**This Benefit is separate from the other Benefits.

If you transfer or move from one Delta Dental plan to another, you do not receive a new calendar year Maximum because you transferred or moved. The Maximum amount for Benefits paid by Delta Dental in a calendar year under both plans will not exceed the Maximum allowed under your current plan.

For example: If Delta Dental paid \$500 in Benefits while you were enrolled in a previous plan and the Maximum amount of your current plan is \$1,000, the total amount Delta Dental will pay for your Benefits under the current plan is \$500.

A Customary fee is within the range of usual fees charged and received for a particular service by dentists of similar training in the same geographic area.

A Reasonable fee schedule is reasonable if it is Usual and Customary. Additionally, a specific fee to a specific Enrollee is reasonable if it is justifiable considering special circumstances, or extraordinary difficulty of the case in question.

WHO IS COVERED?

All regular, full-time active employees are eligible for this plan on the first day of the month following the month in which their employment or service begins.

- Active employees (Faculty Single 2-Party Family, Classified Professionals Association, CSEA Single 2-Party Family, Confidential Single 2-Party Family, Supervisors/Teamsters Single 2-Party Family, Administrator Single 2-Party Family, With 20 Years of Service Single 2-Party Family, Board Members Single 2-Party Family, OE3 Members)

- Retirees (Faculty Single 2-Party Family, Classified Professionals Association, CSEA Single 2-Party Family, Confidential Single 2-Party Family, Supervisors/Teamsters Single 2-Party Family, Administrators Single 2-Party Family, With 20 Years of Service Single 2-Party Family, Board Members Single 2-Party Family)
- Surviving Spouse Single 2-Party Family

If both you and your spouse are Primary Enrollees, your children can enroll for coverage as the dependent children of only one of you.

You cannot enroll for coverage as a Dependent if you qualify for coverage as a Primary Enrollee.

If both you and your spouse qualify for coverage as a Primary Enrollee, neither of you may enroll as a Dependent of the other.

WHO ARE YOUR ELIGIBLE DEPENDENTS?

- Your spouse who is legally married to you, and
 - a) Is not in the Armed Forces of any country,
 - b) Is not covered under this plan as an employee, and
 - c) Who is claimed as a tax dependent on the employee's Federal tax return.
- A Surviving Spouse or domestic partner of a retiree who was a covered person at the time of the retiree's death.
- Your domestic partner when both the employee and domestic partner have filed a Declaration of Domestic Partnership with the California Secretary of State or with a similar jurisdiction in another state, and all of the following requirements are met:
 - a) Both persons have a common residence;
 - b) Neither person is married to someone else or is a member of another Domestic Partnership with someone else that has not been terminated, dissolved, or adjudged a nullity;
 - c) The two persons are not related by blood in a way that would prevent them from being married to each other in the State of California;
 - d) Both persons are at least 18 years of age;
 - e) Both persons are members of the same sex;
 - f) Both persons are capable of consenting to the domestic partnership; and
 - g) Both persons are financially interdependent.

- Your unmarried natural or legally adopted child, or your spouse's or domestic partner's unmarried natural or legally adopted child, if the child is:
 - a) Under the age of 19, meets the definition of a "qualifying child" under Section 152 of the Internal Revenue Code, and is claimed as a tax dependent on the Employee's Federal tax return; and
 - b) Is not in the Armed Forces of any country; and
 - c) Is not covered under this Plan as an employee; or
 - d) Is under the age of 24, a full-time student (12 or more units per semester), is not in the armed services of any country, is not covered under this Plan as an employee, and who meets the definition of a "qualifying child" under Section 152 of the Internal Revenue Code, and is claimed as a tax dependent on the employee's Federal tax return; or
 - e) If the above criteria is not applicable, your child must meet one of the following two requirements:
 1. Must be a dependent child for whom you have a State Qualified Medical Support Order (SQMSO) or a divorce decree issued by a court or administrative agency (in some cases the order may override the residency and/or dependency requirements; or
 2. Must be a dependent child between the ages of 19 and 24 for whom you have a National Qualified Medical Support Order (NQMSO) issued by a court or administrative agency to provide coverage (in some cases the order may override the residency and/ or dependency requirements).

Proof of disability must be provided within 31 days from the date the dependent child reaches the maximum age for coverage. During the first two years after the child reaches the maximum age, the Planholder has the right to seek medical proof of disability and a copy of the determination letter from Social Security, if applicable, at its discretion as a proof of the child's continued disability or handicap. After two years, the Planholder cannot request proof more often than once a year.

Your ex-spouse is not an eligible dependent.

Domestic partnership is defined as domestic partners residing in California are two adults of the same sex who have chosen to share one another's lives in an intimate and committed relationship of mutual caring. A domestic partnership shall be established in California when both persons file a Declaration of Domestic Partnership with the Secretary of State, and meet all the requirements of a Domestic Partnership as listed in Section 15, Glossary of this document under "Dependent." FHDA also recognizes same sex domestic partners who are registered in a similar jurisdiction in another state if they are unable to marry because of laws prohibiting marriage to persons of the same sex in the state of legal residence.

If you reside in a state that does not recognize a same sex Domestic Partnership, FHDA will provide the District's affidavit of Domestic Partnership form to you to be completed as evidence of your non-registered Domestic Partnership. It will be necessary that the partnership meet all of the guidelines listed on the Affidavit. This provision does not apply to opposite sex domestic partners.

Both the employee and domestic partner must jointly sign the affidavit of Domestic Partnership form, and must also attest to the IRS dependency of the domestic partner and the domestic partner's children, if any, to be enrolled. If the domestic partner and/or domestic partner's children are not certified as tax Dependents of the employee, enrollment of these individuals in the District's plans will result in imputed income to the employee.

