Combined Evidence of Coverage and Disclosure Form
for the HMO Supplement to Original Medicare Plan

Effective January 1, 2013

Contracted by the CalPERS Board of Administration
Under the Public Employees' Medical & Hospital Care Act (PEMHCA)

We have included a Summary of Covered Services for the Supplement to Original Medicare Plan with a comprehensive description following. It will be to your advantage to familiarize yourself with this booklet before you need services. The Supplement to Original Medicare Plan Summary of Covered Services can be found on page 4.

Take time to review this booklet. The information contained will be useful throughout the year.

NOTICE

This Evidence of Coverage and Disclosure Form booklet describes the terms and conditions of coverage of your Blue Shield health plan.

Please read this Evidence of Coverage and Disclosure Form carefully and completely so that you understand which services are covered health care services, and the limitations and exclusions that apply to your plan. If you or your dependents have special health care needs, you should read carefully those sections of the booklet that apply to those needs.

If you have questions about the benefits of your plan, or if you would like additional information, please contact Blue Shield Member Services at the address or telephone number listed on the back cover of this booklet.

PLEASE NOTE

Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, or clinic, or call the health plan at Blue Shield's Member Services telephone number listed at the back of this booklet to ensure that you can obtain the health care services that you need.

This Combined Evidence of Coverage and Disclosure Form constitutes only a summary of the Blue Shield Access+ HMO Health Plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. However, the statement of benefits, exclusions and limitations in this Evidence of Coverage is complete and is incorporated by reference into the contract.

The contract is on file and available for review in the office of the CalPERS Health Plan Administration Division, 400 Q Street, Sacramento, CA 95811, or P.O. Box 720724, Sacramento, CA 94229-0724. You may purchase a copy of the contract from the CalPERS Health Plan Administration Division for a reasonable duplicating charge.

Health Care Reform

The Patient Protection and Affordable Care Act, as amended by the Health Care and Education Affordability Reconciliation Act of 2010, expands health coverage for various groups and provides mechanisms to lower costs and increase benefits for Americans with health insurance. As federal regulations are released for various measures of the law, CalPERS may need to modify benefits accordingly. For up-to-date information about CalPERS and Health Care Reform, please refer to the Health Care Reform page on CalPERS On-Line at <http://www.calpers.ca.gov>.

Your Introduction to the Blue Shield Access+ HMO Health Plan

Welcome to Blue Shield's Access+ HMO Plan. Members enrolled in the Supplement to Original Medicare Plan may find the description of their plan beginning on page 6.

Your interest in the Blue Shield Access+ HMO Health Plan is appreciated. Blue Shield has served Californians for more than 60 years, and we look forward to serving your health care needs.

Unlike some HMOs, the Access+ HMO offers you a health plan with a wide choice of physicians, hospitals and non-physician health care practitioners. Access+ HMO Members may also take advantage of special features such as Access+ Specialist and Access+ Satisfaction. These features are described fully in this booklet.

You will be able to select your own Personal Physician from the Blue Shield HMO Directory of general practitioners, family practitioners, internists, obstetricians/gynecologists, and pediatricians. Each of your eligible family members may also select a Personal Physician. All covered services must be provided by or arranged through your Personal Physician, except for the following: services received during an Access+ Specialist visit, or obstetrical/gynecological (OB/GYN) services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as your Personal Physician, urgent care provided in your Personal Physician service area by an urgent care clinic when instructed by your assigned medical group or IPA, or emergency services, or mental health and substance abuse services. See the How to Use the Plan section for information. Note: A decision will be rendered on all requests for prior authorization of services as follows: for urgent services and in-area urgent care, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request; for other services, within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within 2 business days of the decision.

You will have the opportunity to be an active participant in your own health care. Working with the Blue Shield Access+ HMO, we'll help you make a personal commitment to maintain and, where possible, improve your health status. Like you, we believe that maintaining a healthy lifestyle and preventing illness are as important as caring for your needs when you are ill or injured.

As a partner in health with Blue Shield, you will receive the benefit of Blue Shield's commitment to service ... an unparalleled record of more than 60 years.

Please review this booklet which summarizes the coverage and general provisions of the Blue Shield Access+ HMO.

If you have any questions regarding the information, you may contact us through our Member Services Department at 1-800-334-5847. The hearing impaired may contact Blue Shield's Member Services Department through Blue Shield's toll-free text telephone (TTY) number, 1-800-241-1823.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

This plan is available to all CalPERS annuitants or dependents who are eligible for Medicare except those who live or work in the following counties in the service area: Fresno (partial county), Kern (partial county), Los Angeles, Madera (partial county), Orange, Riverside (partial county), San Bernardino (partial county), San Luis Obispo, and Ventura. Annuitants or dependents in these counties who are eligible for Medicare should request information about the CalPERS Blue Shield 65 Plus (HMO) Group Medicare Advantage-Prescription Drug Plan.

Benefit Changes for Current Year

There are no benefit changes this year.

BENEFITS OF THIS PLAN ARE AVAILABLE ONLY FOR SERVICES AND SUPPLIES FURNISHED DURING THE TERM THE PLAN IS IN EFFECT AND WHILE THE INDIVIDUAL CLAIMING BENEFITS IS ACTUALLY COVERED BY THE GROUP AGREEMENT.

IF BENEFITS ARE MODIFIED, THE REVISED BENEFITS (INCLUDING ANY REDUCTION IN BENEFITS OR ELIMINATION OF BENEFITS) APPLY TO SERVICES OR SUPPLIES FURNISHED ON OR AFTER THE EFFECTIVE DATE OF MODIFICATION. THERE IS NO VESTED RIGHT TO RECEIVE THE BENEFITS OF THIS PLAN.

Eligibility

Information pertaining to your eligibility, enrollment, cancellation or termination of coverage, conversion rights, etc. can be found in the CalPERS informational booklet "Health Program Guide." The booklet is prepared by CalPERS Customer Account Services Division - Health Account Services in Sacramento. You can order this booklet using the postage-paid order card included in the Open Enrollment mailing, through the CalPERS Web site (<http://www.calpers.ca.gov>), by calling CalPERS, or by contacting your Health Benefits Officer.

If you or any of your dependents are currently eligible or become eligible for Medicare and you are not an active employee, you may enroll in the Blue Shield Access+ HMO Supplement to

Original Medicare Plan. You may also enroll in the Access+ HMO Supplement to Original Medicare Plan if it is determined for any other reason that Medicare is the primary payor for you or your spouse under the Medicare Secondary Payor laws (e.g., for end-stage renal disease). You are required to enroll in both Medicare Parts A and B to be eligible for Blue Shield Access+ HMO Supplement to Original Medicare Plan benefits and to provide CalPERS Customer Account Services Division - Health Account Services with a copy of your Medicare card or Letter Of Entitlement with a letter to CalPERS requesting enrollment.

A Medicare prescription drug program, known as Medicare Part D, became effective January 1, 2006. Blue Shield Supplement to Original Medicare members do not need to enroll in Medicare Part D because your current Blue Shield prescription drug benefit as specified by CalPERS is superior in both benefit and cost.

The Blue Shield Access+ HMO benefits will be reduced by the benefits covered by both Medicare Part A (hospital benefits) and Medicare Part B (professional benefits), but not for Medicare Part D (prescription drugs). The Blue Shield Access+ HMO will cover benefits only to the extent services are coordinated by your Personal Physician and authorized by the Blue Shield Access+ HMO. This Plan does not cover custodial care. Benefits are provided for covered services whether or not they are covered by Medicare. If the covered services are also covered by Medicare, then the Plan providers who render those services will bill and seek payment directly from Medicare. You are not responsible for the amounts not paid by Medicare for covered services, except for the copayment amounts set forth in this Evidence of Coverage.

Under the Public Employees' Medical and Hospital Care Act (PEMHCA), if you are Medicare eligible and do not enroll in Medicare Parts A and B and a CalPERS Medicare health plan, you and your enrolled dependents will be excluded from coverage under the CalPERS program.

If either you or your spouse is over the age of 65 and you are actively employed, neither you

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

nor your spouse is eligible for Supplement to Original Medicare Plan benefits (unless it is determined that Medicare is the primary payor for you or your spouse under the Medicare Secondary Payor laws).

For answers to questions regarding Medicare, contact your local Social Security office or call Medicare's toll-free number 1-800-633-4227. You may also visit the Medicare Web site at <http://www.medicare.gov>.

