Measure C Program Level Report Guidelines for Status Codes

The guidelines described below were applied by the Project Teams to each project when determining the project's status in the areas of cost and schedule. Information has been included below for each project reporting a "problem" (red) status.

Summary of Guidelines

OK	Project has a normal range of issues. Project baselines are not in jeopardy.
Caution	Project has significant issue(s). However, project team has a solution and/or options to mitigate or resolve it/them.
Problem	Project has significant issue(s) without a current or near term solution.

Project Status Guidelines

v	Cost (Contingency)	Schedule Large Capital Projects (Required Occupancy Date - ² Forecast Completion Date)	Schedule Other Projects (Required Occupancy Date – ² Forecast Completion Date)
ок	Contingency > 5% of ¹ Budget Remaining	> 2 Months Schedule Contingency	> 1 Month Schedule Contingency
Caution	Contingency < 5% and > 3% of ¹ Budget Remaining	> 1 and < 2 Months Schedule Contingency	~ 1 Month Schedule Contingency
Problem	Contingency < 2% of ¹ Budget Remaining	< 1 Month Schedule Contingency	< 2 Weeks Schedule Contingency

Budget Remaining = Total Budget - Cost to Date - Encumbered.

Problem Project Information

115-FH FAPPS (Fine Arts, Printing & Plant Services): Future bond list revision (submitted to 3/5/2012 Board Meeting) will split this project into two separate projects: Project 115 will be renamed "Fine Arts Scene Shop" and a new project 173 "Print Shop and Plant Services Facility". The separation of these projects allows these distinctly different programs to be better served individually.

239-DA Refinish Exterior of Flint Center Parking Garage: Discovered deficiencies in the parking structure must be addressed to ensure that this required asset remains safe and operational. Specific structural upgrades to the parking structure were not in the project scope and other unforeseen upgrades must be made to address accessibility standards, fire-life safety systems and waterproofing systems that will, if left unaddressed, eventually render the building unsafe and inoperable. Project 239 budget will be increased with funding from Project 200 (Scheduled Maintenance) budget to ensure that these critical scope needs can be addressed. Simpson Gumpertz and Heger, an architectural and engineering firm with lengthy experience in public parking garage restoration has been selected to develop program details and provide design documents.

² <u>Forecast Completion Date</u> = Project is ready to be occupied for its intended purpose (Work is usably complete including equipment installation and outfitting. Some punch list items may remain and financial closeout may still be pending).