A domestic partner is subject to the same terms and conditions as any other dependent enrolled under this Contract.

ENROLLING YOUR DEPENDENTS

Your Dependents must be enrolled when you first become eligible or on the first day of the month after they become Dependents.

WHEN YOU ARE NO LONGER COVERED

1. If you stop working for your employer, your dental coverage will end on the last day of the month in which you stop working, unless you qualify for and pay for **OPTIONAL CONTINUATION OF COVERAGE (COBRA)**. Your Dependents' coverage ends when yours does, or as soon as they are no longer Dependents, unless they choose to pay for **OPTIONAL CONTINUATION OF COVERAGE (COBRA)**.
2. When the Contract between Delta Dental and your employer is discontinued or canceled, your coverage ends immediately.
3. When you are on strike, layoff or leave of absence, Delta Dental does not cover any dental services received by you or your Dependents.

The following options may be offered if your eligibility ends:

1. **If you transfer from one school incentive plan to another**

If you transfer from one school or school district's incentive plan to another incentive plan provided by a school or school district, your Benefits and annual Maximum may be affected in the following ways:

If there is a break in coverage between the two plans, the Applicable Percentage for Basic Benefits starts at 70%. But you and your Dependents qualify for the full annual Maximum provided under your current plan. The amounts paid under your previous plan do not reduce the annual Maximum paid under your current plan.

If there is no break in coverage between the two plans, you retain the Applicable Percentage for Basic Benefits you reached under your prior plan. But you do not qualify for any additional Maximum amounts. The Maximum amount your dental plan pays in a calendar year under both plans will not exceed the amount paid under your current plan.

Your dental history with Delta Dental moves with you when you transfer from one school's incentive plan to another incentive plan provided by a school or school district. For example if both plans cover two cleanings in a calendar year and transfer from one plan to another, you do not qualify for four cleanings in a calendar year.

2. **Approved leave of absence**

If you go on an approved leave of absence, you may continue your coverage for yourself and your Dependents for a maximum of one year by paying the School District each month for the coverage. Your School District's administrative office can tell you how much the continued coverage will cost.

Coverage is reinstated on the day employment is resumed for Enrollees that are members of the National Guard or a military reserve unit absent from work due to active military duty. Any waiting period applied as a result of a Enrollee's absence from active employment due to service in the National Guard or military reserve unit shall be waived.

Family and Medical Leave of 1993

You can continue your coverage if you take a leave governed by the Family and Medical Leave Act of 1993. If you do not continue your coverage during the governed leave, it will be reinstated at the same Benefit level you received before your leave.

Uniformed Services Employment and Re-employment Rights Act of 1994

You can continue coverage for up to 24 months, if you take a leave governed by the Uniformed Services Employment and Re-employment Rights Act of 1994. If you make this selection, you must submit any Premiums necessary, which may include administrative costs, to your employer. If you do not continue your coverage during a military leave, it will be reinstated at the same Benefit level you received before your leave.

3. Labor dispute

If you stop working because of a labor dispute (a strike, for example), you can continue your coverage for up to six months from the date you stopped work, as long as at least 75% of the absent employees at your workplace choose to keep their coverage for themselves and their Dependents. If you choose this option, you must make the appropriate monthly payment to the School District or your employee association.

If you lose eligibility because of a labor dispute, and then return to work, your eligibility will begin again on the first day of the month following your return to work. Your coverage will then be the same as that for a new employee, unless the School District makes retroactive payment (payment for past months that you were not working) for all employees who would have been eligible except for the labor dispute. These employees' future coverage would then be the same as if there had been no break in eligibility. However, any services that were provided to these employees and their Dependents during the time they were not eligible would not be covered.

CANCELING THIS PLAN

Delta Dental may cancel this plan only on an anniversary date (period after the plan first takes effect or at the end of each renewal period thereafter), or any time if payments required by the Contract are not made to Delta Dental.

If you believe that this plan has been terminated or not renewed due to your health status or requirements for health care services (or that of your Dependents), you may request a review by the California Director of the Department of Managed Health Care.

If the Contract is terminated for any cause, Delta Dental is not required to predetermine services beyond the termination date or to pay for services provided after the termination date, except for Single Procedures begun while the Contract was in effect which are otherwise Benefits under the Contract.

If this plan is canceled, you and your Dependents have no right to renewal or reinstatement of your Benefits.

YOUR BENEFITS

Your plan covers several categories of Benefits when the services are provided by a licensed dentist and are necessary and customary under the generally accepted standards of dental practice.

The Maximum amount paid by Delta Dental for Diagnostic, Preventive, Basic, Restorative and Prosthodontic Benefits is:

\$1,700 for each Enrollee in each calendar year, if the services are provided by a Delta Dental PPO Dentist;
or

\$1,500 for each Enrollee in each calendar year, if services are provided by other dentists.

In-Network - (using Delta Dental PPO provider) \$200 additional annual Maximum and claims paid at incentive level of member (exception: prosthodontics 50%).

Out-of-Network - (using Delta Dental Premier provider) claims paid at members incentive level without additional \$200 annual maximum (exception: prosthodontics 50%).

If you transfer or move from one Delta Dental plan to another, you do not receive a new calendar year Maximum because you transferred or moved. The Maximum amount for Benefits paid by Delta Dental in a calendar year under both plans will not exceed the Maximum allowed under your current plan.

For example: If Delta Dental paid \$500 in Benefits while you were enrolled in a previous plan and the Maximum amount of your current plan is \$1,000, the total amount Delta Dental will pay for your Benefits under the current plan is \$500.

