The Mission of the Foothill-De Anza Community Colleges Foundation is to raise and invest funds to support the educational excellence of Foothill and De Anza colleges.

## OUT OF CRISIS, OPPORTUNITIES ARISE

Our Foundation board members, Commission members, and other volunteers along with Foundation staff are determined to apply this wise philosophy during these difficult times.

While District leaders, faculty, and staff are hard at work contending with the state funding crisis, our volunteers and staff are keeping donors and community leaders like you informed about your investment in our academic programs and fund development efforts. Enjoy reading about our achievements in this 2002 annual report. A few of the highlights are:

- The Foundation received its largest gift ever — the \$4 million bequest of Dale Schoettler to provide scholarships for physically challenged students.
- The Foundation board founded our new Chancellor's Circle and recruited 58 Charter Members. Thus far, we have raised almost \$100,000 in unrestricted funds, giving the Chancellor and Presidents the additional flexibility to move quickly to respond to opportunities that arise. Nine programs that directly assist students with the greatest needs received funds in this first round.
- The Foothill Commission raised more than \$40,000 at its Summer Gala to benefit Foothill Music Theater and campus programs. The De Anza Commission raised more than \$82,000 at A Night of Magic benefitting the new Science Center.

We thank you, our donor investors, for making a critical difference in our ability to meet the needs of our community for quality education and in transforming this state budget crisis into an opportunity. You enable our students to fulfill a lifetime of dreams.

With gratitude,

Betsy Bechtel, Foundation Board President

## Chancellor's Circle Raises Almost \$100,000 for Colleges' Programs

*"If not for the Chancellor's Circle award, financial support for internships would not have been available this year due to state budget cuts. By covering the cost of internships for our CalWORKS and WORC students, we will be able to offer these students valuable work experience."*

CURT WILLIG, DIRECTOR OCCUPATIONAL TRAINING INSTITUTE

Former Chancellor, Leo Chavez, and Delaine Eastin, former California State Superintendent, (both shown at left) lead the Chancellor's Circle inaugural breakfast last September with an interesting discussion entitled: The Vital Link: Public High Schools and Community Colleges. The Chancellor's Circle distributed \$62,000 last fall and more awards will be distributed this fall.

The Chancellor's Circle awards are a valuable funding source to the district. Annual membership in the Chancellor's Circle is available with a minimum unrestricted gift of \$1,000 or more. Membership benefits include an invitation to the Chancellor's Circle Breakfast hosted by the Chancellor, your name recognized in Foundation materials and invitations to selected cultural, art, and athletic events at Foothill and De Anza.

*"Working with student tutors last year, our faculty were able to assist more students more often, and more fully. That extra help meant more students learning, succeeding, and achieving their goals. Because of this award, we will be able to continue and expand our efforts. We express our sincerest thanks to the members of the Chancellor's Circle for their contributions."*

ELIZABETH ZOLTAN, DEAN OF BUSINESS AND SOCIAL SCIENCES, FOOTHILL COLLEGE.

## Special Thanks to Chancellor's Circle Members

The generous gifts from individuals, corporations, and foundations for **calendar year 2002** provided scholarships, equipment and program support to students and faculty at Foothill and De Anza. Although space limits allow us to list only gifts of \$100 and above, we extend our heartfelt appreciation to all donors. Great care has been taken in the preparation of this list. If errors or omissions are found, please call the Foundation office at 650/949-6230.

"I am really proud of being a De Anza College nursing student. This gift represents an incentive to work harder and to maintain and to improve my knowledge and academic record. Thank you for helping me make my dreams come true."

CHART INDICATING FOOTHILL-DE ANZA FUND BALANCES FISCAL YEARS 1995 - 2002

STATE BUDGET AND HOW YOU CAN HELP

Did you know?

- The major source of community college funding is not through tuition fees but through an allocation from the state of California's general fund and state property taxes.
- Student fee increases for the community college system can only be mandated by the state and return to the state general fund - not to Foothill - De Anza.
- Comprised of 108 colleges, the California Community Colleges system serves more than 2,900,000 students and represents the largest system of higher education in the world.
- The Governor's proposed budget provides additional funds to the University of California and California State University systems – which can increase and retain fees on their own – while proposing severe cuts to community colleges.
- The Governor's proposed budget includes \$1 billion in cuts to 108 California Community Colleges.
- The Foothill-De Anza district faces a \$20.7 million shortfall and additional cuts.
- Fee increases will deny access to as many as 200,000 students in the California Community Colleges system.
- Our Interim Chancellor and both Presidents have been meeting with our legislators and community leaders at the state level to seek support to maintain student access and success.
- Nevertheless, Foothill-De Anza campuses will welcome 40,000 students next year.

What you can do.

- Make a financial commitment to the FHDA Foundation to keep our programs and services strong.
- Tell your legislator how these cuts can effect our community.
- Learn more about the Foothill-De Anza Community College District. Go to [www.deanza.edu](http://www.deanza.edu) or [www.foothill.edu](http://www.foothill.edu) to find out about the wide variety of activities, opportunities and services the colleges provide.
- For more information on the state budget crisis go to [www.ccleague.org](http://www.ccleague.org).

