ceramic tile, acoustic wood paneling, casework and flooring. Mechanical, electrical and plumbing system installations continue, with the majority of start-up and commissioning to commence early in the coming quarter. Concentration on the site work started early this past quarter. Completed scope includes concrete retaining walls, bench and light-pole footings, and fountain infrastructure as well as tree protection and Storm Water Pollution Prevention activities. This project is currently on schedule to achieve substantial completion by the end of fourth quarter 2011/2012. Occupancy and use by the college will be achieved by the end of first quarter 2012/2013. Group II Equipment packages are in design and procurement to support the Mediated Learning Center with the appropriate furnishings and equipment.

The Elevator Upgrades – Campus Wide project has achieved substantial completion at the De Anza pool deck and at the Baldwin Winery loading dock area. Both elevators passed State Elevator Inspection and are available for use now. The Campus Center elevator will not begin construction until first quarter 2012/2013 due to active use required by the college. The Pool Tile and Plaster Replacement project is near completion with punchlist and repair activities to be completed in the fourth quarter. The Repair Tile Roofs: Phase III – E2, E3 & ADM project is complete with only contract closeout/administration issues remaining. The Campus Center Phase II project was complete and available for this past academic quarter. Division of the State Architect (DSA) closeout activities continue and the project is expected to achieve certified closeout by first quarter 2012/2013.

Procurement of a prequalified contractor for construction of the Corporation Yard is underway. Construction on this project is anticipated to begin later in fourth quarter 2011/2012. Construction recently began on the Stadium and Track project with heavy demolition, utility re-routing and rough grading activities underway. Project completion is anticipated for college occupancy during second quarter 2012/13. Design was completed for the G Building renovation project while contractor

procurement activities continue into fourth quarter. This project is scheduled for completion and occupancy by the fall quarter.

Budget alignment and design of the Advanced Technology Center (ATC) continues with plan approval required from the Division of the State Architect (DSA). The project will utilize a Lease Lease-back (LLB) delivery method similar to the Mediated Learning Center. Contractor qualification has already commenced and a contractor should be selected for pre-construction services starting first quarter 2012/2013. Contractor procurement for the A9 and PE6 HVAC Improvements project was completed and a Notice to Proceed was issued this quarter. The project will be finished and ready for occupancy by the fall academic quarter. The Repair Tile Roofs L1 & L8 project is also in the contractor procurement phase with a similar timeline for completion.

The Combined Site Improvements – Phase 1 project achieved substantial completion during the quarter while punchlist and closeout activities are underway. Design of the second phase of work for this project is near completion under the Measure E bond program and contractor procurement will commence in fourth quarter.

Construction is 99% complete for the Install Photovoltaic Arrays – Campus Wide project (for Lots A & B and Kirsch Center). PG&E interconnection has been achieved and systems commissioning is in progress.

Design of the Refinish Exterior Flint Center Garage project continues. The documents from the Division of the State Architect (DSA) are anticipated for contractor procurement in the third quarter of fiscal year 2012/2013. Design has commenced on renovations for A8, and DSA documents are also anticipated for contractor procurement in the third quarter of 2012/2013. Architect selection for the Library project is expected to commence next quarter for a design phase starting in first quarter of fiscal year 2012/2013. A Board of Trustees finding was completed this quarter to support the goals of the Campus Wide Electronic Locks project and a meeting to initiate the project will take place in fourth quarter. Design of the Environmental Studies Area project should be completed next quarter and construction is scheduled to begin first quarter of fiscal year 2012/2013. The improvements will be available for college use by the start of the fall academic quarter.

Both colleges and the district will see ongoing scheduled maintenance project activity in various stages of planning, design, and construction starting with the most urgent needs first.

Educational Technology Services (ETS) continues to work actively on implementing the remaining modules of the new integrated Educational Information System. DegreeWorks went live in the third quarter. Progress continues on preparing segments of the Banner Document Management System (BDMS) to roll out beginning June 2012. The Banner Asset Management function has been deferred to a later implementation date pending further evaluation. ETS continues to roll out web-based financial reports using the new on-line reporting system, Argos. The implementation team continues to work toward localization of the integrated system to make Banner more user friendly and to allow the system to fit more easily into the local operating environments.