Payment for Orthodontic Benefits for an Enrollee is limited to a lifetime Maximum of \$1,000.

The Maximum amount paid by Delta Dental for each Enrollee each calendar year for Dental Accident Benefits is \$1,000. This Benefit is separate from the other Benefits.

Your plan covers several categories of Benefits when the services are provided by a licensed dentist and are necessary and customary under the generally accepted standards of dental practice.

Delta will pay 70% of the Covered Fees for the Diagnostic, Preventive, Basic, Crowns and Restorative Benefits during the first calendar year of eligibility.

This percentage increases 10% each consecutive year the dentist is visited to a maximum of 100%. If you do not use your plan, the percentage remains at the level you reached the previous year. It drops back to 70% if you lose eligibility and then become eligible again.

The percentages for Prosthodontic, Orthodontic and Dental Accident Benefits do not change each year you visit your dentist.

Benefits are limited to the applicable percentages of dentist's fees or allowances specified below. You are required to pay the balance of any such fee or allowance known as the "Enrollee co-payment." If the dentist discounts, waives or rebates any portion of the Enrollee co-payment to the Enrollee, Delta Dental only provides as Benefits the applicable allowances reduced by the amount that such fees or allowances are discounted, waived or rebated.

An agreement between your employer and Delta Dental is required to change Benefits during the term of the Contract.

Although the levels (i.e. percentages) of Benefits are the same no matter what dentist you choose, your out-of-pocket expenses may differ depending upon whether you select a Delta Dental PPO Dentist. When receiving treatment from a non-Delta Dental PPO Dentist, you will have potentially greater out-of-pocket expenses.

I. DIAGNOSTIC AND PREVENTIVE BENEFITS

70-100% if provided by a Delta Dental PPO dentist
70-100% if provided by other dentists

III. CROWNS, INLAYS, ONLAYS AND CAST RESTORATION BENEFITS

70-100% if provided by a Delta Dental PPO dentist
70-100% if provided by other dentists

Crowns, Inlays, Onlays and Cast Restorations are Benefits only if they are provided to treat cavities which cannot be restored with amalgam, silicate or direct composite (resin) restorations.

IV. PROSTHODONTIC BENEFITS

50% if provided by a Delta Dental PPO dentist
50% if provided by other dentists

Construction or repair of fixed bridges, partial dentures and complete dentures are Benefits if provided to replace missing, natural teeth.

V. DENTAL ACCIDENT BENEFITS

100% if provided by a Delta Dental PPO dentist
100% if provided by other dentists

Any services which would be covered under other Benefit categories (subject to the same limitations and exclusions) are covered instead by your dental accident coverage when they are provided for conditions caused directly by external, violent and accidental means.

VI. ORTHODONTIC BENEFITS

50% if provided by a Delta Dental PPO dentist
50% if provided by other dentists

LIMITATIONS

1. Only the two oral examinations in a calendar year are Benefits while you are eligible under any Delta Dental plan.
2. Full-mouth x-rays are Benefits once in a three-year period while you are eligible under any Delta Dental plan.
3. Bitewing x-rays are provided on request by the dentist, but no more than twice in any calendar year while you are eligible under any Delta Dental plan.
4. We pay for two cleanings or a dental procedure that includes a cleaning each calendar year under any Delta Dental plan.

Routine prophylaxes are covered as a Diagnostic and Preventive Benefit and periodontal prophylaxes are covered as a Basic Benefit.

5. Fluoride treatments are covered twice each calendar year under any Delta Dental plan.
6. Periodontal scaling and root planing is a Benefit once for each quadrant each 24-month period.
7. Sealant Benefits are limited to eligible dependent children under age 14. Sealant Benefits include the application of sealants only to permanent posterior molars without caries (decay), without restorations and with the occlusal surface intact. Sealant Benefits do not include the repair or replacement of a sealant on a tooth within three years of its application.
8. Crowns, Inlays, Onlays and Cast Restorations are Benefits on the same tooth only once every five years, while you are a patient under any Delta Dental plan, unless Delta Dental determines that replacement is required because the restoration is unsatisfactory as a result of poor quality of care, or because the tooth involved has experience extensive loss or changes to tooth structure or supporting tissues since the replacement of the restoration.
9. Prosthodontic appliances are Benefits only once every five years, while you are eligible under any Delta Dental plan, unless Delta Dental determines that there has been such an extensive loss of remaining teeth or a change in supporting tissues that the existing appliance cannot be made satisfactory. Replacement of a prosthodontic appliance not provided under a Delta Dental plan will be made if it is unsatisfactory and cannot be made satisfactory.
10. Delta Dental will pay the above percentage of the dentist's fee for a standard partial or complete denture. A standard partial or complete denture is one made from accepted materials and by conventional methods.

11. Implants (appliances inserted into bone or soft tissue in the jaw, usually to anchor a denture) are not covered by your plan. However, if implants are provided along with a covered prosthodontic appliance, Delta Dental will allow the cost of a standard partial or complete denture toward the cost of the implants and the prosthodontic appliances when the prosthetic appliance is completed. If Delta Dental makes such an allowance, we will not pay for any replacement for five years following the completion of the service.
12. Delta Dental will pay Dental Accident Benefits when services are provided within 180 days following the date of accident and shall not include any services for conditions caused by an accident occurring before your eligibility date.
13. If you select a more expensive plan of treatment than is customarily provided, or specialized techniques, an allowance will be made for the least expensive, professionally acceptable, alternative treatment plan. Delta Dental will pay the applicable percentage of the lesser fee for the customary or standard treatment and you are responsible for the remainder of the dentist's fee.