What do you say to our elected officials?

- Community colleges are willing to take cuts but not in disproportion to other entities like UC, CSU and K-12.
- Student fee increases and budget cuts will restrict access for students. Budget cuts hurt those who need us the most. The proposed cuts will deny access to disabled students, the working poor, those seeking retraining from layoff and first-time college students. Students will walk away, discouraged because they can't get into the classes they need.

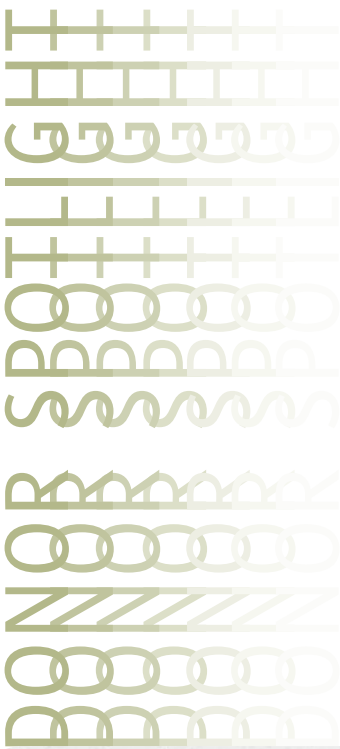

In 1999, the local community overwhelmingly supported a \$248 million bond for the district to repair and renew the colleges' facilities. Since then, we've been busy designing, planning and remodeling. Last November, we broke ground on our first major building project under Measure E, De Anza's new Science Center, slated for completion in spring 2004. Classrooms in the L quad are currently undergoing renovation, with the remainder of A quad buildings to follow.

The renovation of the swimming pool has been completed in time for the spring quarter. The next De Anza buildings to break ground will be the Kirsch Center for Environmental Studies and the Student and Community Services building this fall.

At Foothill, renovation of faculty offices and several classrooms and labs in fine arts,biology/health, computer science, social science and language arts is almost complete. Parking lots 2 and 3 have been enlarged, repaved and given new lighting.

Planning is well underway for the Lower Campus Complex and the new Campus Center. Landscaping around the new Krause Center for Innovation is scheduled to begin in the spring, with renovations to the physical education facilities and stadium to start in the fall.

## EVA GROVE AND THE GROVE FOUNDATION

“The Grove Foundation has been funding scholarships for career oriented students at Foothill and De Anza colleges since 1992. Andy and Eva Grove are strongly committed to support and honor young people who have a specific career goal. The scholarships are meant to enable the students to achieve a career that is both satisfying and financially rewarding.”

In a recent interview, Eva Grove said “Too often our society and our schools focus only on the four-year college education. We believe that this is not the only answer. We believe that for many, it may actually be the wrong answer. Some careers are better achieved by a focused two-year or shorter course of study. And some students cannot afford to stay out of the work force for four and more years. We seek to serve students that fit in one of these groups.”

Eva added, “Foothill and De Anza colleges provide excellent educational programs for students who wish to obtain a marketable skill within one or two years. We like to support high quality educational opportunities that will prepare students for a job directly from community college.”

Since 1992, the foundation has provided more than 70 students with scholarships. Grove Scholars are promising Foothill or De Anza students with focused career objectives. “We appreciate the scope and quality of programs available,” said Eva. Scholarships have been given to students in nursing, automotive repair, computer repair, network administration, dental hygiene, biotechnology and radiology. “Technicians serve a vital role in a productive society,” said Eva. “It is often the technician who is critical to the success of a project. We value what Foothill and De Anza offer to students, making it possible for them to climb career ladders in their chosen profession.”

## Fundraising Event News

# A Night of Magic!

above: Event Co-Chair Lynn Pinto with her husband Joe

above left to right: Math Instructor Barbara Illowsky and Chemistry Instructor David Gray with Event Co-Chair Nicol Lea and Jack Harris

above: College dignitaries at De Anza's Science Center ground-breaking ceremony

Three hundred friends of De Anza spent the evening of October 26th supporting the college by socializing, wine tasting, bidding on auction items, honoring four outstanding scientists; Dr. Arthur Kornberg, Dr. Jane Shaw, Dr. Bill Rutter and Dr. Ken Fong, and listening to Ridge winemaker, Paul Draper. The event raised more than \$80,000 for De Anza's new Science Center. “A Night of Magic” has become a wonderful way to inform the community about the extraordinary teaching and learning opportunities we provide to our students, despite the low level of funding we receive from the state,” said Dr. Martha Kanter, president of De Anza College.