Remember, it is your responsibility to stay informed about your coverage. If you have any questions, consult your Health Benefits Officer in your agency or the retirement system from which you receive your allowance, or contact CalPERS at the address or telephone number shown below:

Enrollment

Information pertaining to enrollment can be found in the CalPERS "Health Program Guide." To enroll or make changes, active members must submit a completed Health Benefit Enrollment Form (CalPERS HBD-12). Retired members must submit a signed, written request or a completed Health Plan Change Request Form for Retirees (CalPERS HBD-30). If you need assistance in completing these forms, contact CalPERS Customer Account Services Division - Health Account Services.

How to Use the Plan

Choice of Physicians and Providers

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF

PROVIDERS HEALTH CARE MAY BE OBTAINED.

Payment of Providers

Blue Shield generally contracts with groups of physicians to provide services to Members. A fixed, monthly fee is paid to these groups of physicians for each Member whose Personal Physician is in the group. This payment system, capitation, includes incentives to the groups of physicians to manage all services provided to Members in an appropriate manner consistent with the Agreement.

If you want to know more about this payment system, contact Member Services at the number listed on the back cover of this booklet or talk to your Plan provider.

Selecting a Personal Physician

A close physician-to-patient relationship is an important ingredient that helps to ensure the best medical care. Each Member is therefore required to select a Personal Physician at the time of enrollment. Family members can choose different Personal Physicians in different medical groups or IPAs, except as described for new-borns below. This decision is an important one because your Personal Physician will:

- Help you decide on actions to maintain and improve your total health;
- Coordinate and direct all of your medical care needs;
- Authorize emergency services when appropriate;
- Work with your medical group or IPA to arrange your referrals to specialty physicians, hospitals and all other health services, including requesting any prior authorization you will need;
- Prescribe those lab tests, x-rays and services you require;
- If you request it, assist you in obtaining prior approval from the Mental Health Service Administrator (MHSA) for mental health and substance abuse services. See the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information; and,

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

- Assist you in applying for admission into a hospice program through a participating hospice agency when necessary.

To ensure access to services, each Member must select a Personal Physician who is located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield. If you do not select a Personal Physician at the time of enrollment, the Plan will designate a Personal Physician for you and you will be notified of the name of the designated Personal Physician. This designation will remain in effect until you notify the Plan of your selection of a different Personal Physician.

A Personal Physician must also be selected for a newborn or child placed for adoption, preferably prior to birth or adoption, but always within 31 days from the date of birth or placement for adoption. You may designate a pediatrician as the Personal Physician for your child. The Personal Physician selected for the month of birth must be in the same medical group or IPA as the mother's Personal Physician when the newborn is the natural child of the mother. If the mother of the newborn is not enrolled as a Member or if the child has been placed with the subscriber for adoption, the Personal Physician selected must be a physician in the same medical group or IPA as the subscriber. If you do not select a Personal Physician within 31 days following the birth or placement for adoption, the Plan will designate a Personal Physician from the same medical group or IPA as the natural mother or the subscriber. This designation will remain in effect for the first calendar month during which the birth or placement for adoption occurred. If you want to change the Personal Physician for the child after the month of birth or placement for adoption, see the section below on Changing Personal Physicians or Designated Medical Group or IPA. If your child is ill during the first month of coverage, be sure to read the information about changing Personal Physicians during a course of treatment or hospitalization.

Remember that if you want your child covered beyond the 31 days from the date of birth or placement for adoption, you should contact

CalPERS Customer Account Services Division - Health Account Services and Blue Shield to add your child to your coverage.

Role of the Medical Group or IPA

Most Blue Shield Access+ HMO Personal Physicians contract with medical groups or IPAs to share administrative and authorization responsibilities with them. (Of note, some Personal Physicians contract directly with Blue Shield.) Your Personal Physician coordinates with your designated medical group or IPA to direct all of your medical care needs and refer you to specialists or hospitals within your designated medical group or IPA unless because of your health condition, care is unavailable within the medical group or IPA.

Your designated medical group or IPA (or Blue Shield when noted on your identification card) ensures that a full panel of specialists is available to provide your health care needs and helps your Personal Physician manage the utilization of your health plan benefits by ensuring that referrals are directed to providers who are contracted with them. Medical groups or IPAs also have admitting arrangements with hospitals contracted with Blue Shield in their area and some have special arrangements that designate a specific hospital as "in network." Your designated medical group or IPA works with your Personal Physician to authorize services and ensure that that service is performed by their in network provider.

The name of your Personal Physician and your designated medical group or IPA (or, "Blue Shield Administered") is listed on your Access+ HMO identification card. The Blue Shield HMO Member Services Department can answer any questions you may have about changing the medical group or IPA designated for your Personal Physician and whether the change would affect your ability to receive services from a particular specialist or hospital.

Changing Personal Physicians or Designated Medical Group or IPA

You or your dependent may change Personal Physicians or designated medical group or IPA by calling the Member Services Department at

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

1-800-334-5847. Some Personal Physicians are affiliated with more than one medical group or IPA. If you change to a medical group or IPA with no affiliation to your Personal Physician, you must select a new Personal Physician affiliated with the new medical group or IPA and transition any specialty care you are receiving to specialists affiliated with the new medical group or IPA. The change will be effective the first day of the month following notice of approval by Blue Shield. Once your Personal Physician change is effective, all care must be provided or arranged by the new Personal Physician, except for OB/GYN services provided by an obstetrician/gynecologist or a family practice physician within the same medical group or IPA as your Personal Physician and Access+ Specialist visits. Once your medical group or IPA change is effective, all previous authorizations for specialty care or procedures are no longer valid and must be transitioned to specialists affiliated with the new medical group or IPA, even if you remain with the same Personal Physician. Member Services will assist you with the timing and choice of a new Personal Physician or medical group or IPA.

Voluntary medical group or IPA changes are not permitted during the third trimester of pregnancy or while confined to a hospital. The effective date of your new medical group or IPA will be the first of the month following discharge from the hospital, or when pregnant, following the completion of post-partum care.

Additionally, changing your Personal Physician or designated medical group or IPA during a course of treatment may interrupt the quality and continuity of your health care. For this reason, the effective date of your new Personal Physician or designated medical group or IPA, when requested during a course of treatment, will be the first of the month following the date it is medically appropriate to transfer your care to your new Personal Physician or designated medical group or IPA, as determined by the Plan.

Exceptions must be approved by the Blue Shield Medical Director. For information about

approval for an exception to the above provision, please contact Member Services.

If your Personal Physician discontinues participation in the Plan, Blue Shield will notify you in writing and designate a new Personal Physician for you in case you need immediate medical care. You will also be given the opportunity to select a new Personal Physician of your own choice within 15 days of this notification. Your selection must be approved by Blue Shield prior to receiving any services under the Plan. In the event that your selection has not been approved and an emergency arises, see I. Emergency Services in the Benefit Descriptions section for information.

IT IS IMPORTANT TO KNOW THAT WHEN YOU ENROLL IN THE BLUE SHIELD ACCESS+ HMO, SERVICES ARE PROVIDED THROUGH THE PLAN'S DELIVERY SYSTEM, BUT THE CONTINUED PARTICIPATION OF ANY ONE DOCTOR, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

Continuity of Care by a Terminated Provider

Members who are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; or who are children from birth to 36 months of age; or who have received authorization from a now-terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the Blue Shield provider network. Contact Member Services to receive information regarding eligibility criteria and the policy and procedure for requesting continuity of care from a terminated provider.

Relationship With Your Personal Physician

The physician-patient relationship you and your Personal Physician establish is very important. The best effort of your Personal Physician will be used to ensure that all medically necessary and appropriate professional services are provided to you in a manner compatible with your

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

wishes. If your Personal Physician recommends procedures or treatments which you refuse, or you and your Personal Physician fail to establish a satisfactory relationship, you may select a different Personal Physician. Member Services can assist you with this selection.

Your Personal Physician will advise you if he or she believes that there is no professionally acceptable alternative to a recommended treatment or procedure. If you continue to refuse to follow the recommended treatment or procedure, Member Services can assist you in the selection of another Personal Physician.

Repeated failures to establish a satisfactory relationship with a Personal Physician may result in disenrollment from the Plan. However, such an event will only occur after you have been given access to other available Personal Physicians and have been unsuccessful in establishing a satisfactory relationship. Any such change will take place in accordance with written procedures established by Blue Shield and only after written notice to the Member which describes the unacceptable conduct, provides the Member with an opportunity to respond and warns the Member of the consequence of failing to establish a satisfactory relationship with a Personal Physician.