For example: a crown where a silver filling would restore the tooth; or a precision denture where a standard denture would suffice.
14. If orthodontic treatment is begun before you become eligible for coverage, Delta Dental's payments will begin with the first payment due to the dentist following your eligibility date.
15. Delta Dental's orthodontics payments will stop when the first payment is due to the dentist following either a loss of eligibility, or if treatment is ended for any reason before it is completed.
16. Delta Dental will pay the applicable percentage of the Dentist's fee for a standard orthodontic treatment plan involving surgical and/or non-surgical procedures. If you select specialized orthodontic appliances or procedures chosen for aesthetic considerations an allowance will be made for the cost of a standard orthodontic treatment plan and you are responsible for the remainder of the Dentist's fee.
17. X-rays and extractions that might be necessary for orthodontic treatment are not covered by Orthodontic Benefits, but may be covered under Diagnostic and Preventive or Basic Benefits.

EXCLUSIONS/SERVICES WE DO NOT COVER

Delta Dental covers a wide variety of dental care expenses, but there are some services for which we do not provide Benefits. It is important for you to know what these services are before you visit your dentist.

Delta Dental does not provide benefits for:

1. Services for injuries covered by Workers' Compensation or Employer's Liability Laws.
2. Services which are provided to the Enrollee by any Federal or State Governmental Agency or are provided without cost to the Enrollee by any municipality, county or other political subdivision, except Medi-Cal benefits.
3. Services for cosmetic purposes or for conditions that are a result of hereditary or developmental defects, such as cleft palate, upper and lower jaw malformations, congenitally missing teeth and teeth that are discolored or lacking enamel.

4. Services for restoring tooth structure lost from wear (abrasion, erosion, attrition, or abfraction), for rebuilding or maintaining chewing surfaces due to teeth out of alignment or occlusion, or for stabilizing the teeth. Examples of such treatment are equilibration and periodontal splinting.
5. Any Single Procedure, bridge, denture or other prosthodontic service which was started before the Enrollee was covered by this plan.
6. Prescribed drugs, or applied therapeutic drugs, premedication or analgesia.
7. Experimental procedures.
8. Charges by any hospital or other surgical or treatment facility and any additional fees charged by the Dentist for treatment in any such facility.
9. Anesthesia, except for general anesthesia given by a dentist for covered oral surgery procedures.
10. Grafting tissues from outside the mouth to tissues inside the mouth ("extraoral grafts").
11. Implants (materials implanted into or on bone or soft tissue) or the repair or removal of implants, except as provided under LIMITATIONS.
12. Diagnosis or treatment by any method of any condition related to the temporomandibular (jaw) joints or associated muscles, nerves or tissues.
13. Replacement of existing restoration for any purpose other than active tooth decay.
14. Intravenous sedation, occlusal guards and complete occlusal adjustment.
15. Charges for replacement or repair of an orthodontic appliance paid in part or in full by this plan.

OTHER CHARGES

Delta Dental's co-payment for your Benefits is shown in this Evidence of Coverage under the caption titled "YOUR BENEFITS." If dental services are provided by a Delta Dental Dentist or a Delta Dental PPO Dentist, you are responsible for your co-payment only. If the dental services you receive are provided by a dentist who is not a Delta Dental Dentist or Delta Dental PPO Dentist, you are responsible for the difference between the amount Delta Dental pays and the amount charged by the non-Delta Dental dentist.

COVERED FEES

It is to your advantage to select a dentist who is a Delta Dental Dentist, since a lower percentage of the dentist's fees may be covered by this plan if you select a dentist who is not a Delta Dental Dentist.

A list of Delta Dental Dentists (see DEFINITIONS) is available in a directory at your group benefits office, or by calling 800-765-6003.

Payment to a Delta Dental PPO Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, the dentist's accepted Usual, Customary and Reasonable Fee on file with Delta Dental, or a fee which the dentist has contractually agreed upon with Delta Dental to accept for treating enrollees under this plan.

Payment to a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged or the accepted fee that the dentist has on file with Delta Dental.

Payment for services by a California dentist, or an out-of-state dentist, who is not a Delta Dental Dentist will be based on the applicable percentage of the lesser of the Fee Actually Charged, or the fee that satisfies the majority of Delta Dental Dentists.

Payment for services by a dentist located outside the United States will be based on the applicable percentage of the lesser of the Fee Actually Charged, or the fee that satisfies the majority of Delta Dental dentists.

CHOICE OF DENTISTS AND PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Nearly 29,000 dentists in active practice in California are Delta Dental Dentists. About 16,500 of these Delta Dental Dentists are also Delta Dental PPO Dentists. While covered under the PPO plan, you are free to choose any dentist for treatment, but it is to your advantage to choose a Delta Dental Dentist. This is because his or her fees are approved in advance by Delta Dental. Delta Dental Dentists have treatment forms on hand and will complete and submit the forms to Delta Dental free of charge.

If you choose a Delta Dental PPO Dentist, you will receive all of the advantages of going to a Delta Dental Dentist and you may have a higher level of Benefits for certain services.

If you go to a non-Delta Dental Dentist, Delta Dental cannot assure you what percentage of the charged fee may be covered. Claims for services from non-Delta Dental Dentists may be submitted to Delta Dental at P.O. Box 997330, Sacramento, CA 95899-7330.

Dentists located outside the United States are not Delta Dental Dentists. Claims submitted by out-of-country dentists are translated by Delta Dental staff and the currency is converted to U.S. dollars. Claims submitted by out-of-country dentists for Enrollees residing in California are referred to Delta Dental's Quality Assessment department for processing. Delta Dental may require a clinical examination to determine the quality of the services provided, and Delta Dental may decline to reimburse you for Benefits if the services are found to be unsatisfactory.

