# Measure C Program Level Report Guidelines for Status Codes

The guidelines described below were applied by the Project Teams to each project when determining the project's status in the areas of cost and schedule. Information has been included below for each project reporting a "problem" (red) status.

#### **Summary of Guidelines**

OK	Project has a normal range of issues. Project baselines are not in jeopardy.
Caution	Project has significant issue(s). However, project team has a solution and/or options to mitigate or resolve it/them.
Problem	Project has significant issue(s) without a current or near term solution.

#### **Project Status Guidelines**

Cost (Contingency)		Schedule Large Capital Projects (Required Occupancy Date - <sup>2</sup> Forecast Completion Date)	Schedule Other Projects (Required Occupancy Date – <sup>2</sup> Forecast Completion Date)
ОК	Contingency > 5% of <sup>1</sup> Budget Remaining	> 2 Months Schedule Contingency	> 1 Month Schedule Contingency
Caution	Contingency < 5% and > 3% of <sup>1</sup> Budget Remaining	> 1 and < 2 Months Schedule Contingency	~ 1 Month Schedule Contingency
Problem	Contingency < 2% of <sup>1</sup> Budget Remaining	< 1 Month Schedule Contingency	< 2 Weeks Schedule Contingency

Budget Remaining = Total Budget – Cost to Date – Encumbered.

### **Problem Project Information**

115-FH FAPPS (Fine Arts, Printing & Plant Services): The project scope cannot be produced with the available budget. An Initial Project Proposal has been submitted to the Chancellor's Office for State capital funding to supplement the project budget, but we do not have any certainty with regard to availability of State funding.

203-DA Baldwin Winery & East Cottage "Historic Renovation": Project budget and schedule exceed original forecasts due to the collapse of the East Cottage and also due to delayed Contractor efforts to complete the Baldwin Winery. The East Cottage re-designed renovation drawings were approved by DSA and reconstruction work commenced in November. The East Cottage is anticipated to be complete by June 2011 and the Baldwin Winery is anticipated to be complete and available for occupancy by the end of February 2011. Schedule will disrupt College operations to some degree but a plan is in place for move-in of both buildings. Project budget will be addressed in a future budget transfer and all options are in consideration for recovery of costs assignable to Contractor.

<sup>&</sup>lt;sup>2</sup> <u>Forecast Completion Date</u> = Project is ready to be occupied for its intended purpose (Work is usably complete including equipment installation and outfitting. Some punch list items may remain and financial closeout may still be pending).