How to Receive Care

Use of Personal Physician

At the time of enrollment, you will choose a Personal Physician who will coordinate all covered services. You must contact your Personal Physician for all health care needs, including preventive services, routine health problems, consultations with Plan specialists (except as provided under Obstetrical/Gynecological (OB/GYN) Physician Services, Access+ Specialist, and Mental Health and Substance Abuse Services), admission into a hospice program through a participating hospice agency, emergency services, urgent services and for hospitalization. The Personal Physician is responsible for providing primary care and coordinating or arranging for referral to other necessary health care services and requesting any needed prior authorization. You should cancel any scheduled appointments at least 24 hours in advance. This policy applies to appointments with or arranged

by your Personal Physician or the Mental Health Service Administrator (MHSA) and self-arranged appointments to an Access+ Specialist or for OB/GYN services. Because your physician has set aside time for your appointments in a busy schedule, you need to notify the office within 24 hours if you are unable to keep the appointment. That will allow the office staff to offer that time slot to another patient who needs to see the physician. Some offices may advise you that a fee (not to exceed your copayment) will be charged for missed appointments unless you give 24-hour advance notice or missed the appointment because of an emergency situation.

If you have not selected a Personal Physician for any reason, you must contact Member Services at 1-800-334-5847, Monday through Friday, between 7 a.m. and 7 p.m. to select a Personal Physician to obtain benefits.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) services by an obstetrician/gynecologist or a family practice physician who is not her designated Personal Physician. A referral from your Personal Physician or from the affiliated medical group or IPA is not needed. However, the obstetrician/gynecologist or family practice physician must be in the same medical group or IPA as her Personal Physician.

Obstetrical and gynecological services are defined as:

- Physician services related to prenatal, perinatal and postnatal (pregnancy) care,
- Physician services provided to diagnose and treat disorders of the female reproductive system and genitalia,
- Physician services for treatment of disorders of the breast,
- Routine annual gynecological examinations/annual well-woman examinations.

It is important to note that services by an obstetrician/gynecologist or a family practice physician outside of the Personal Physician's medical group or IPA without authorization will not be

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

covered under this Plan. Before making the appointment, the Member should call the Member Services Department at 1-800-334-5847 to confirm that the obstetrician/gynecologist or family practice physician is in the same medical group or IPA as her Personal Physician.

The OB/GYN physician services are separate from the Access+ Specialist feature described below.

Referral to Specialty Services and Second Medical Opinions

Although self-referrals to Plan specialists are allowed through the Access+ Specialist feature described below, Blue Shield encourages you to receive specialty services through a referral from your Personal Physician. The Personal Physician is responsible for coordinating all of your health care needs and can best direct you for required specialty services. Your Personal Physician will generally refer you to a Plan specialist or Plan non-physician health care practitioner in the same medical group or IPA as your Personal Physician, but you can be referred outside the medical group or IPA if the type of specialist or non-physician health care practitioner needed is not available within your Personal Physician's medical group or IPA. Your Personal Physician will request any necessary prior authorization from your medical group or IPA. For mental health and substance abuse services, see the Mental Health and Substance Abuse Services paragraphs in the How to Use the Plan section for information regarding how to access care. The Plan specialist or Plan non-physician health care practitioner will provide a complete report to your Personal Physician so that your medical record is complete.

If there is a question about your diagnosis, plan of care, or recommended treatment, including surgery, or if additional information concerning your condition would be helpful in determining the diagnosis and the most appropriate plan of treatment, or if the current treatment plan is not improving your medical condition, you may ask your Personal Physician to refer you to another physician for a second medical opinion. The second opinion will be provided on an expedited basis, where appropriate. If you are re-

questing a second opinion about care you received from your Personal Physician, the second opinion will be provided by a physician within the same medical group or IPA as your Personal Physician. If you are requesting a second opinion about care received from a specialist, the second opinion may be provided by any Plan specialist of the same or equivalent specialty. All second opinion consultations must be authorized. Your Personal Physician may also decide to offer such a referral even if you do not request it. State law requires that health plans disclose to Members, upon request, the timelines for responding to a request for a second medical opinion. To request a copy of these timelines, you may call the Member Services Department at the number listed on the back cover of this booklet.

If your Personal Physician belongs to a medical group or IPA that participates as an Access+ Provider, you may also arrange a second opinion visit with another physician in the same medical group or IPA without a referral, subject to the limitations described in the Access+ Specialist paragraphs later in this section.

To obtain referral for specialty services, including lab and x-ray, you must first contact your Personal Physician. If the Personal Physician determines that specialty services are medically necessary, the physician will complete a referral form and request necessary authorization. Your Personal Physician will designate the Plan provider from whom you will receive services. When no Plan provider is available to perform the needed service, the Personal Physician will refer you to a non-Plan provider after obtaining authorization. This authorization procedure is handled for you by your Personal Physician.

In certain situations where the Member's medical condition or disease is life-threatening, degenerative, or disabling and requires specialized medical care over a prolonged period of time, the Personal Physician may make a standing referral (more than one visit) to an appropriate specialist.

Referral by a Personal Physician does not guarantee coverage for referral services. The eligibili-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

ty provisions, exclusions and limitations will apply.

Access+ Specialist

You may arrange an office visit with a Plan specialist in the same medical group or IPA as your Personal Physician without a referral from your Personal Physician, subject to the limitations described below. Access+ Specialist office visits are available only to Members whose Personal Physicians belong to a medical group or IPA that participates as an Access+ Provider. Refer to the HMO Physician and Hospital Directory or call Blue Shield Member Services at 1-800-334-5847 to determine whether a medical group or IPA is an Access+ Provider.

When you arrange for Access+ Specialist visits without a referral from your Personal Physician, you will be responsible for a \$30 copayment for each Access+ Specialist visit. This copayment is in addition to any copayments that you may incur for specific benefits as described in the Summary of Covered Services. Each follow-up office visit with the Plan specialist which is not referred or authorized by your Personal Physician is a separate Access+ Specialist visit and requires a separate \$30 copayment.

You should cancel any scheduled Access+ Specialist appointment at least 24 hours in advance. Unless you give 24-hour advance notice or miss the appointment because of an emergency situation, the physician's office may charge you a fee as much as the Access+ Specialist copayment.

Note: When you receive a referral from your Personal Physician to obtain services from a specialist, you are responsible for the physician services copayment.

For Access+ Specialist visits for mental health and substance abuse services, see the following Mental Health and Substance Abuse Services paragraphs.

The Access+ Specialist visit includes:

- An examination or other consultation provided to you by a medical group Plan

specialist without referral from your Personal Physician;

1. Symptoms you are experiencing, including whether you need emergency care;
2. Minor illnesses and injuries;
3. Chronic conditions;

Members may obtain these services by calling a 24-hour, toll-free telephone number. There is no charge for these services.

These programs include:

NurseHelp 24/7 - Members may call a registered nurse toll free via 1-877-304-0504, 24 hours a day, to receive confidential advice and information about minor illnesses and injuries, chronic conditions, fitness, nutrition and other health-related topics.

Psychosocial support through LifeReferrals 24/7 - Members may call 1-800-985-2405 on a 24-hour basis for confidential psychosocial support services. Professional counselors will provide support through assessment, referrals and counseling. Note: See the following Mental Health and Substance Abuse Services paragraphs for important information concerning this feature.

Mental Health and Substance Abuse Services

Blue Shield of California has contracted with a Mental Health Service Administrator (MHSA) to underwrite and deliver all mental health and substance abuse services through a unique network of mental health Participating Providers. (See Mental Health Service Administrator under the Definitions section for more information.) All non-emergency mental health and substance abuse services, except for Access+ Specialist visits, must be arranged through the MHSA. Members do not need to arrange for mental health and substance abuse services through their Personal Physician. (See 1. Prior Authorization paragraphs below.)

All mental health and substance abuse services, except for emergency or urgent services, must be provided by a MHSA Participating Provider. MHSA Participating Providers are indicated in the Blue Shield of California Behavioral Health Provider Directory. Members may contact the MHSA directly for information on, and to select a MHSA Participating Provider by calling 1-866-505-3409. Your Personal Physician may also contact the MHSA to obtain information regarding MHSA Participating Providers for you.

Non-emergency mental health and substance abuse services received from a provider who does not participate in the MHSA Participating Provider network will not be covered, except as stated herein, and all charges for these services will be the Member's responsibility. This limitation does not apply with respect to emergency services. In addition, when no MHSA Participating Provider is available to perform the needed service, the MHSA will refer you to a non-Plan provider and authorize services to be received.

For complete information regarding benefits for mental health and substance abuse services, see P. Inpatient Mental Health and Substance Abuse Services and Q. Outpatient Mental Health and Substance Abuse Services in the Benefit Descriptions section.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

1. Prior Authorization

All non-emergency mental health and substance abuse services must be prior authorized by the MHSA. For prior authorization of mental health and substance abuse services, the Member should contact the MHSA at 1-866-505-3409.

Failure to receive prior authorization for mental health and substance abuse services as described, except for emergency and urgent services, will result in the Member being totally responsible for all costs for these services.