A list of Delta Dental PPO Dentists and Delta Dental Dentists can be obtained by calling 800-765-6003. This list will identify those dentists who can provide care for individuals who have mobility impairments or have special health care needs. You can also obtain specific information about Delta Dental PPO Dentists and Delta Dental Dentists by using our web site – www.deltadentalins.com or calling the Delta Dental Customer Service department at the number shown on page 1.

Services may be obtained from any licensed dentist during normal office hours. Emergency services are available in most cases through an emergency telephone exchange maintained by the local dental society listed in the local telephone directory.

Services from dental school clinics may be provided by students of dentistry or instructors who are not licensed by the state of California.

Delta Dental shares the public and professional concern about the possible spread of HIV and other infectious diseases in the dental office. However, Delta Dental cannot ensure your dentist's use of precautions against the spread of such diseases, or compel your dentist to be tested for HIV or to disclose test results to Delta Dental, or to you. Delta Dental informs its panel dentists about the need for clinical precautions as recommended by recognized health authorities on this issue. If you should have questions about your dentist's health status or use of recommended clinical precautions, you should discuss them with your dentist.

CONTINUITY OF CARE

Current Enrollees:

Current Enrollees may have the right to the benefit of completion of care with their terminated Delta Dental Dentist for certain specified dental conditions. Please call Delta Dental's Quality Assessment Department at 415-972-8300 to see if you may be eligible for this benefit. You may request a copy of the Delta Dental's Continuity of Care Policy. You must make a specific request to continue under the care of your terminated Delta Dental Dentist. We are not required to continue your care with that dentist if you are not eligible under our policy or if we cannot reach agreement with your terminated Delta Dental Dentist on the terms regarding your care in accordance with California law.

New Enrollees:

A new Enrollee may have the right to the qualified benefit of completion of care with their non-Delta Dental Dentist for certain specified dental conditions. Please call Delta Dental's Quality Assessment Department at 415-972-8300 to see if you may be eligible for this benefit. You may request a copy of the Delta Dental's Continuity of Care Policy. You must make a specific request to continue under the care of your current provider. We are not required to continue your care with that dentist if you are not eligible under our policy or if we cannot reach agreement with your non-Delta Dental Dentist on the terms regarding your care in accordance with California law. This policy does not apply to new enrollees of an individual subscriber contract.

PUBLIC POLICY PARTICIPATION BY ENROLLEES

Delta Dental's Board of Directors includes Enrollees who participate in establishing Delta Dental's public policy regarding Enrollees through periodic review of Delta Dental's Quality Assessment program reports and communications from Enrollees. Enrollees may submit any suggestions regarding Delta Dental's public policy in writing to: Delta Dental of California, Customer Service Department, P. O. Box 997330, Sacramento, CA 95899-7330.

SAVING MONEY ON YOUR DENTAL BILLS

You can keep your dental expenses down by practicing the following:

1. Compare the fees of different dentists;
2. Use a Delta Dental Dentist;
3. Have your dentist obtain predetermination from Delta Dental for any treatment over \$300;
4. Visit your dentist regularly for checkups;
5. Follow your dentist's advice about regular brushing and flossing;

6. Avoid putting off treatment until you have a major problem; and
7. Learn the facts about overbilling. Under this plan, you must pay the dentist your co-payment share (see YOUR BENEFITS). You may hear of some dentists who offer to accept insurance payments as “full payment.” You should know that these dentists may do so by overcharging your plan and may do more work than you need, thereby increasing plan costs. You can help keep your dental Benefits intact by avoiding such schemes.

YOUR FIRST APPOINTMENT

During your first appointment, be sure to give your dentist the following information:

1. Your Delta Dental group number (on the front of this booklet);
2. The employer’s name;
3. Primary Enrollee’s ID number (which must also be used by Dependents);
4. Primary Enrollee’s date of birth;
5. Any other dental coverage you may have.

ACCESSIBILITY AND SERVICES FOR AFTER-HOURS AND URGENT CARE

If you or a family member has special needs, you should ask your dentist about accessibility to their office or clinic at the time you call for an appointment. Your dentist will be able to tell you if their office is accessible taking into consideration the specific requirements of your needs.

Routine or urgent care may be obtained from any licensed dentist during their normal office hours. Delta does not require prior authorization before seeking treatment for urgent or after-hours care. You may plan in advance, for treatment for urgent, emergency or after-hours care by asking your dentist how you can contact the dentist in the event you or a family member may need urgent care treatment or treatment after normal business hours. Many dentists have made prior arrangements with other dentists to provide care to you if treatment is immediately or urgently needed. You may also call the local dental society that is listed in your local telephone directory if your dentist is not available to refer you to another dentist for urgent, emergency or after-hours care.

PREDETERMINATIONS

After an examination, your dentist will talk to you about treatment you may need. The cost of treatment is something you may want to consider. If the service is extensive and involves crowns or bridges, or if the service will cost more than \$300, we encourage you to ask your dentist to request a predetermination.

A predetermination does not guarantee payment. It is an estimate of the amount Delta Dental will pay if you are eligible and meet all the requirements of your plan at the time the treatment you have planned is completed.

In order to receive predetermination, your dentist must send a claim form listing the proposed treatment. Delta Dental will send your dentist a Notice of Predetermination which estimates how much you will have to pay. After you review the estimate with your dentist and decide to go ahead with the treatment plan, your dentist returns the form to us for payment when treatment has been completed.

Computations are estimates only and are based on what would be payable on the date the Notice of Predetermination is issued if the individual is eligible. Payment will depend on the individual's eligibility and the remaining annual Maximum when completed services are submitted to Delta Dental.