### WHERE DID THE REVENUE GO?

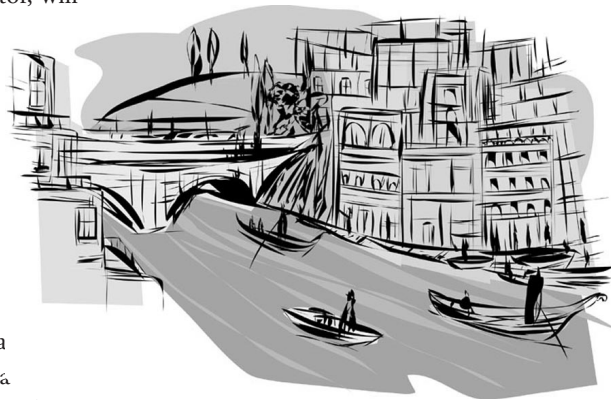

In late November, a ground-breaking ceremony was held on the site of the new building, the first major project to be built under voter supported Measure E. The new Science Center will provide exciting instructional space for the chemistry and biology classes and serve as a gateway for allied health and nursing careers. With faculty offices, classrooms, a 100-seat auditorium, an outdoor classroom and a learning resource center where any De Anza student can self-teach in biology or chemistry, the Center will be a state-of-the-art addition to the campus. The tentative date for occupancy of the building is spring 2004. The new building will have a LEED (Leadership in Energy and Environmental Design) certification because of the attention to detail in energy consumption and the use of recycled materials.

Save the date for the 10th annual

# A Night of Magic!

A Little Bit of Venice on November 15th!

Wine tasting will again be a feature of the evening with twelve California wineries pouring their favorite vintages. Jeff Morgan, Wine Spectator's former West Coast Editor, cookbook, wine maker and wine educator, will speak on the fundamentals of wine tasting. This year, the goal is the raise funds to furnish and equip the new Mathematics, Physical Sciences, and Engineering Center to open in Spring 2005. The Center will be an unparalleled technology-intensive laboratory environment with 120 high-end computers loaded with tutorial, CAD/CAM and other sophisticated software to serve our students' academic needs. “We have such a great community and are so blessed with many talented people who make our dreams for our students come true,” said De Anza missioner Nicol Lea, co-chair for the event. For more information or to reserve your table, please call the Foundation office at 650/949-6231.

SAVE THE DATE!

## Guys & Dolls

### FOOTHILL'S THIRD ANNUAL SUMMER GALA

Building on its past success, the Foothill Commission holds its third annual Summer Benefit Gala on the Foothill Campus, Saturday July 26. The festivities will feature an elegant alfresco dinner around the Library Courtyard fountain, a small live auction, theatre notes and a theatre performance of the Broadway musical favorite “Guys and Dolls”. This wonderful selection of singable tunes, originally produced by Frank Loesser, became the fifth longest-running musical of the Fifties.

“The evening is a real treat!” says event chair Ginny Lear.

Last year the Gala raised \$40,000 for College programs: support of the Foothill Musical Theatre, the Krause Center for Innovation technology-training scholarship program, EOPS/CARE Holiday event and the academic Honors program. This year it will support the Foothill Musical Theatre and several other student programs reduced through budget cutbacks.

Individual tickets: \$150 Angel Sponsor Tables: \$2500.

Any gift over \$75 is tax deductible. For reservations and information please call the FHDA Foundation at: 650.949.6231.

"I am overwhelmed! This scholarship is more than incentive, it is in part why I will be able to continue. In addition to working, I wanted to volunteer as a physical therapy aide to gather extra experience for my future profession. The financial relief provided by this scholarship allows me to do so."

PHYSICAL THERAPY STUDENT, GROVE SCHOLARSHIP RECIPIENT.

YOU CAN SUPPORT OUR STUDENTS IN MORE WAYS THAN YOU THINK.

- ▲ Register your credit cards with escrip.com, shop at your favorite local stores, and we receive a donation of 2-10% of your purchase amount automatically.
- ▲ Shop online through schoolpop.com. Register as a Foothill-De Anza Foundation supporter and each time you make a purchase using schoolpop.com as your portal, we receive a rebate.
- ▲ Donate your vehicle, boat, motorcycle or RV. We handle the paperwork and you get a nice tax deduction.
- ▲ Donate appreciated securities. Your tax benefit is based on the fair market value at transfer. You pay no capital gains taxes on the stock's appreciated value.
- ▲ Establish a scholarship in honor or in memory of a loved one. We welcome your inquiry and will help you tailor the scholarship to address your special wishes.
- ▲ For the someone special who has everything - make a gift in their name. The person you honor will receive notification of your gift.
- ▲ Make a planned gift. Perpetuate your commitment to education by including Foothill-De Anza in your estate plan.
- ▲ And of course, you can also make a cash, check or credit card gift!

## Send Your Car to College!

**Donate Your Gently Used Car, Truck, RV or Boat.**

Eliminate the hassles of selling it yourself.

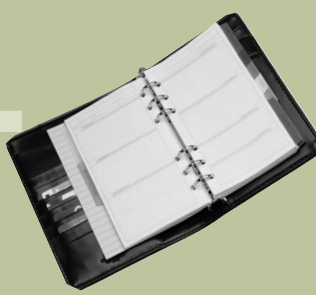

The Foothill-De Anza Community Colleges Foundation arranges pickup & paperwork.

You'll receive a letter of tax deductibility & the great feeling that comes from supporting our students & programs!