Note: The MHSA will render a decision on all requests for prior authorization of services as follows:

- for urgent services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;
- for other services, within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within 2 business days of the decision.

2. Access+ Specialist Visits for Mental Health and Substance Abuse Services

The Access+ Specialist feature is available for all mental health and substance abuse services except for psychological testing and written evaluation which are not covered under this benefit.

The Member may arrange for an Access+ Specialist office visit for mental health and substance abuse services without a referral from the MHSA, as long as the provider is a MHSA Participating Provider. Refer to the Blue Shield of California Behavioral Health Provider Directory or call the MHSA at 1-866-505-3409 to determine MHSA Participating Providers. Members will be responsible for a \$30 copayment for each Access+

Specialist visit for mental health and substance abuse services. Each follow-up office visit for mental health and substance abuse services which is not referred or authorized by the MHSA is a separate Access+ Specialist visit and requires a separate \$30 copayment.

3. Psychosocial Support through LifeReferrals 24/7

Notwithstanding the benefits provided under Q. Outpatient Mental Health and Substance Abuse Services, the Member also may call 1--800-985-2405 on a 24-hour basis for confidential psychosocial support services. Professional counselors will provide support through assessment, referrals and counseling.

In California, support may include, as appropriate, a referral to a counselor for a maximum of three no charge, face-to-face visits within a 6-month period.

In the event that the services required of a Member are most appropriately provided by a psychiatrist or the condition is not likely to be resolved in a brief treatment regimen, the Member will be referred to the MHSA intake line to access his mental health and substance abuse services which are described under Q. Outpatient Mental Health and Substance Abuse Services.

Emergency Services

What is an Emergency?

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impairment to bodily functions, (3) serious dysfunction of any bodily organ or part. If you receive non-authorized services in a situation that Blue Shield determines was not a situation in which a reasonable person would believe that an emer-

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

gency condition existed, you will be responsible for the costs of those services.

Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the “911” emergency response system where available.

What to do in case of Emergency:

Life Threatening

Obtain care immediately.

Contact your Personal Physician no later than 24 hours after the onset of the emergency, or as soon as it is medically possible for the Member to provide notice.

Non-Life Threatening

Consult your Personal Physician, anytime day or night, regardless of where you are prior to receiving medical care.

Follow-Up Care

Follow-up care, which is any care provided after the initial emergency room visit, must be provided or authorized by your Personal Physician.

For a complete description of the Emergency Services benefit and applicable copayments, see I. Emergency Services in the Benefit Descriptions section.

Urgent Services

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of your Personal Physician service area.

Urgent services are defined in Section 3, under Definitions. Out-of-area follow-up care is defined in Section 3, under Definitions.

(Urgent care) While in your Personal Physician Service Area

If you require urgent care for a condition that could reasonably be treated in your Personal Physician’s office or in an urgent care clinic (i.e., care for a condition that is not such that the ab-

sence of immediate medical attention could reasonably be expected to result in placing your health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part), you must first call your Personal Physician. However, you may go directly to an urgent care clinic when your assigned medical group or IPA has provided you with instructions for obtaining care from an urgent care clinic in your Personal Physician service area.

Outside of California or the United States

The Blue Shield Access+ HMO provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of California. You can receive urgent care services from any provider; however, using the BlueCard® Program, described below, can be more cost-effective and eliminate the need for you to pay for the services when they are rendered and submit a claim for reimbursement.

Out-of-area follow-up care is covered and may be received through the BlueCard Program participating provider network or from any provider. However, authorization by Blue Shield is required for more than two out-of-area follow-up care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. Blue Shield may direct the patient to receive the additional follow-up services from the Personal Physician.

Within California

If you are temporarily traveling within California, but are outside of your Personal Physician service area, if possible you should call Blue Shield Member Services at 1-800-334-5847 for assistance in receiving urgent services through a Blue Shield of California Plan provider. You may also locate a Plan provider by visiting our web site at <http://www.blueshieldca.com>. However, you are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider.

Follow-up care is also covered through a Blue Shield of California Plan provider and may also be received from any provider. However, when

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

outside your Personal Physician service area authorization by Blue Shield is required for more than two out-of-area follow-up care outpatient visits or for care that involves a surgical or other procedure or inpatient stay. Blue Shield may direct the patient to receive the additional follow-up services from the Personal Physician.

If services are not received from a Blue Shield of California Plan provider, you may be required to pay the provider for the entire cost of the service and submit a claim to Blue Shield. Claims for urgent services obtained outside of your Personal Physician service area within California will be reviewed retrospectively for coverage.

When you receive covered urgent services outside your Personal Physician service area within California, the amount you pay, if not subject to a flat dollar copayment, is calculated on Blue Shield's allowed charges.

See J. Urgent Services in the Benefit Descriptions section for benefit description, applicable copayment information, and information on payment responsibility and claims submission.

Inter-Plan Programs

Blue Shield has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates ("Licensees") referred to generally as "Inter-Plan Programs." Whenever you obtain health care services outside of California, the claims for these services may be processed through one of these Inter-Plan Programs.

When you access covered services outside of California you may obtain care from health care providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Plan"). In some instances, you may obtain care from non-participating health care providers. Blue Shield's payment practices in both instances are described in this booklet.

BlueCard Program

Under the BlueCard Program, when you obtain covered services within the geographic area served by a Host Plan, Blue Shield will remain responsible for fulfilling our contractual obligations. However the Host Plan is responsible for contracting with and generally handling all interactions with its participating health care providers.

The BlueCard Program enables you to obtain covered services outside of California, as defined, from a health care provider participating with a Host Plan, where available. The participating health care provider will automatically file a claim for the covered services provided to you, so there are no claim forms for you to fill out. You will be responsible for the member copayment and deductible amounts, if any, as stated in this booklet.

Whenever you access covered services outside of California and the claim is processed through the BlueCard Program, the amount you pay for covered health care services, if not a flat dollar copayment, is calculated based on the lower of:

1. The billed covered charges for your covered services; or
2. The negotiated price that the Host Plan makes available to Blue Shield.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Plan pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

above. However, such adjustments will not affect the price Blue Shield uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered health care services according to applicable law.

Claims for covered emergency services are paid based on the allowed charges as defined in this booklet.

Inpatient, Home Health Care and Other Services

The Personal Physician is responsible for obtaining prior authorization before you can be admitted to the hospital or a skilled nursing facility, including subacute care admissions, except for mental health and substance abuse services which are described in the previous Mental Health and Substance Abuse Services section. The Personal Physician is responsible for obtaining prior authorization before you can receive home health care and certain other services or before you can be admitted into a hospice program through a participating hospice agency. If the Personal Physician determines that you should receive any of these services, he or she will request authorization. Your Personal Physician will arrange for your admission to the hospital, skilled nursing facility, or a hospice program through a participating hospice agency, as well as for the provision of home health care and other services.

For hospital admissions for mastectomies or lymph node dissections, the length of hospital stays will be determined solely by the Member's physician in consultation with the Member. For information regarding length of stay for maternity or maternity-related services, see F. Pregnancy and Maternity Care, for information relative to the Newborns' and Mothers' Health Protection Act.

Liability of Member for Payment

It is important to note that all services except for those meeting the emergency and out of service area urgent services requirements, Access+ Specialist visits, hospice program services received from a participating hospice agency after the Member has been accepted into the hospice program, OB/GYN services by an obstetrician/gynecologist or a family practice physician who is in the same medical group or IPA as the Personal Physician, and all mental health and substance abuse services, must have prior authorization by the Personal Physician, medical group or IPA. The Member will be responsible for payment of services that are not authorized or those that are not an emergency or covered out of service area urgent service procedures. (See the previous Urgent Services paragraphs for information on receiving urgent services out of the service area but within California.) Members must obtain services from the Plan providers that are authorized by their Personal Physician, medical group or IPA and, for all mental health and substance abuse services, from MHSA Participating Providers. Hospice services must be received from a participating hospice agency.

If your condition requires services which are available from the Plan, payment for services rendered by non-Plan providers will not be considered unless the medical condition requires emergency or urgent services.

You are responsible for paying a minimum charge (copayment) to the physician or provider of services at the time you receive services. The specific copayments, as applicable, are listed after the benefit description. There are no deductibles to be met.

Limitation of Liability

Members shall not be responsible to Plan providers for payment for services if they are a benefit of the Plan. When covered services are rendered by a Plan provider, the Member is responsible only for the applicable copayments, except as set forth in the Third Party Recovery Process and the Member's Responsibility section. Members are responsible for the full

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

charges for any non-covered services they obtain.