Predetermining treatment helps prevent any misunderstanding about your financial responsibilities. If you have any concerns about the predetermination, let us know before treatment begins so your questions can be answered before you incur any charges.

REIMBURSEMENT PROVISIONS

A Delta Dental Dentist will file the claim for you. You do not have to file a claim or pay Delta Dental's co-payment for covered services if provided by a Delta Dental Dentist. Delta Dental of California's agreement with our Delta Dental Dentists makes sure that you will not be responsible to the dentist for any money we owe.

If the covered service is provided by a dentist who is not a Delta Dental Dentist, you are responsible for filing the claims and paying your dentist. Claims should be filed with Delta Dental of California at P. O. Box 997330, Sacramento, CA 95899-7330 and Delta Dental will reimburse you. However, if for any reason we fail to pay a dentist who is not a Delta Dental Dentist, you may be liable for that portion of the cost. Payments made to you are not assignable (in other words, we will not grant requests to pay non-Delta Dental Dentists directly).

Payment for claims exceeding \$500 for services provided by dentists located outside the United States may, at Delta Dental's option, be conditioned upon a clinical evaluation at Delta Dental's request (see Second Opinions). Delta Dental will not pay Benefits for such services if they are found to be unsatisfactory.

Delta Dental does not pay Delta Dental Dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service. If you wish to know more about the method of reimbursement to Delta Dental Dentists, you may call Delta Dental's Customer Service department for more information.

Payment for any Single Procedure that is a Covered Service will only be made upon completion of that procedure. Delta Dental does not make or prorate payments for treatment in progress or incomplete procedures. The date the procedure is completed governs the calculation of any Deductible (and determines when a charge is made against any Maximum) under your plan.

If there is a difference between what your dentist is charging you and what Delta Dental says your portion should be, or if you are not satisfied with the dental work you have received, contact Delta Dental's Customer Service department. We may be able to help you resolve the situation.

Delta Dental may deny payment of a claim for services submitted more than 12 months after the date the services were provided. If a claim is denied due to a Delta Dental Dentist's failure to make a timely submission, you shall not be liable to that dentist for the amount which would have been payable by Delta Dental (unless you failed to advise the dentist of your eligibility at the time of treatment).

The process Delta Dental uses to determine or deny payment for services is distributed to all Delta Dental Dentists. It describes in detail the dental procedures covered as Benefits, the conditions under which coverage is provided, and the limitations and exclusions applicable to the plan. Claims are reviewed for eligibility and are paid according to these processing policies. Those claims which require additional review are evaluated by Delta Dental's dentist consultants. If any claims are not covered, or if limitations or exclusions apply to services you have received from a Delta Dental Dentist, you will be notified by an adjustment notice on the Notice of Payment or Action. You may contact Delta Dental's Customer Service department for more information regarding Delta Dental's processing policies.

Delta Dental uses a method called "first-in/first-out" to begin processing your claims. The date we receive your claim determines the order in which processing begins. For example, if you receive dental services in January and February, but we receive the February claim first, processing begins on the February claim first.

Incomplete or missing data can affect the date the claim is paid. If you or your dentist has not provided Delta Dental with all information necessary to complete claim processing, payment could be delayed until any missing or incomplete data is received by Delta Dental.

The order in which your claims are processed and paid by Delta Dental may also impact your annual Maximum. For example, if a claim with a later date of service is paid and your annual Maximum for the year has been reached then a claim with an earlier date of service in the same calendar year will not be paid.

Maximums can also be affected when the amount paid for services provided by Delta Dental PPO Dentists is higher than the maximum paid for services provided by a dentist who is not a Delta Dental PPO dentist. For example, if the Delta Dental PPO Plan's annual Maximum is \$1,200 and the maximum for services provided by a dentist who is not a Delta Dental PPO dentist is \$1,000 and Delta Dental has paid \$1,000 or more dollars for covered dental services, you do not qualify for any further payments for services provided by a dentist who is not a Delta Dental PPO dentist. But, if any other covered services are provided by a Delta Dental PPO Dentist, you qualify for an additional \$200.

IF YOU HAVE QUESTIONS ABOUT SERVICES FROM A DELTA DENTIST

If you have questions about the services you receive from a Delta Dental Dentist, we recommend that you first discuss the matter with your dentist. If you continue to have concerns, call our Quality Assessment department at 415-972-8300, extension 2700. If appropriate, Delta Dental can arrange for you to be examined by one of our consulting dentists in your area. If the consultant recommends the work be replaced or corrected, Delta Dental will intervene with the original dentist to either have the services replaced or corrected at no additional cost to you or obtain a refund. In the latter case, you are free to choose another dentist to receive your full Benefit.

SECOND OPINIONS

Delta Dental obtains second opinions through Regional Consultant members of its Quality Review Committee who conduct clinical examinations, prepare objective reports of dental conditions, and evaluate treatment that is proposed or has been provided.

Delta Dental will authorize such an examination prior to treatment when necessary to make a Benefits determination in response to a request for a Predetermination of treatment cost by a dentist. Delta Dental will also authorize a second opinion after treatment if an Enrollee has a complaint regarding the quality of care provided. Delta Dental will notify the Enrollee and the treating dentist when a second opinion is necessary and appropriate, and direct the Enrollee to the Regional Consultant selected by Delta Dental to perform the clinical examination. When Delta Dental authorizes a second opinion through a Regional Consultant, we will pay for all charges.

Enrollees may otherwise obtain second opinions about treatment from any dentist they choose, and claims for the examination may be submitted to Delta Dental for payment. Delta Dental will pay such claims in accordance with the Benefits of the plan.