ETS saw continued deployment of Phase 2 wireless capability to both campuses to allow for a fully integrated wireless system. Areas scheduled to receive wireless access include the classrooms in the Advanced Technology Center (ATC) and Mediated Learning Center (MLC) at De Anza, and the classrooms in the Physical Sciences and Engineering Center (PSEC) at Foothill. Wireless capability is installed as building renovations are completed. ETS is currently planning Phase III of their comprehensive wireless project that will extend wireless capability outdoors. Several computer, multimedia, and network cabling installations took place at both colleges during the quarter, including the installation of three new multimedia units and two refresh units throughout the De Anza campus, and the setup of five new multi-media refresh units throughout the Foothill campus. Both colleges and Central Services also saw the deployment of eighty-nine new computers for various classrooms, labs, and support staff, as well as the refresh of two computer labs at Foothill and Middlefield campus and two at De Anza. Research and planning has been deferred for the Virtualized Desktop Environment due to the reprioritization of technology projects. ETS continues to evaluate the network security devices for the Network and Security project. Work is underway on the Network Infrastructure Refresh project with contract approval for AMS.NET by the Board of Trustees. ETS continued monitoring the construction phase of the following projects to ensure that adequate technology infrastructure needs are met: Physical Sciences and Engineering Center (PSEC), Modernization of Learning Support Center and General Classrooms (Bldgs. 5400, 5600, 5800), Library & ISC (3500 and 3600), Smithwick Theater, and the Stadium Press Box at Foothill, and the Mediated Learning Center (MLC), Advanced Technology Center (ATC), Install Photovoltaic Arrays – Campus Wide (for Lots A & B and Kirsch Center), and Corporation Yard at De Anza. Design review continues for the new Data Center “C” building project that is currently being designed under the Measure E bond program and will be constructed under the Measure C bond program.

ETS will continue to experience the deployment of wireless capability, computers and multimedia units, network equipment and cable installations, as well as participate in move and relocation efforts that include providing network and telecommunications support to faculty, staff and students temporarily displaced by construction. Move and relocation highlights for the quarter included relocating ETS staff from building 5700 to a modular unit adjacent to the tennis courts at Foothill, and planning for the relocation of faculty, staff and students from the Advanced Technology Center at De Anza in preparation for building renovations. ETS, in collaboration with Plant Services staff, continued developing an implementation plan for a new building automation system and networked managed lock system.

Both colleges and the district will continue to acquire furniture and instructional equipment to support new and ongoing programs and to better serve the students and the larger community.

DEBT SERVICE FUND

Fund 200

This fund is for the repayment of current principal and interest due on the district's general long-term debt and lease arrangements (Certificates of Participation). Resources are generally transferred into this fund from the fund or account that initiated the original debt or lease. This fund also accounts for the legally required reserves mandated by the various debt or lease issuances.

The district has issued three major debt instruments in recent years to finance large capital purchases such as the De Anza College parking garage, student center expansions at both colleges, technology infrastructure, and HVAC and deferred maintenance. \$6.9 million of certificates of participation matured on December 1, 1998. The remaining debt instruments are as follows:

- **October 1997:** The district defeased \$7.36 million of Certificates of Participation and issued \$12.52 million with effective interest rates of 3.8% to 5%. Payments of principal and interest are made June 1 and December 1 of each year. The estimated annual payment is \$1,514,535.
- **May 1998:** To finance the Energy Management and Retrofit Project, the district entered into a lease agreement with Municipal Leasing Associates. The amount of the lease is \$3,385,000 over fifteen years. The lease will be repaid from guaranteed savings realized in the use of energy efficient systems.
- **May 2000:** The district issued \$99.9 million of the General Obligation Bond, Series A, with effective interest rates of 4.25% to 6.26%. Payments of principal and interest are made August 1 and February 1 of each year.
- **October 2002:** The district refinanced a portion (\$67,475,000) of the General Obligation Bond, Series A (original value \$99,995,036) with effective interest rates of 4.61%. Payments of principal and interest are made February 1 and August 1 of each year.
- **June 2003:** The district refinanced the '93 COP of \$21.06 million. The refinanced amount of \$18.2 million constitutes the remainder of the original \$21.06 million with effective interest rates of 4.531%. Payments of principal and interest are made on September 1 and March 1 of each year. The estimated annual payment is \$1,348,892.