Member Identification Card

You will receive your Blue Shield Access+ HMO identification card after enrollment. If you do not receive your identification card or if you need to obtain medical or prescription services before your card arrives, contact the Blue Shield Member Services Department so that they can coordinate your care and direct your Personal Physician or pharmacy.

2. Non-Emergency Ambulance Services

Medically necessary ambulance services to transfer the Member from a non-Plan hospital to a Plan hospital, between Plan facilities, or from facility to home when in connection with authorized confinement/admission and the use of the ambulance is authorized.

I. Emergency Services

An emergency means an unexpected medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a layperson who possesses an average knowledge of health and medicine could reasonably assume that the absence of immediate medical attention could be expected to result in any of the following: (1) placing the Member's health in serious jeopardy, (2) serious impairment to bodily functions, (3) serious dysfunction of any bodily organ or part. If you receive services in a situation that the Blue Shield Access+ HMO determines was not a situation in which a reasonable person would believe that an emergency condition existed, you will be responsible for the costs of those services.

1. Members who reasonably believe that they have an emergency medical or mental health condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system where available. The Member should notify the Personal Physician or the MHSA by phone within 24 hours of the commencement of the emergency services, or as soon as it is medically possible for the Member to provide notice. Failure to provide notice as stated will result in the services not being covered.
2. Whenever possible, go to the emergency room of your nearest Blue Shield Access+

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

HMO hospital for medical emergencies. A listing of Blue Shield Access+ HMO hospitals is available in your HMO Physician and Hospital Directory.

3. The services will be reviewed retrospectively by the Plan to determine whether the services were for a medical condition for which a reasonable person would have believed that they had an emergency medical condition.

Copayment: \$50 per visit in the hospital emergency room. (Emergency services copayment does not apply if Member is admitted directly to hospital as an inpatient from emergency room or kept for observation and hospital bills for an emergency room observation visit.)

4. Continuing or Follow-up Treatment. If you receive emergency services from a hospital which is a non-Plan hospital, follow-up care must be authorized by Blue Shield or it may not be covered. If, once your emergency medical condition is stabilized, and your treating health care provider at the non-Plan hospital believes that you require additional medically necessary hospital services, the non-Plan hospital must contact Blue Shield to obtain timely authorization. Blue Shield may authorize continued medically necessary hospital services by the non-Plan hospital. If Blue Shield determines that you may be safely transferred to a hospital that is contracted with the Plan and you refuse to consent to the transfer, the non-Plan hospital must provide you with written notice that you will be financially responsible for 100% of the cost for services provided to you once your emergency condition is stable. Also, if the non-Plan hospital is unable to determine the contact information at Blue Shield in order to request prior authorization, the non-Plan hospital may bill you for such services. If you believe you are improperly billed for services you receive from a non-Plan hospital, you should contact Blue Shield at the telephone number on your identification card.

5. Claims for Emergency and Out-of-Area Urgent Services. Contact Member Services to obtain a claim form.

- a. Emergency. If emergency services were received and expenses were incurred by the Member, for services other than medical transportation, the Member must submit a complete claim with the emergency service record for payment to the Plan, within 1 year after the first provision of emergency services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those emergency services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. If the services are not pre-authorized, the Plan will review the claim retrospectively for coverage. If the Plan determines that these services received were for a medical condition for which a reasonable person would not reasonably believe that an emergency condition existed and would not otherwise have been authorized, and, therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim. In the event covered medical transportation services are obtained in such an emergency situation, the Blue Shield Access+ HMO shall pay the medical transportation provider directly.
- b. Out-of-Area Urgent Services. If out-of-area urgent services were received from a non-participating BlueCard Program provider, you must submit a complete claim with the urgent service record for payment to the Plan, within 1 year after the first provision of urgent services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those urgent services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. The services will be reviewed retrospectively by the Plan to determine whether the services were ur-

gent services. If the Plan determines that the services would not have been authorized, and therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim.

You are not required to use a Blue Shield of California Plan provider to receive urgent services; you may use any provider. However, the services will be reviewed retrospectively by the Plan to determine whether the services were urgent services.
2. When temporarily traveling within the United States, call the 24-hour toll-free number 1-800-810-BLUE (2583) to obtain information about the nearest BlueCard Program participating provider. For inpatient hospital care, contact the BlueCard Worldwide Service Center to arrange cashless access. If cashless access is arranged, you are responsible for the usual out-of-pocket expenses (non-covered charges, deductibles, and copayments). If cashless access is not arranged, you will have to pay the entire bill for your medical care and submit a claim. When you receive services from a physician, you will have to pay the doctor and then submit a claim. A claim must be submitted as described in *Claims for Emergency and Out-of-Area Urgent Services* in the How to Use Your Health Plan section. See *BlueCard Program* in the How to Use Your Health Plan section for additional information. Before traveling abroad, Members may call their local Member Services office for the most current listing of providers or they can go on-line at <http://www.bcbs.com> and select "Find a Doctor or Hospital" and "BlueCard Worldwide". However, a Member is not required to receive urgent services outside of the

X. Medicare Part B Covered Drugs and Supplies

Certain medications and supplies (such as diabetic testing supplies) are covered by Medicare under Part B. Members will receive primary coverage for certain drugs and supplies from Medicare Part B, and the Blue Shield Access+ HMO benefit will be reduced by the benefits covered by Medicare Part B. For additional information regarding which medications and supplies are covered under Medicare Part B, you may check online at <http://www.blueshieldca.com> or call Blue Shield Member Services at 1-800-334-5847.

These medications and supplies can be obtained through either a mail-order or retail Participating Pharmacy that also participates in Medicare. The Participating Pharmacy will verify coverage, file your prescription claim with Medicare Part B, and submit your claim to the Blue Shield Access+ HMO Supplement to Original Medicare Plan for processing.

Most pharmacies can bill Medicare directly for these services as the primary payor. If you have authorized Medicare and Blue Shield to automatically "crossover" any Part B deductible or coinsurance amounts remaining after Medicare Part B has paid, the balance on your claim will be automatically sent to your Blue Shield coverage for processing. The Medicare Explanation of Benefits (EOMB) will include a statement that your secondary claim has been automatically sent to Blue Shield for processing.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

If you have not authorized Medicare to automatically crossover the balance, the Participating Pharmacy will need to submit a claim for this amount to Blue Shield. Most pharmacies have the capability to bill Blue Shield for these secondary payments. If your pharmacy is not able to send a claim for the secondary payment to Blue Shield, you should file a claim directly with Blue Shield by completing the Blue Shield Member Claim Form and attaching a copy of the Medicare Part B EOMB.

If Medicare provides primary coverage for these services under Part B, you will not have to pay any copayment. Medicare will pay 80% of the allowable amount. The remaining Medicare Part B deductible (if any) and coinsurance amounts will then be paid by Blue Shield.

If Medicare Part B denies coverage for your claim as primary payor for these services, the pharmacy must contact Blue Shield for authorization to submit the entire claim for reimbursement directly to Blue Shield for coverage in your Prescription Drugs benefit, and the Member is responsible for any applicable copayments.

Mail-order pharmacy: For Members' convenience, drugs may be obtained through Blue Shield's Mail Service Prescription Drug Program for home delivery. For information regarding the Mail Service Prescription Drug Program, the Member may refer to the mail service program brochure. For additional information, Members may contact Blue Shield Member Services at 1-800-334-5847.

Retail pharmacy: Present your Medicare ID card with your prescriptions. Most Participating Pharmacies also participate in Medicare Part B. Call Blue Shield Member Services at 1-800-334-5847 to locate a Participating Pharmacy near you. You may also call Medicare Customer Service at 1-800-633-4227 to locate a Participating Pharmacy near you that is a Medicare Part B participating provider.

Blue Shield may limit or exclude benefits for services which are not medically necessary.

Limitations for Duplicate Coverage

In the event that you are covered under the Plan and are also entitled to benefits under any of the conditions listed below, Blue Shield's liability for services (including room and board) provided to the Member for the treatment of any one illness or injury shall be reduced by the amount of benefits paid, or the reasonable value or the amount of Blue Shield's fee-for-service payment to the provider, whichever is less, of the services provided without any cost to you, because of your entitlement to such other benefits. This exclusion is applicable to benefits received from any of the following sources:

1. Benefits provided under Title 18 of the Social Security Act ("Medicare"). If a Member receives services to which the Member is entitled under Medicare and those services are also covered under this Plan, the Plan provider may recover the amount paid for the services under Medicare. This provision does not apply to Medicare Part D (outpatient prescription drug) benefits.
2. Benefits provided by any other federal or state governmental agency, or by any county or other political subdivision, except that this exclusion does not apply to Medi-Cal; or Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code; or for the reasonable costs of services provided to the person at a Veterans Administration facility for a condition unrelated to military service or at a Department of Defense facility, provided the person is not on active duty.