This is only a summary of Delta Dental's policy on second opinions. A copy of Delta Dental's formal policy is available from Delta Dental's Customer Service department upon request.

ORGAN AND TISSUE DONATION

Donating organ and tissue provides many societal benefits. Organ and tissue donation allows recipients of transplants to go on to lead fuller and more meaningful lives. Currently, the need for organ transplants far exceeds availability. If you are interested in organ donation, please speak to your physician. Organ donation begins at the hospital when a person is pronounced brain dead and identified as a potential organ donor. An organ procurement organization will become involved to coordinate the activities.

GRIEVANCE PROCEDURE AND CLAIMS APPEAL

If you have any questions about the services received from a Delta Dental Dentist, we recommend that you first discuss the matter with your Dentist. If you continue to have concerns, you may call or write us. We will provide notifications if any dental services or claims are denied, in whole or part, stating the specific reason or reasons for denial. Any questions of ineligibility should first be handled directly between you and your group. If you have any question or complaint regarding the denial of dental services or claims, the policies, procedures and operations of Delta Dental, or the quality of dental services performed by a Delta Dental Dentist, you may call us toll-free at **866-499-3001**, contact us on our web site at: www.deltadentalins.com or write us at P. O. Box 997330, Sacramento, CA 95899-7330, Attention: Customer Service Department.

If your claim has been denied or modified, you may file a request for review (a grievance) with us within 180 days after receipt of the denial or modification. If in writing, the correspondence must include your group name and number, the Primary Enrollee's name and ID number, the inquirer's telephone number and any additional information that would support the claim for benefits. Your correspondence should also include a copy of the treatment form, Notice of Payment and any other relevant information. Upon request and free of charge, we will provide the Enrollee with copies of any pertinent documents that are relevant to the claim, a copy of any internal rule, guideline, protocol, and/or explanation of the scientific or clinical judgment if relied upon in denying or modifying the claim.

Our review will take into account all information, regardless of whether such information was submitted or considered initially. Certain cases may be referred to one of our regional consultants, to a review committee of the dental society or to the state dental association for evaluation. Our review shall be conducted by a person who is neither the individual who made the original claim denial, nor the subordinate of such individual, and we will not give deference to the initial decision. If the review of a claim denial is based in whole or in part on a lack of medical necessity, experimental treatment, or a clinical judgment in applying the terms of the contract terms, we shall consult with a dentist who has appropriate training and experience. The identity of such dental consultant is available upon request.

We will provide the Enrollee a written acknowledgement within five calendar days of receipt of the request for review. We will make a written decision within 30 calendar days of receipt of the request for review. We will respond, within three calendar days of receipt, to complaints involving severe pain and imminent and serious threat to an Enrollee's health. You may file a complaint with the Department of Managed Health Care after you have completed Delta Dental's grievance procedure or after you have been involved in Delta Dental's grievance procedure for 30 calendar days. You may file a complaint with the Department immediately in an emergency situation, which is one involving severe pain and/or imminent and serious threat to the Enrollee's health.

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against Delta Dental, your health plan, you should first telephone Delta Dental at **866-499-3001** and use Delta Dental's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 calendar days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (**888-HMO-2219**) and a TDD line (**877-688-9891**) for the hearing and speech impaired. The department's Internet Web site (**<http://www.hmohelp.ca.gov>**) has complaint forms, IMR application forms and instructions online.

IMR is generally not applicable to a dental plan, unless that dental plan covers services related to the practice of medicine or offered pursuant to a contract with a health plan providing medical, surgical or hospital services.

If the group health plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), the Enrollee may contact the U.S. Department of Labor, Employee Benefits Security Administration (EBSA) for further review of the claim or if the Enrollee has questions about the rights under ERISA. The Enrollee may also bring a civil action under section 502(a) of ERISA. The address of the U.S. Department of Labor is: U.S. Department of Labor, Employee Benefits Security Administration (EBSA), 200 Constitution Avenue, N.W. Washington, D.C. 20210.

IF YOU HAVE ADDITIONAL COVERAGE

It is to your advantage to let your dentist and Delta Dental know if you have dental coverage in addition to this Delta Dental plan. Most dental carriers cooperate with one another to avoid duplicate payments, but still allow you to make use of both plans - sometimes paying 100% of your dental bill. For example, you might have some fillings that cost \$100. If the primary carrier usually pays 80% for these services, it would pay \$80. The secondary carrier might usually pay 50% for this service. In this case, since payment is not to exceed the entire fee charged, the secondary carrier pays the remaining \$20 only. Since this method pays 100% of the bill, you have no out-of-pocket expense.

Be sure to advise your dentist of all plans under which you have dental coverage and have him or her complete the dual coverage portion of the claim form, so that you will receive all benefits to which you are entitled. For further information, contact the Delta Dental Customer Service department at the number in the USING THIS BOOKLET section.

DUAL COVERAGE BETWEEN INCENTIVE PLANS

Coverage under two plans is called dual coverage. If your spouse is covered under your plan as your Dependent but obtains coverage as an employee under another school or school district's incentive plan as well, the Applicable Percentage for Basic Benefits for the spouse begins at 70%. The percentage paid under the plan covering them as a Dependent does not carry over to the plan covering the spouse as an employee. However, the incentive level of the plan covering the Enrollee as a Dependent remains at the attained level.

OPTIONAL CONTINUATION OF COVERAGE (COBRA)

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in a higher premium or you could be denied coverage entirely.