- **October 2003:** The district issued \$90.1 million of the General Obligation Bond, Series B, with effective interest rates of 2% to 5.79%. Payments of principal and interest are made August 1 and February 1 of each year.
- **April 2005:** The district entered into a capital lease agreement with CitiMortgage, Inc. to finance the purchase and installation of Photovoltaic Solar Collecting Systems at Foothill College and De Anza College. The amount of the lease is \$3,188,626 with repayment term of over fifteen years. Savings from the utility charges will be used to service the debt payment each year.
- **June 2005:** The district entered into a capital lease agreement with CitiMortgage, Inc. to finance the purchase of Furniture and Fixtures and the MBS POS System for De Anza College Enterprise operation. The amount of the lease is \$539,050 with a repayment term of over ten years.
- **September 2005:** The district has been given an insured bond rating of “AA” by Standards & Poor’s Rating Services and a rating of “Aa1” by Moody’s Investors Services.
- **October 2005:** The district issued \$57.9 million of the General Obligation Bond, Series C, with effective interest rates of 4.81% to 5.03%. Payments of principal and interest are made August 1 and February 1 of each year.
- **October 2005:** The district refinanced a portion (\$22,165,000) of the General Obligation Bond, Series B (original value \$90,100,063) with effective interest rates of 3.00% to 5.250%. Payments of principal and interest are made August 1 and February 1 of each year.
- **November 2006:** The district financed a Certificate of Participation for \$11.33 million, with effective interest rates of 3.5% to 5%. Payments of principal and interest are made on September 1 and March 1 of each year. The estimated annual payment is \$1,020,254. The financed amount of the COP will be used for the renovation portion of the Foothill and De Anza Campus Center buildings and the Foothill Bookstore Equipment, Furniture and Fixtures.
- **May 2007:** The district issued \$149,995,250 million of the Election of 2006 General Obligation Bond, Series A, with effective interest rates of 4% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.

- **May 2007:** The district issued \$99,996,686 million of the Election of 2006 General Obligation Bond, Series B, with effective interest rates of 4% to 5%. Payments of principal and interest are made August 1 and February 1 of each year.
- **June 2011:** The district issued \$184,000,000 million of the Election of 2006 General Obligation Bond, Series C, with effective interest rate of 5.00%. Payments of principal and interest are made August 1 and February 1 of each year.
- **May 2012:** The district is preparing to issue \$70,735,000 million of General Obligation Refunding Bond, which will be used to pay for the current refunding of a portion of the district's outstanding 2002 General Obligation Refunding Bonds, the advance refunding of a portion of the district's outstanding Election of 1999 General Obligation Bonds, Series B, the advance refunding of a portion of the district's outstanding Election of 1999 General Obligation Bonds, Series C, and certain costs associated with the issuance of the Bonds. The issuance will be completed in the fourth quarter of this fiscal year.

V. Has the district settled any employee contracts during this quarter? **NO**

If yes, complete the following: (If multi-year settlement, provide information for all years covered.)

Contract Period Settled (Specify) YYYY-YY	Management		Academic		Temporary		Total Cost Increase	Total Cost Increase	Classified
	Total Cost Increase	% *	Total Cost Increase	% *	Total Cost Increase	% *			
a. SALARIES:									
Year 1:									
Year 2:									
Year 3:									
b. BENEFITS:									
Year 1:									
Year 2:									
Year 3:									

* As specified in Collective Bargaining Agreement or other Employment Contract

c. Provide an explanation on how the district intends to fund the salary and benefit increases, and also identify the revenue source/object code.

VI. Did the district have significant events for the quarter (include incurrence of long-term debt, settlement of audit findings or legal suits, significant differences in budgeted revenues or expenditures, borrowing of funds (TRANS), issuance of COPs, etc.)? **NO**

If yes, list events and their financial ramifications. (Enter explanation below, include additional pages if needed.)

VII. Does the district have significant fiscal problems that must be addressed?

This year? **NO**
Next year? **NO**

If yes, what are the problems and what actions will be taken? (Enter explanation below, include additional pages if needed.)

RESOLUTION

Whereas, Title V, Section 58199, requires that the total amount budgeted as the proposed expenditure of the district for each major classification of district expenditures listed in the district budget forms shall be the maximum amount which may be expended for that classification of expenditures for the school year, and

Whereas, the district has reserves in excess of the amount required by Board policy, and

Whereas, the Board of Trustees by resolution may provide for budget revisions,

Be it therefore resolved, that the budget revisions be approved as follows:

BUDGET REVISIONS

The major elements of our budget revisions are listed below. The descriptions contain amounts for each type of budget revision; the tables represent the net revisions to each classification of expenditure.

Fund 114 - General Purpose Fund

The major revisions to the General Purpose Fund includes a transfer out to the Internal Service Fund (Fund 600) for unfunded medical liability (\$250,000).

Sources Account Series			Uses Account Series		
0xxx	- Revenue	\$ 3,507	5000	- Operating Expenses	\$ 3,507
7000	- Contingency	250,000	7000	- Transfers/Other Outgo	250,000
Totals			Totals		
		\$ 253,507			\$ 253,507

Fund 600 - Internal Service Fund

The major revisions to the Internal Service Fund includes a transfer in from the General Purpose Fund (Fund 114) in anticipation of making a budgeted contribution to the unfunded medical liability (\$250,000).