Exception for Other Coverage

A Plan provider may seek reimbursement from other third party payors for the balance of its

For all services other than mental health and substance abuse

The Member, a designated representative, or a provider on behalf of the Member, may contact the Member Services Department by telephone, letter or online to request a review of an initial determination concerning a claim or service. Members may contact the Plan at the telephone number as noted on the back cover of this booklet. The Member, a designated representative, or a provider on behalf of the Member, may also initiate a grievance by submitting a letter or a completed "Grievance Form." The Member may request this form from Member Services. The completed form should be submitted to Member Services at the address as noted on the back cover of this booklet. The Member may also submit the grievance online by visiting our web site at <http://www.blueshieldca.com>.

Blue Shield will acknowledge receipt of a grievance within 5 calendar days. Grievances are resolved within 30 days. The grievance system allows Members to file grievances for at least 180 days following any incident or action that is

the subject of the Member's dissatisfaction. See the Member Services Department section for information on the expedited decision process.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at **1-800-334-5847** and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The Department also has a toll-free telephone number (**1-888-HMO-2219**) and a TDD line (**1-877-688-9891**) for the hearing and speech impaired. The Department's Web site (<http://www.hmohelp.ca.gov>) has complaint forms, IMR application forms and instructions online.

In the event that Blue Shield should cancel or refuse to renew enrollment for you or your dependents and you feel that such action was due to health or utilization of benefits, you or your dependents may request a review by the Department of Managed Health Care Director. Matters of eligibility should be referred directly to CalPERS - contact CalPERS Customer Account Services Division - Health Account Services, P.O. Box 1953, Sacramento, CA 95812-1953.

External Independent Medical Review

If your grievance involves a claim or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the grounds that the service is not medically necessary or is experimental/investigational (including

the external review available under the Friedman-Kowles Experimental Treatment Act of 1996), you may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. You normally must first submit a grievance to Blue Shield and wait for at least 30 days before you request external review; however, if your matter would qualify for an expedited decision as described in the Member Services Department section or involves a determination that the requested service is experimental/investigational, you may immediately request an external review following receipt of notice of denial. You may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Member Services. The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have your records submitted to a qualified specialist for an independent determination of whether the care is medically necessary. You may choose to submit additional records to the external review agency for review. There is no cost to you for this external review. You and your physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is medically necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid. This external review process is in addition to any other procedures or remedies available to you and is completely voluntary on your part; you are not obligated to request external review. However, failure to participate in external review may cause you to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. In addition, you have 6 months from the date you receive a written denial from Blue Shield or a contracting provider that your claim or services was denied to request an external review from the Department of Managed Health Care. For more information regarding the external review process, or to request an application form, please contact Member Services.

Appeal Procedure Following Disposition of Plan Grievance Procedure

If no resolution of your complaint is achieved by the internal grievance process described above, you have several options depending on the nature of your complaint.

1. **Eligibility Issues.** Refer these matters directly to CalPERS. Contact CalPERS Health Plan Administration Division, Attn: Health Appeals Coordinator at P.O. Box 1953, Sacramento, CA 95812-1953, Fax (916) 795-1513, or telephone CalPERS Customer Service and Outreach Division at **888 CalPERS** (or **888-225-7377**), TTY 1-800-735-2929; (916) 795-3240.
2. **Coverage Issues.** A coverage issue concerns the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet. It does not include a plan or contracting provider decision regarding a disputed health care service.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process or if you have been in the process for 30 days or more, you may request review by the Department of Managed Health Care. proceed to court or Small Claims Court, if your coverage dispute is within the jurisdictional limits of Small Claims Court. or request an Administrative Review by CalPERS. If you choose to proceed to court or Small Claims Court, you may not request an Administrative Review by CalPERS.
3. **Malpractice.** You must *proceed directly to court.*
4. **Bad Faith.** You must *proceed directly to court.*
5. **Disputed Health Care Service Issue.** A disputed health care service issue concerns any health care service eligible for coverage and payment under this Evidence of Coverage booklet that has been denied, modified, or delayed in whole or in part due to a find-

ing that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine, and includes decisions as to whether a particular service is experimental or investigational.

If you are dissatisfied with the outcome of Blue Shield's internal grievance process or if you have been in the process for 30 days or more, you may request an external independent medical review from the Department of Managed Health Care. If you are dissatisfied with the outcome of the external independent medical review process, you may request an Administrative Review by CalPERS or you may proceed to court. If you choose to proceed to court, you may not request an Administrative Review by CalPERS.

CalPERS Administrative Review and Hearing Process

Administrative Review

Issues of eligibility, coverage issues which concern the denial or approval of health care services substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under this Evidence of Coverage booklet and disputed health care issues may be appealed directly to CalPERS through its Administrative Review process.

Members may request an Administrative Review if they are dissatisfied with the outcome of Blue Shield's internal grievance process, the outcome of the review of a grievance by the Department of Managed Health Care or the outcome of a request for or decision from the external independent medical review process. Moreover, Members may request an Administrative Review if they have been in Blue Shield's internal grievance process for 30 days or more. All requests for Administrative Review must be submitted to CalPERS in writing within 30 days of the post-mark date of Blue Shield's letter of denial, the Department of Managed Health Care's determination of findings or the written decision from the Director of the Department of Managed

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Health Care informing the Member of the outcome of the external independent medical review process or a denial of a request for the external independent medical review process. A request for Administrative Review when a Member has been participating in Blue Shield's internal grievance process for 30 days or more can be submitted as soon as the 30 days have elapsed and must be in writing as well.

To file for an Administrative Review, contact CalPERS Health Plan Administration Division, Attn: Health Appeals Coordinator at P.O. Box 1953, Sacramento, CA 95812-1953, Fax (916) 795-1513, or telephone CalPERS Customer Service and Outreach Division, **888 CalPERS** (or **888-225-7377**), TTY 1-800-735-2929; (916) 795-3240.

CalPERS will attempt to provide a written determination of its Administrative Review within 30 days from the date all pertinent information is received by CalPERS. For issues needing an expedited decision, CalPERS will make a determination as soon as possible, taking into account the medical exigencies, but no later than 72 hours from the time of the request.

Please note that if the Member requests an external independent medical review from the Department of Managed Health Care before, at the same time, or after the Member makes a request for CalPERS Administrative Review, but before a determination has been made, CalPERS will not issue its determination until the external independent medical review decision is issued.

If the Member requests CalPERS Administrative Review instead of requesting an external independent medical review from the Department of Managed Health Care, the Member may later request an external independent medical review from the Department provided the Member files the request within 6 months from the date of receipt of a written denial from Blue Shield or a contracting provider that a claim or services was denied by Blue Shield or the contracting provider in whole or in part on the grounds that the claim or service is not medically necessary or is experimental/investigational.

Administrative Hearing

The Member must complete the CalPERS Administrative Review process prior to being offered the opportunity for an Administrative Hearing. Only claims involving covered benefits are eligible for an Administrative Hearing.

The Member must file for Administrative Hearing within 30 days of the date of the Administrative Review determination, or within 30 days of the external independent medical review decision if the Member elected the external independent medical review process from the Department of Managed Health Care after an Administrative Review determination. Upon satisfactory showing of good cause, CalPERS may grant additional time to file an appeal, not to exceed 30 days.

The appeal must set forth the facts and the law upon which the appeal is based. The Administrative Hearing is conducted in accordance with the Administrative Procedure Act (Government Code section 11500 *et seq.*), and is a formal legal proceeding held before an Administrative Law Judge (ALJ). The Member may, but is not required, to be represented by an attorney. If unrepresented, the Member should become familiar with this law and its requirements. After taking testimony and receiving evidence, the ALJ will issue a Proposed Decision. The CalPERS Board of Administration (Board) will vote regarding whether to adopt the Proposed Decision as its own decision at an open meeting. The Board's final decision will be provided in writing to the Member within two weeks of the Hearing.

Appeal Beyond Administrative Review and Administrative Hearing

If the Member is dissatisfied with the Board's decision, the Member may petition the Board for reconsideration of its decision, or may appeal to the Superior Court.