The federal Consolidated Omnibus Budget Reconciliation Act (or COBRA, pertaining to certain employers having 20 or more employees) require that continued health care coverage be made available to "Qualified Beneficiaries" who lose health care coverage under the group plan as a result of a "Qualifying Event." You may be entitled to continue coverage under this plan, *at your expense*, if certain conditions are met. The period of continued coverage depends on the Qualifying Event.

DEFINITIONS

The meaning of key terms used in this section are shown below and apply to both federal and Cal-COBRA.

Qualified Beneficiary means:

1. You and/or your Dependents who are enrolled in the Delta Dental plan on the day before the Qualifying Event, or
2. A child who is born to or placed for adoption with you during the period of continued coverage provided such child is enrolled within 30 days of birth or placement for adoption.

Qualifying Event means any of the following events which, except for the election of this continued coverage, would result in a loss of coverage under the dental plan:

- Event 1. The termination of employment (other than termination for gross misconduct) or the reduction in work hours, by your employer;
- Event 2. Your death;
- Event 3. Your divorce or legal separation from your spouse;
- Event 4. Your Dependents' loss of dependent status under the plan, and
- Event 5. As to your Dependents only, your entitlement to Medicare.

You means the Primary Enrollee.

PERIODS OF CONTINUED COVERAGE UNDER FEDERAL COBRA

Qualified Beneficiaries may continue coverage for 18 months following the month in which Qualifying Event 1 occurs.

This 18-month period can be extended for a total of 29 months, provided:

1. A determination is made under Title II or Title XVI of the Social Security Act that an individual is disabled on the date of the Qualifying Event or becomes disabled at any time during the first 60 days of continued coverage; and
2. Notice of the determination is given to the employer during the initial 18 months of continued coverage and within 60 days of the date of the determination.

This period of coverage will end on the first day of the month that begins more than 30 days after the date of the final determination that the disabled individual is no longer disabled. You must notify your employer or Delta Dental within 30 days of any such determination.

If, during the 18 months continuation period resulting from Qualifying Event 1, your Dependents, who are Qualified Beneficiaries, experience Qualifying Events 2, 3, 4 or 5, they may choose to extend coverage for up to a total of 36 months (inclusive of the period continued under Qualifying Event 1).

Your Dependents, who are Qualified Beneficiaries, may continue coverage for 36 months following the occurrence of Qualifying Events 2, 3, 4 or 5.

When an employer has filed for bankruptcy under Title II, United States Code, benefits may be substantially reduced or eliminated for retired employees and their Dependents, or the surviving spouse of a deceased retired employee. If this benefit reduction or elimination occurs within one year before or one year after the filing, it is considered a Qualifying Event. If the Primary Enrollee is a retiree, and has lost coverage because of this Qualifying Event, he or she may choose to continue coverage until his or her death. The Primary Enrollee's Dependents who have lost coverage because of this Qualifying Event may choose to continue coverage for up to 36 months following the Primary Enrollee's death.

ELECTION OF CONTINUED COVERAGE

A Qualified Beneficiary will have 60 days from a Qualifying Event to give Delta Dental written notice of the election to continue coverage.

Upon receipt of the written notice, Delta Dental will provide a Qualified Beneficiary with the necessary benefits information, monthly Premium charge, enrollment forms, and instructions to allow election of continued coverage. Failure to provide this written notice of election to Delta Dental within 60 days will result in the loss of the right to continue coverage.

A Qualified Beneficiary has 45 days from the written election of continued coverage to pay the initial Premiums to Delta Dental, which includes the Premiums for each month since the loss of coverage. Failure to pay the required Premiums within the 45 days will result in the loss of the right to continue coverage, any Premiums received after that will be returned to the Qualified Beneficiary.

CONTINUED COVERAGE BENEFITS

The Benefits under the continued coverage will be the same as those provided to active employees and their Dependents who are still enrolled in the dental plan. If the employer changes the coverage for active employees, the continued coverage will change as well. Premiums will be adjusted to reflect the changes made.

TERMINATION OF CONTINUED COVERAGE

A Qualified Beneficiary's coverage will terminate at the end of the month in which any of the following events first occurs:

1. The allowable number of consecutive months of continued coverage is reached;
2. Failure to pay the required Premiums in a timely manner;
3. The employer ceases to provide any group dental plan to its employees;
4. The individual first obtains coverage for dental Benefits, after the date of the election of continued coverage, under another group health plan (as an employee or Dependent) which does not contain or apply any exclusion or limitation with respect to any pre-existing condition of such a person, if that pre-existing condition is covered under this plan; or
5. Entitlement to Medicare.

Once continued coverage ends, it cannot be reinstated.

TERMINATION OF THE EMPLOYER'S DENTAL CONTRACT

If the dental contract between the employer and Delta Dental terminates prior to the time that the continuation coverage would otherwise terminate, the employer shall notify a Qualified Beneficiary either 30 days prior to the termination or when all Enrollees are notified, whichever is later, of the ability to elect continuation of coverage under the employer's subsequent dental plan, if any. The continuation coverage will be provided only for the balance of the period that a Qualified Beneficiary would have remained covered under the Delta Dental plan had such plan with the former employer not terminated. The employer shall notify the successor plan in writing of the Qualified Beneficiaries receiving continuation coverage so they may be notified of how to continue coverage. The continuation coverage will terminate if a Qualified Beneficiary fails to comply with the requirements pertaining to enrollment in, and payment of Premiums to the new group benefit plan.

OPEN ENROLLMENT CHANGE OF COVERAGE

A Qualified Beneficiary may elect to change continuation coverage during any subsequent open enrollment period, if the employer has contracted with another plan to provide coverage to its active employees. The continuation coverage under the other plan will be provided only for the balance of the period that a Qualified Beneficiary would have remained under the Delta Dental plan.
