

PREVENTIVE SERVICES

The following are examples of the types of preventive services available at no charge effective July 1, 2010.

Not all medical plans cover all of these services, and for some plans you must use an in-network provider to receive coverage at no charge. If you have questions about a specific service, call the plan directly.

- **Preventive Physical Exam**
- **Preventive Screenings, including for:**
 - Blood pressure
 - Cervical cancer
 - Cholesterol
 - Colorectal cancer
 - Depression
 - Hearing
 - Hepatitis B
 - Lead
 - Mammography
 - Obesity screening
 - Osteoporosis
 - Sick cell
 - Tobacco use
 - Type 2 diabetes
 - Vision
- **Immunizations, including:**
 - Hepatitis A
 - Hepatitis B
 - Influenza
 - Measles, mumps, rubella
 - Meningococcal
 - Pneumococcal