A Member may not begin civil legal remedies until after exhausting these administrative procedures.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Summary of Process and Rights of Members under the Administrative Procedure Act

- **Right to records, generally.** The Member may, at his or her own expense, obtain copies of all non-medical and non-privileged medical records from Blue Shield and/or CalPERS, as applicable.
- **Records subject to attorney-client privilege.** Communication between an attorney and a client, whether oral or in writing, will not be disclosed under any circumstances.
- **Attorney Representation.** At any stage of the appeal proceedings, the Member may be represented by an attorney. If the Member chooses to be represented by an attorney, the Member must do so at his or her own expense. Neither CalPERS nor Blue Shield will provide an attorney or reimburse the Member for the cost of an attorney even if the Member prevails on appeal.
- **Right to experts and consultants.** At any stage of the proceedings, the Member may present information through the opinion of an expert, such as a physician. If the Member chooses to retain an expert to assist in presentation of a claim, it must be at the Member's own expense. Service of Legal Process

Legal process or service upon CalPERS must be served in person at:

CalPERS Legal Office
Lincoln Plaza North
400 "Q" Street
Sacramento, CA 95814

If you are covered by Medicare and Medicare has made a decision regarding your appeal of a Medicare claim determination, you cannot appeal the Medicare decision through the CalPERS Board of Administration.

Alternate Arrangements

Blue Shield will make a reasonable effort to secure alternate arrangements for the provision of care by another Plan provider without additional expense to you in the event a Plan provider's contract is terminated, or a Plan provider is unable or unwilling to provide care to you.

If such alternate arrangements are not made available, or are not deemed satisfactory to the Board, then Blue Shield will provide all services and/or benefits of the Agreement to you on a fee-for-service basis (less any applicable copayments), and the limitation contained herein with respect to use of a Plan provider shall be of no force or effect.

Such fee-for-service arrangements shall continue until any affected treatment plan has been completed or until such time as you agree to obtain services from another Plan provider, your enrollment is terminated, or your enrollment is transferred to another plan administered by the Board, whichever occurs first. In no case, however, will such fee-for-service arrangements continue beyond the term of the Plan, unless the Extension of Benefits provision applies to you.

Physician-Patient or Plan-Member Relationship

In the event that Blue Shield of California shall be unable to establish satisfactory physician-patient or plan-member relationship with any member, after reasonable efforts to do so, then Blue Shield may either submit the matter for consideration under Blue Shield's grievance procedures or submit the matter for consideration by the Chief Executive Officer of CalPERS. In any event, if it is determined that a satisfactory physician-patient or plan-member relationship cannot be maintained, then the member shall be provided with the opportunity to change enrollment to another plan.

Advance Directives

It is important that you know about your rights to make health care decisions on your own behalf and to execute advance directives. An advance directive is a formal document written by you in advance of an incapacitating illness or injury. As long as you can speak for yourself,

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

health care providers will honor your wishes. But, if you become so ill that you cannot speak for yourself, then this directive will guide your health care providers in treating you and will save your family, friends, and health care providers from having to guess what you would have wanted. We suggest you set aside some time to review and discuss your wishes with your Personal Physician and family members.

There are three types of advance directives to choose from. They are: (1) Durable Power of Attorney for Health Care (DPAHC), (2) Living Wills, and (3) Natural Death Act Declarations. In California, the preferred document is DPAHC, which allows you to appoint an agent (family, friend, or other person) whom you trust to make treatment decisions for you should there come a time you are unable to make them yourself. You can purchase the DPAHC from a stationery store or from the California Medical Association.

You should provide copies of your completed directive to: (1) your Personal Physician, (2) your agent, and (3) your family. Be sure to keep a copy with you and take a copy to the hospital if you are hospitalized for medical care.

Termination of Group Membership - Continuation of Coverage **Termination of Benefits**

Coverage for you or your dependents terminates at 11:59 p.m. Pacific Time on the earliest of these dates: (1) the date the group Agreement is discontinued, (2) the last day of the month in which the subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and your employer, (3) the end of the period for which the premium is paid, or (4) the last day of the month in which you or your dependents become ineligible. A spouse also becomes ineligible following legal separation from the subscriber, entry of a final decree of divorce, annulment or dissolution of marriage from the subscriber. A domestic partner becomes ineligible upon termination of the domestic partnership.

Except as specifically provided under the Extension of Benefits and COBRA provisions, there

is no right to receive benefits for services provided following termination of this group Agreement.

If you cease work because of retirement, disability, leave of absence, temporary layoff or termination, see your employer about possibly continuing group coverage. Also, see the Individual Conversion Plan and COBRA and/or Cal-COBRA provisions described in this booklet for information on continuation of coverage.

If the subscriber no longer lives or works in the Plan service area, coverage will be terminated for him and all his dependents. If a dependent no longer lives or works in the Plan service area, then that dependent's coverage will be terminated. (Special arrangements may be available for dependents who are full-time students, dependents of subscribers who are required by court order to provide coverage, and dependents and subscribers who are long-term travelers. Please contact the Member Services Department to request a brochure which explains these arrangements including how long coverage is available. This brochure is also available at <http://www.blueshieldca.com> for HMO Members.)

If the relationship between a Plan physician and a Member is unsatisfactory, or if the relationship between Blue Shield and a Member is unsatisfactory, then the Member may submit the matter to CalPERS under the change of enrollment procedure in Section 22841 of the Government Code. If the Member does not access the change of enrollment procedure, Blue Shield will undertake reasonable efforts to make a Plan physician available to the Member with whom a satisfactory relationship may be developed.

In the event any Member believes that his or her benefits under this Agreement have been terminated because of his or her health status or health requirements, the Member may seek from the Department of Managed Health Care, review of the termination as provided in California Health & Safety Code Section 1365(b).

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Reinstatement

If you cancel or your coverage is terminated, refer to the CalPERS “Health Program Guide.”

Cancellation

No benefits will be provided for services rendered after the effective date of cancellation, except as specifically provided under the Extension of Benefits and Individual Conversion Plan and COBRA provisions in this booklet.

The group Agreement also may be cancelled by CalPERS at any time provided written notice is given to Blue Shield to become effective upon receipt, or on a later date as may be specified on the notice.

Extension of Benefits

If a person becomes totally disabled while validly covered under this Plan and continues to be totally disabled on the date group coverage terminates, Blue Shield will extend the benefits of this Plan, subject to all limitations and restrictions, for covered services and supplies directly related to the condition, illness or injury causing such total disability until the first to occur of the following: (1) the date the covered person is no longer totally disabled, (2) 12 months from the date group coverage terminated, (3) the date on which the covered person’s maximum benefits are reached, (4) the date on which a replacement carrier provides coverage to the person without limitation as to the totally disabling condition.

No extension will be granted unless Blue Shield receives written certification by a Plan physician of such total disability within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

COBRA and/or Cal-COBRA

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.

COBRA

If a Member is entitled to elect continuation of group coverage under the terms of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended, the following applies:

The COBRA group continuation coverage is provided through federal legislation and allows an enrolled active or retired employee or his/her enrolled family member who lose their regular group coverage because of certain “qualifying events” to elect continuation for 18, 29, or 36 months.

An eligible active or retired employee or his/her family member(s) is entitled to elect this coverage provided an election is made within 60 days of notification of eligibility and the required premiums are paid. The benefits of the continuation coverage are identical to the group plan and the cost of coverage shall be 102% of the applicable group premiums rate. No employer contribution is available to cover the premiums.

Two “qualifying events” allow enrollees to request the continuation coverage for 18 months. The Member's 18-month period may also be extended to 29 months if the Member was disabled on or before the date of termination or reduction in hours of employment, or is determined to be disabled under the Social Security Act within the first 60 days of the initial qualifying event and before the end of the 18-month period (non-disabled eligible family members are also entitled to this 29-month extension).

1. The covered employee’s separation from employment for reasons other than gross misconduct.
2. Reduction in the covered employee’s hours to less than half-time.

Four “qualifying events” allow an active or retired employee’s enrolled family member(s) to elect the continuation coverage for up to 36 months. Children born to or placed for adoption with the Member during a COBRA continuation period may be added as dependents, provided the employer is properly notified of the birth or placement for adoption, and such

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

children are enrolled within 30 days of the birth or placement for adoption.

1. The employee's or retiree's death (and the surviving family member is not eligible for a monthly survivor allowance from CalPERS).
2. Divorce or legal separation of the covered employee or retiree from the employee's or retiree's spouse or termination of the domestic partnership.
3. A dependent child ceases to be a dependent child.
4. The primary COBRA subscriber becomes entitled to Medicare.

If elected, COBRA continuation coverage is effective on the date coverage under the group plan terminates.

The COBRA continuation coverage will remain in effect for the specified time, or until one of the following events terminates the coverage:

1. The termination of all employer provided group health plans, or
2. The enrollee fails to pay the required premium(s) on a timely basis, or
3. The enrollee becomes covered by another health plan without limitations as to pre-existing conditions, or
4. The enrollee becomes eligible for Medicare benefits, or
5. The continuation of coverage was extended to 29 months and there has been a final determination that the Member is no longer disabled.

You will receive notice from your employer of your eligibility for COBRA continuation coverage if your employment is terminated or your hours are reduced.

Contact your (former) employing agency or CalPERS directly if you need more information

about your eligibility for COBRA group continuation coverage.

Cal-COBRA

COBRA enrollees who became eligible for COBRA coverage on or after January 1, 2003, and who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under COBRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than 3 years from the date the qualifying event has occurred which originally entitled the Member to continue group coverage under this Plan.

Monthly rates for Cal-COBRA coverage shall be 110% of the applicable group monthly rates.

Cal-COBRA enrollees must submit monthly rates directly to Blue Shield. The initial monthly rates must be paid within 45 days of the date the Member provided written notification to the Plan of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The monthly rate payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Blue Shield of California is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuing coverage. If the enrollee elects to apply for continuation of coverage under Cal-COBRA, the

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

enrollee must notify Blue Shield at least 30 days before COBRA termination.

Payment by Third Parties

Third Party Recovery Process and the Member's Responsibility

If a Member is injured or becomes ill due to the act or omission of another person (a "third party"), Blue Shield, the Member's designated medical group, or the IPA shall, with respect to services required as a result of that injury, provide the benefits of the Plan and have an equitable right to restitution, reimbursement or other available remedy to recover the amounts Blue Shield paid for services provided to the Member from any recovery (defined below) obtained by or on behalf of the Member, from or on behalf of the third party responsible for the injury or illness or from uninsured/underinsured motorist coverage.

This right to restitution, reimbursement or other available remedy is against any recovery the Member receives as a result of the injury or illness, including any amount awarded to or received by way of court judgment, arbitration award, settlement or any other arrangement, from any third party or third party insurer, or from uninsured or underinsured motorist coverage, related to the illness or injury (the "recovery"), without regard to whether the Member has been "made whole" by the recovery. The right to restitution, reimbursement or other available remedy is with respect to that portion of the total recovery that is due for the benefits paid in connection with such injury or illness, calculated in accordance with California Civil Code Section 3040.

The Member is required to:

1. Notify Blue Shield, the Member's designated medical group, or the IPA in writing of any actual or potential claim or legal action which such Member expects to bring or has brought against the third party arising from the alleged acts or omissions causing the injury or illness, not later than 30 days after submitting or filing a claim or legal action against the third party; and
2. Agree to fully cooperate and execute any forms or documents needed to enforce this right to restitution, reimbursement or other available remedies; and
3. Agree in writing to reimburse Blue Shield for benefits paid by Blue Shield from any recovery when the recovery is obtained from or on behalf of the third party or the insurer of the third party, or from uninsured or underinsured motorist coverage; and
4. Provide a lien calculated in accordance with California Civil Code section 3040. The lien may be filed with the third party, the third party's agent or attorney, or the court unless otherwise prohibited by law; and
5. Periodically respond to information requests regarding the claim against the third party, and notify Blue Shield and the Member's designated medical group or IPA, in writing, within 10 days after any recovery has been obtained.

A Member's failure to comply with 1. through 5. above shall not in any way act as a waiver, release, or relinquishment of the rights of Blue Shield, the Member's designated medical group, or the IPA.

Further, if the Member receives services from a Plan hospital for such injuries or illness, the hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

Workers' Compensation

No benefits are provided for or incident to any injury or disease arising out of, or in the course of, any employment for salary, wage or profit if such injury or disease is covered by any workers' compensation law, occupational disease law or similar legislation.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

However, if Blue Shield provides payment for such services it will be entitled to establish a lien upon such other benefits up to the reasonable cash value of benefits provided by Blue Shield for the treatment of the injury or disease as reflected by the providers' usual billed charges.

Coordination of Benefits

When a person who is covered under this group Plan is also covered under another group plan, or selected group, or blanket disability insurance contract, or any other contractual arrangement or any portion of any such arrangement whereby the members of a group are entitled to payment of or reimbursement for hospital or medical expenses, such person will not be permitted to make a "profit" on a disability by collecting benefits in excess of actual value or cost during any calendar year.

Instead, payments will be coordinated between the plans in order to provide for "allowable expenses" (these are the expenses that are incurred for services and supplies covered under at least one of the plans involved) up to the maximum benefit value or amount payable by each plan separately.

If the covered person is also entitled to benefits under any of the conditions as outlined under the Limitations for Duplicate Coverage provision, benefits received under any such condition will not be coordinated with the benefits of this Plan. The following rules determine the order of benefit payments:

When the other plan does not have a coordination of benefits provision, it will always provide its benefits first. Otherwise, the plan covering the patient as an employee will provide its benefits before the plan covering the patient as a dependent.

Except for cases of claims for a dependent child whose parents are separated or divorced, the plan which covers the dependent child of a person whose date of birth (excluding year of birth) occurs earlier in a calendar year, shall determine its benefits before a plan which covers the dependent child of a person whose date of birth (excluding year of birth) occurs later in a calen-

dar year. If either plan does not have the provisions of this paragraph regarding dependents, which results either in each plan determining its benefits before the other or in each plan determining its benefits after the other, the provisions of this paragraph shall not apply, and the rule set forth in the plan which does not have the provisions of this paragraph shall determine the order of benefits.

1. In the case of a claim involving expenses for a dependent child whose parents are separated or divorced, plans covering the child as a dependent shall determine their respective benefits in the following order: First, the plan of the parent with custody of the child; then, if that parent has remarried, the plan of the stepparent with custody of the child; and finally the plan(s) of the parent(s) without custody of the child.
2. Notwithstanding 1. above, if there is a court decree which otherwise establishes financial responsibility for the medical, dental or other health care expenses of the child, then the plan which covers the child as a dependent of the parent with that financial responsibility shall determine its benefits before any other plan which covers the child as a dependent child.
3. If the above rules do not apply, the plan which has covered the patient for the longer period of time shall determine its benefits first, provided that:
 - a. A plan covering a patient as a laid-off or retired employee, or as a dependent of such an employee, shall determine its benefits after any other plan covering that person as an employee, other than a laid-off or retired employee, or such dependent; and,
 - b. If either plan does not have a provision regarding laid-off or retired employees, which results in each plan determining its benefits after the other, then the provisions of a. above shall not apply.

If this Plan is the primary carrier with respect to a covered person, then this Plan will provide its

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

benefits without reduction because of benefits available from any other plan.

When this Plan is secondary in the order of payments, and Blue Shield is notified that there is a dispute as to which plan is primary, or that the primary plan has not paid within a reasonable period of time, this Plan will provide the benefits that would be due as if it were the primary plan, provided that the covered person: (1) assigns to Blue Shield the right to receive benefits from the other plan to the extent of the difference between the value of the benefits which Blue Shield actually provides and the value of the benefits that Blue Shield would have been obligated to provide as the secondary plan, (2) agrees to cooperate fully with Blue Shield in obtaining payment of benefits from the other plan, and (3) allows Blue Shield to obtain confirmation from the other plan that the benefits which are claimed have not previously been paid.

If payments which should have been made under this Plan in accordance with these provisions have been made by another Plan, Blue Shield may pay to the other Plan the amount necessary to satisfy the intent of these provisions. This amount shall be considered as benefits paid under this Plan. Blue Shield shall be fully discharged from liability under this Plan to the extent of these payments.

If payments have been made by Blue Shield in excess of the maximum amount of payment necessary to satisfy these provisions, Blue Shield shall have the right to recover the excess from any person or other entity to or with respect to whom such payments were made.

Blue Shield may release to or obtain from any organization or person any information which Blue Shield considers necessary for the purpose of determining the applicability of and implementing the terms of these provisions or any provisions of similar purpose of any other Plan. Any person claiming benefits under this Plan shall furnish Blue Shield with such information as may be necessary to implement these provisions.

SUPPLEMENT TO ORIGINAL MEDICARE PLAN

Service Area

The service areas and providers of this Plan are identified in the Blue Shield CalPERS HMO Physician and Hospital Directory. **Contact the Plan for up-to-date confirmation.** You **must** live or work in the service area(s) identified below to enroll in this Plan and to maintain eligibility in this Plan. If you choose to enroll in the Plan based on your **work** ZIP code because your home is not within a service area, you and each enrolled dependent will be obligated to travel to providers located within the service area you have selected to receive non-emergency care. You, as the subscriber, and each of your enrolled dependents **must** select providers within the service area in which you enroll; however, if a dependent also works within the plan's service area, that dependent should select a provider which is near his place of work. A dependent who does not reside within the State of California cannot be enrolled in the Plan, except for a child covered by a support order.

The intent of this section is to provide flexibility for those CalPERS members who reside in a community that is not within the service area of the plan, but where the subscriber works in a **nearby** community that is within the plan's service area. However, providers cannot effectively coordinate care for patients who do not reside or work near the provider's service area, and may decline to accept a member due to lack of proximity.
